General Information

Minimum Essential Coverage Individual Mandate –

For taxable years beginning on or after January 1, 2020, California law requires residents and their dependents to obtain and maintain minimum essential coverage (MEC), also referred to as qualifying health care coverage. Individuals who fail to maintain qualifying health care coverage for any month during the taxable year will be subject to a penalty unless they qualify for an exemption. Purpose

This publication provides instructions for filing federal Forms 1094-C, Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Returns, and 1095-C, Employer-Provided Health Insurance Offer and Coverage, with the Franchise Tax Board (FTB) for California purposes.

Employers with 50 or more full-time employees (including full-time equivalent employees) in the previous year use federal Forms 1094-C and 1095-C to report the information required under Internal Revenue Code Sections 6055 and 6056 about offers of health coverage and enrollment in health coverage for their employees.

Federal Form 1094-C must be used to transmit federal Forms 1095-C to the Internal Revenue Service (IRS) and to the FTB. Federal Form 1095-C is used to report information about each employee to the IRS, the FTB, and the employee.

The same federal Forms 1094-C and 1095-C the employer transmits to the IRS can be provided to the FTB under Revenue and Tax Code (R&TC) Section 61005.

Employers that offer employer-sponsored, self-insured coverage also use federal Form 1095-C to report information to the IRS, the FTB, and to employees about individuals who have MEC under the employer plan.

Who Must File

An employer that offers health coverage through a self-insured health plan must report information about each individual enrolled in such coverage. This information must be reported on federal Form 1095-C, Part III, for any employee who is enrolled in coverage (and any spouse or dependent of that employee).

Employers that offer health coverage through an employer-sponsored, self-insured health plan must complete federal Form 1095-C, Parts I, II, and III, for any employee who enrolls in the health coverage, whether or not the employee is a full-time employee for any month of the calendar year.

Employers that offer health coverage through a self-insured health plan are not required to submit federal Form 1095-C for employees who were offered coverage but chose not to enroll.

If an employer is offering health coverage to employees other than under a self-insured plan, such as through an insured health plan or a multiemployer health plan, the issuer of the insurance or the sponsor of the plan providing the coverage and the employer are required to furnish the information about health coverage to any enrolled employees.

Note to Employers: When the insurer files an information return with the FTB reporting health coverage for employees, the employer offering the health coverage is not required to report to the FTB.

Authoritative Transmittal for ALE Members Filing Multiple Federal Forms 1094-C

Federal instructions regarding Authoritative Transmittal are not applicable for California purposes. Information on federal Form 1094-C, line 19, is not required by the FTB.

When to File

You will meet the requirement to file federal Forms 1094-C and 1095-C if the forms are properly addressed and mailed on or before the due date. When the due date falls on a weekend or holiday, the deadline to file is extended to the next business day.

For California purposes, federal Forms 1094-C and 1095-C must be filed by March 31 of the year following the calendar year to which the return relates. Federal Form 1095-C must be provided to the employee and any individual receiving MEC through an employer by January 31 of the year following the calendar year to which the return relates.

Extensions – No penalty will be imposed for federal Forms 1094-C and 1095-C filed with the FTB on or before May 31.

Electronic Filing

If you are required to file 250 or more information returns, you must file electronically. This requirement applies to each type of form filed and separately for original and corrected returns. For example, if you must file 500 federal Forms 1095-B and 75 federal Forms 1095-C, you must file federal Forms 1095-B electronically, but you are not required to file federal Forms 1095-C electronically. The electronic filing requirement is not applicable if you apply for and receive a waiver.

Note: The FTB encourages you to file electronically even if you are filing fewer than 250 returns.

For information about how to file information returns electronically, get FTB File Exchange System - MEC IR Registration and Enrollment Guide, and FTB File Exchange System - 1094 1095 Technical Specifications, or go to ftb.ca.gov/mec.

Waiver – You may annually request a waiver from the required electronic filing of federal Forms 1094-C and 1095-C. The FTB may grant a waiver if it determines that you are unable to comply with this requirement due to technology constraints or where compliance would result in undue financial burden. To request a waiver, contact our MEC FX Portal Help Desk at FTBFXPortal@ftb.ca.gov.

Statements to Individuals

Federal Form 1095-C must be furnished to employees by January 31, 2023, for California purposes.

If you have already furnished federal Form 1095-C to an individual receiving MEC for federal purposes, it is not necessary to provide an additional copy to that individual for California purposes.

Information Reporting Penalties

A provider of MEC that fails to comply with the information reporting requirements will be subject to the general information reporting penalty provisions for failure to file correct information returns. For returns required to be made for 2022 tax year, the penalty for failure to file a correct information return is \$50 per individual included on a return for which the failure occurs.
