

# 2024 Instructions for Form FTB 3510

## Credit for Prior Year Alternative Minimum Tax — Individuals or Fiduciaries

References in these instructions are to the Internal Revenue Code (IRC) as of **January 1, 2015**, and to the California Revenue and Taxation Code (R&TC).

### What's New

**Net Operating Loss Suspension** – For taxable years beginning on or after January 1, 2024, and before January 1, 2027, California has suspended the net operating loss (NOL) carryover deduction. Taxpayers may continue to compute and carryover an NOL during the suspension period. **However**, taxpayers with net business income or modified adjusted gross income of less than \$1,000,000 or with disaster loss carryovers are **not** affected by the NOL suspension rules. For more information, see California Revenue and Taxation Code (R&TC) Section 17276.24, and get form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations – Individuals, Estates, and Trusts.

**Intangible Drilling and Development Costs** – California law does not allow the Internal Revenue Code (IRC) Section 263(c) deduction for intangible drilling and development costs in the case of oil and gas wells paid or incurred on or after January 1, 2024. For more information, see R&TC Section 17260, and get Schedule P (540), Alternative Minimum Tax and Credit Limitations – Residents, Schedule P (540NR), Alternative Minimum Tax and Credit Limitations – Nonresidents or Part-Year Residents, or Schedule P (541), Alternative Minimum Tax and Credit Limitations – Fiduciaries.

**Percentage Depletion** – For taxable years beginning on or after January 1, 2024, California law does not allow the calculation of depletion as a percentage of gross income from the property for specified natural resources, including coal, oil shale, oil and gas wells. **California** R&TC Sections 17681.3 and 17681.6 allowing state nonconformity to federal rules for percentage depletion of certain refiner exclusions as well as the temporary suspension of taxable income limit for marginal production have also been repealed. For more information, see R&TC Section 17681, and get Schedule P (540), Schedule P (540NR) or Schedule P (541).

### General Information

**Tax Computation for Certain Children with Investment Income** – California conforms to the provision of the federal Small Business and Work Opportunity Tax Act of 2007, which increased the age of children to 18 and under or a full-time student under age 24, for elections made by parents reporting their child's interest and dividends.

**Registered Domestic Partner (RDP)** – For purposes of California income tax, references to a spouse, husband, or wife also refer to a California RDP, unless otherwise specified.

### A Purpose

Use form FTB 3510, Credit for Prior Year Alternative Minimum Tax – Individuals or Fiduciaries, to figure your 2024 California credit for prior year alternative minimum tax (AMT) incurred in a taxable year beginning after 1986.

### B Who Must File

To claim the credit for prior year AMT, individuals and fiduciaries must complete form FTB 3510. Individuals and fiduciaries qualify for the credit if one of following applies:

- Had an AMT credit carryover from 2023.
- Paid AMT for 2023, and had 2023 adjustments and tax preference items other than exclusions.

Corporations must use Schedule P (100 or 100W), Alternative Minimum Tax and Credit Limitations – Corporations, Part III to claim the credit for prior year AMT.

### C Exclusions and Deferral Preferences

The 2023 AMT you paid is attributable to two types of adjustments and tax preferences: exclusions and deferral preferences. The amount of AMT attributable to the deferral preferences is available as a credit in 2024.

**Exclusions** are those adjustments and preference items that cause a permanent difference in the amount of tax you pay. The adjustments and preference items include all of the following:

- The standard deduction or itemized deductions.
- Depletion.

**Deferral preferences** are adjustments and tax preference items that cause only a temporary difference in the amount of tax you pay. The deferral preferences are all the other items listed on your 2023 Schedule P (540, 540NR, or 541), Alternative Minimum Tax and Credit Limitations, that are not exclusions.

Use form FTB 3510, Part I, to figure the amount of 2023 AMT that was attributable to only the exclusions.

Use form FTB 3510, Part II, to figure the amount of 2023 AMT that was attributable to the deferral preferences and the amount available as a credit in 2024.

California conformed to the federal repeal of the AMT depletion adjustment for independent oil and gas producers and royalty owners. As a result, for AMT purposes follow the methods prescribed by the federal rules to adjust the depletion amounts deducted from income for purposes of computing the regular tax, for taxable years beginning before January 1, 2024. Your California depletion

costs may continue to differ from the federal amounts because of prior differences in the law and differences in basis.
