INSTRUCTIONS FOR SCHEDULE K-47

GENERAL INFORMATION

2024 HB 2465 amended K.S.A. 79-32,202a to provide for an income tax credit for Kansas residents for tax year 2024 and after in an amount equal to 100% of the amount of credit allowed against such taxpayer's federal income tax liability pursuant to section 23 of the federal internal revenue code.

If you adopted a child with special needs or a child in custody of Kansas Department for Children and Families (DCF), an additional \$1,500 is allowed as a credit against your income tax liability. For more information see the Frequently Asked Questions (FAQs) document on our website.

General Adoption Credit. The basic credit for Kansas residents adopting a child (or children) is 100% of the adoption credit allowed against your federal income tax liability on your federal income tax return.

A **child with special needs** as defined by 26 U.S.C. 23(d)(3) (A) means a State has determined that the child cannot or should not be returned to the home of his parents, (B) such State has determined that there exists with respect to the child a specific factor or condition (i.e., ethnic background, age, or membership in a minority or sibling group, or the presence of factors such as medical conditions or physical, mental, or emotional handicaps) because of which it is reasonable to conclude that such child cannot be placed with adoptive parents without providing adoption assistance, and (C) such child is a citizen or resident of the United States [as defined in section 217(h)(3)].

Adopting a Special Needs Child or a Child in Custody of Kansas Department for Children and Families (DCF). For residents adopting a child in one of these situations, a credit of \$1,500 is allowed in addition to those described in the *General Adoption Credit* section. This credit is available even if you have been reimbursed all or part of the qualifying adoption expenses.

Adopting More Than One Child. If you completed federal Form 8839, Qualified Adoption Expenses, for two or more adopted children that qualify for different Kansas adoption credits, then all children must be listed on federal Form 8839 (PARTs I, II, and III) Worksheet and it must contain applicable information for each adopted child. This worksheet is required for Kansas calculation purposes only.

EXAMPLE: A Kansas resident adopts two children, both residents of Kansas prior to adoption. One is a child with special needs. The allowable Kansas credit for each child is 100% of the federal credit allowed against the taxpayer's federal income tax liability.

In addition to the 100% credit available to Kansas residents for adopting a child with special needs, the adoptive parents are entitled to an additional \$1,500 credit. The \$1,500 credit is available to Kansas residents when the adoptive child is either in the custody of DCF or a "child with special needs."

If Kansas residents adopt a child that is either in the custody of DCF or a child with special needs, the credit is 100% of the federal credit allowed and the additional \$1,500 credit. (The definition of a child with special needs requires they be a citizen or resident of the United States.)

Kansas Tax Liability Limit. If your Kansas adoption credit is more than your tax liability for the tax year (after all other credits), you may carry any unused credit amount forward until the credit is used up.

IMPORTANT: You must complete a separate Schedule K-47 for each adopted child.

Complete all requested information at the top of the Schedule K-47. **A separate K-47 is required for each adopted child.**
