1D Barcode:

The Division uses a 3 of 9 barcode on scannable tax return forms. The format is as follows:

- 1 Digit start code (*)
- 2 Digit year (e.g. 18)
- 3 Digit form number (e.g. 202)
- 1 Digit form version (starting at 0)
- 1 Digit page – starting at 0 (e.g. page 1 should read 0)
- 2 Digit vendor ID (assigned)
- 1 Digit stop code (*)

The barcode must be placed in the upper right-hand corner of the form as indicated on the official form. The barcode shall be 3" x ½" with at least ¼ inch of white space around the barcode.

Registration Marks: Four (4) registration marks are required and must be placed in the same location as they appear on the official form. Each registration mark is solid black with a width of two (2) columns and a height of one (1) row.

Vendor ID:

Vendor ID should only be used in the 1D barcode. (Software companies without a Vendor ID place your company name in the bottom left margin.)

Approval:

Submit 25 documents for testing (five sets of 5 varying data samples). You may select your own test data.
