General Instructions

Idaho Form ID K-1 provides pass-through entity owners with the information needed to complete their Idaho income tax returns.

Idaho Form ID K-1 contains Idaho-specific information not found on the federal Schedule K-1 including Idaho adjustments, allocation, and apportionment amounts, credits, and recapture amounts.

An entity must provide a copy of this form to each of its owners.

Qualified Investment Partnerships

A qualified investment partnership:

- Is an entity classified as a partnership for federal income tax purposes
- Isn’t publicly traded as a corporation, and
- Has at least 90% of its gross income from investments that Idaho wouldn’t tax if received directly by a nonresident individual

Nonresident individuals who own an interest in a qualified investment partnership are taxed on their share of the entity’s noninvestment income from an Idaho source. Nonresident individuals aren’t taxed on their share of the entity’s investment income. An entity must include supplemental information on Part XII stating that the entity is a qualified investment partnership and that a nonresident isn’t taxed on certain income.
