guidelines published by the Kansas Department of Revenue concerning the development of substitute or reproduced forms.
The requirements include but are not limited to the following:

- **NO** first submittals of scannable forms will be accepted after **March 5, 2027**.
- **NO** substitute forms should be filed by taxpayers until **January 1, 2027**. Any Tax Year **2026** forms filed prior to January 1, **2027** will not be processed and will need to be refiled on or after January 1, **2027**.
- Companies or individuals who develop substitute tax forms or products must meet the placement and data requirements in accordance with the guidelines “Pub. KS-1648 Specifications and Approval Requirements for Reproducing State Tax Forms” issued by the Kansas Department of Revenue.
- Refrain from selling, releasing, licensing, or distributing tax packages to customers or clients prior to receiving approval for each tax form included in the package. – Due to the large number of “**DRAFT**” forms being filed, not approved or non-submitted forms are **not** to be included in the release of any software package.
- Notify customers or clients of the computer hardware requirements, including printers, printer fonts, font cartridges, specialty fonts, etc., necessary to produce our company’s scannable/substitute tax forms that were approved by the Kansas Department of Revenue.
- Authorize the Kansas Department of Revenue to include the name of our company in various public information materials designed to inform practitioners and the public about software developers who have agreed, complied, or failed to comply with the specifications for reproducing tax forms.
