DRAFT

The ethanol tax credit is a nonrefundable credit applied against individual income tax imposed by KRS 141.020 or the corporation income tax imposed by KRS 141.040 and/or the limited liability entity tax (LLET) imposed by KRS 141.0401. The amount of tax credit claimed against the corporation income tax and LLET can be different.

Purpose of Schedule—The application and credit certification schedule is used to report the number of gallons of ethanol produced in this state meeting the current ASTM standards. The Department of Revenue will certify the amount of ethanol credit for each taxpayer. It is effective for ethanol produced on or after January 1, 2008. The taxpayer is not entitled to the credit for ethanol produced in another state.

The credit rate is \$1 per gallon with a total cap for all taxpayers not to exceed \$5,000,000 annually, except the ethanol tax credit cap will be increased by the unused cap of the cellulosic ethanol tax credit. See Part III Instructions for further explanation. There is no carryforward for any unused credit.

To ensure proper processing, fax or email Schedule ETH to the Department of Revenue no later than January 15 following the close of the preceding calendar year. Credit certification cannot be guaranteed for schedules sent through regular mail. Schedules postmarked or sent after January 15 are void.

The Department of Revenue will confirm receipt of the application. If you do not receive confirmation within two weeks of submitting the application, contact the Division of Corporation Tax at 502-564-8139 or via email at DORTaxCredits@ky.gov.

The Department of Revenue will issue the credit certificate, listing the amount of credit available, by April 15 following the close of the preceding calendar year. Attach the credit certificate to the tax return claiming the credit.

General Instructions—Check the appropriate entity type. If the entity type is not listed, check the "Other" box and list the entity type.

Federal Identification Number—For an individual, enter the Social Security number; for all other entities, enter the FEIN.

Testing—The regulation 103 KAR 15:110 provides that a copy of the laboratory results for July 1 and December 31 of each calendar year must be attached to the application, Schedule ETH, submitted to the Department of Revenue. Failure to provide proof of meeting the ASTM standard on July 1 and December 31 of each calendar year with the application will result in the denial of the credit for gallons of ethanol back to the previous testing date of July 1 or December 31.

Part I—Gallons Produced in Kentucky During the Calendar Year

Line 1—Enter the number of gallons of ethanol produced in this state for the calendar year.

Part II and Part III

These parts are completed by the Department of Revenue to determine the ethanol credit for each taxpayer. Part III is used if the total amount of approved credit for all ethanol producers exceeds the annual ethanol tax credit cap.

Part II—Ethanol Gallons Approved

Line 1—This is the amount of ethanol gallons approved by the Department of Revenue for credit. If the approved credit exceeds the ethanol tax credit cap, then the credit is determined by the department in Part III. It is a nonrefundable credit.

A pass-through entity must include on each Schedule K-1 the partner's, member's, shareholder's, or beneficiary's pro rata share of the approved credit. In addition, a pass-through entity must notify the department electronically of all partners, members, shareholders, or beneficiaries who may claim any amount of the approved credit. Failure to provide information to the department in the following manner will constitute the forfeiture of available credits to all partners, members, shareholders, or beneficiaries in the pass-through entity.

Email address:
DORTaxCredits@ky.gov

The electronic mail must contain a separate attachment in plain format text or plain ASCII format that includes each partner's, member's, shareholder's, or beneficiary's: (a) Name; (b) Address; (c) Telephone number; (d) Identification number; and (e) Distributive share of the tax credit.

Part III—Ethanol Approved Credit Certificate

The Department of Revenue determines the total approved credit. If it exceeds the ethanol tax credit cap of \$5,000,000, the department will compute each taxpayer's approved credit based upon a fraction, the numerator (Line 1(a)) being the credit requested by the taxpayer and the denominator (Line 1(b)) being the total credit requested by all taxpayers. The ethanol tax credit cap is multiplied by this fraction to determine each producer's approved credit.

The annual ethanol tax credit cap of \$5,000,000 will be increased by the unused cap of the cellulosic ethanol tax credit if the total approved applications for the ethanol tax credit exceeds its \$5,000,000 cap. The amount of credit cap transferred to the ethanol tax credit shall not exceed the amount necessary for all applicants to receive the one dollar (\$1) per gallon credit per KRS 141.4242.

Part IV—Ethanol Credit Used by Taxpayer

Line 1—Enter the amount of credit claimed for the taxable year against the LLET on Schedule TCS, Part II, Column E. The credit amount cannot reduce the LLET below the \$175 minimum.

Line 2—Enter the amount of credit claimed for the taxable year against the corporation income tax on Schedule TCS, Part II, Column F.

Line 3—Enter the amount of credit claimed for the taxable year on Form 740, 740-NP, or 741.
