

General Information

Use this form to:

- Calculate any payment due for a valid tax year 2024 extension.
- Make estimated payments for tax year 2025 (check the appropriate year on the voucher below).
- Make payments of Qualified Investment Exemption (QIE) recapture when you don't file your income tax return by the due date. Write "Payment of QIE Recapture" at the bottom of the voucher below, and return it with a check.

About payments for extensions. If you can't file your 2024 Idaho tax return by April 15, 2025, you qualify for an

automatic extension to file, if you pay at least one of these:

- 100% of the income tax on your 2023 return (if you filed). You can't use this method if you've never filed in Idaho.
- 80% of the estimated tax due on your 2024 return.

Complete the worksheet below to calculate payment due for the filing extension. You must pay that amount online or postmark it by April 15, 2025. If it's \$50 or less, you don't have to pay it now to get the extension.

There's no extension for paying. We must charge interest on any tax due that you don't pay by April 15, 2025.

If you qualify for the extension, file and pay by October 15, 2025. Penalties can apply. See: tax.idaho.gov/extensions
