# 2018 Instructions for Form FTB 3725

**Assets Transferred from Corporation to Insurance Company** 

#### **What's New**

Capital Assets - The Tax Cuts and Jobs Act (TĊJA) amended Internal Revenue Code (IRC) Section 1221 excluding a patent, invention, model or design (whether or not patented), and a secret formula or process held by the taxpayer who created the property (and certain other taxpayers) from the definition of a capital asset. California does not conform to this amendment under the TCJA. For California purposes, IRC Section 1221 as it existed on January 1, 2015, applies.

## **General Information**

### A Purpose

Use form FTB 3725, Assets Transferred from Corporation to Insurance Company, to track the assets transferred from a corporation to an insurance company. In addition, use this form to figure capital gains (losses) if the corporation transferred assets to an insurance company.

Revenue and Taxation Code (R&TC) Section 24465 provides that when a corporation transfers appreciated property to an insurance company, the gain is deferred if the property transferred to the insurer is used in the active conduct of a trade or business of the insurer. The gain must be recognized as income if any of the following apply:

- The transferred property is no longer owned by an insurer in the taxpayer's commonly controlled group (or a member of the taxpayer's combined reporting group).
- The property is no longer used in the active conduct of the insurer's trade or business (or the trade or business of another member in the taxpayer's combined reporting group).
- The holder of the property is no longer held by an insurer in the commonly controlled group of the transferor (or a member of the taxpayer's combined reporting group).

For more information, refer to R&TC Section 24465.

For each taxable year that the transferred property's gain is deferred, California law requires an annual statement, form FTB 3725, to be filed with the transferor's original return. Cal. Code Regs., tit. 18 section 24465-3 requires that both the corporation/ transferor and the insurer sign form FTB 3725.

#### **B** Definitions

Appreciated property - Appreciated property means property whose fair market value (FMV), as of the date of the transfer, exceeds its adjusted basis as of that date.

Commonly controlled group - Commonly controlled group exists when stock possessing more than 50% of the voting power is owned, or constructively owned, by a common parent corporation (or chains of corporations connected through the common parent) or by members of the same family, see R&TC Section 25105. Also, a commonly controlled group includes

corporations that are stapled entities, see R&TC Section 25105(b)(3). Special rules are provided in R&TC Section 25105 for partnerships, trusts, and transfers of voting power by proxy, voting trust, written shareholder agreement, etc.
