FIDUCIARY DECLARATION OF ESTIMATED INCOME TAX INSTRUCTIONS

Who must file a declaration You must file a declaration of estimated tax if you are required to file a Maryland fiduciary income tax return and your taxable income would be expected to develop a tax of more than \$500. You must file a declaration with payment in full within 60 days of receiving \$500 or more of income from awards, prizes, lotteries or raffles, whether paid in cash or property if Maryland and local tax has not been withheld.

A personal representative of an estate is not required to remit estimated tax payments for the first two tax years of the estate.

When to file a declaration You must pay at least one-fourth of the total estimated tax on or before April 15, 2023. The remaining quarterly payments are due June 15, 2023, September 15, 2023, and January 15, 2024. You may pay the total estimated tax with your first payment, if you wish. If you are filing on a fiscal year basis, each payment is due on the 15th day of the 4th, 6th, 9th and 13th month following the beginning of the fiscal year.

Overpayment of tax If you overpaid your 2022 income tax (Form 504) you may apply all or part of the overpayment to your 2023 estimated tax. If the overpayment applied equals or exceeds the estimated tax liability for the first quarterly payment, you are not required to file the declaration. If the overpayment applied is less than the estimated tax liability, you should file the declaration and pay the balance of the first installment. Preprinted vouchers will be mailed to you for the remaining payments.

How to estimate your 2023 tax The Estimated Tax Worksheet is designed to develop an estimate of your 2022 Maryland and local income tax. Be as accurate as you can in forecasting your 2023 income. You may use your 2022 income and tax as a guide, but if you will receive more income in 2023, you must pay at least 110% of the tax that was developed for the prior year to avoid interest for underpayment of estimated tax. For the purpose of estimating, rounding all amounts to the nearest dollar is recommended.

Nonresident fiduciaries should use the 2022 Form 504 and Form 504NR to calculate their estimated tax for 2023 or 110% of the tax that was developed for 2022.

The annualized income installment method used for federal estimated tax purposes may be used to compute Maryland estimated tax.

Specific instructions:

- **Line 1.** Total income expected in 2023 is your estimated federal taxable income.
- **Line 2.** Federal exemption amount. Enter the exemption amount you expect to claim on your federal fiduciary income tax return.
- **Line 4.** Net modifications. Fiduciaries are permitted those additions and subtractions allowed individuals. For further information, see the instructions for Form 502 for resident individuals or Form 505 for nonresident individuals. Only the fiduciary's allocable portion should be used.
- **Line 6.** Nonresident beneficiary deduction. If any beneficiaries of the trust are nonresident individuals or corporations not doing business in this state, enter on this line the total income from intangible personal property less allocable expenses which you expect to accumulate (and not distribute) during the tax year for their benefit.
- **Line 8.** Maryland exemption. The Maryland exemption allowed to a personal representative is \$600. A fiduciary other than a personal representative is allowed \$200.
- **Line 10.** Maryland fiduciary income tax. Compute your tax on the amount on line 9 using the following tax rate schedule:

If taxable amount on line 9 is: Maryland Tax is:

\$250	.000		\$12,760,00	nlus	5.75%	of excess over \$250,000

Line 11. Local or special nonresident tax. Maryland counties and Baltimore City levy an income tax on residents which is a percentage of taxable net income. Using the following criteria, determine to which city, county or local taxing jurisdiction the

fiduciary must pay the local income tax.

- 1. A personal representative should use the rate for the jurisdiction in which the decedent was domiciled on the date of death.
- 2. Other fiduciaries should use the rate for the jurisdiction in which the trust was created or is principally administered.

The amount you entered on line 9 is your taxable net income. Multiply that by your local tax rate using the following chart and enter on line 11.

Changes in income Your situation may not require you to file a declaration on April 15, 2023. However, a large increase in income after that date may require you to file a declaration. If at any time during the year you need to amend your original declaration, simply increase or decrease the remaining payments.

Filing a return instead of the fourth payment Instead of making the fourth declaration payment on or before January 15, 2024, you may file your 2023 fiduciary income tax return provided you file on or before January 31, 2024, and pay in full with the return any balance of tax due.

Forms and information Declaration of estimated tax forms for fiduciaries and any additional information may be obtained from **www.marylandtaxes.gov** or any branch office. You may also call 1-800-638-2937 or from Central Maryland 410-260-7980.
