No	ote: MRS may reques	st additional information	on supporting th	e credit claimed before the return can be processed.

INSTRUCTIONS

The AccessAble Home Tax Credit is administered by the Maine State Housing Authority ("MSHA"). Eligible taxpayers whose federal adjusted gross income is not more than \$55,000 may claim a tax credit equal to the applicable percentage (up to 100%) of the qualified expenses incurred for modifications to their residence to make the home accessible to a person with a physical disability or a physical hardship who also lives or will live in the home. Expenses that qualify for the credit are certified by the MSHA.

The credit may be claimed for the tax year during which the taxpayer receives the certificate from the MSHA, except the taxpayer must exclude any expenses for which a credit was claimed in a prior tax year. The credit is limited to \$9,000.

Line 6. The credit may not exceed the tax liability of the taxpayer; however, unused credits may be carried forward for up to four taxable years. Enter on line 6 the amount of the credit reported on the 2020 worksheet, line 7 not used as a result of being limited to the 2020 tax liability.

For more information, program guidelines and application instructions, visit the Maine State Housing Authority website at www.mainehousing.org/programs-services/HomeImprovement/accessablehome, call 1-800-452-4668, or write to: Maine State Housing Authority, ATTN: Department of Energy and Housing Services, 26 Edison Drive, Augusta, Maine 04330.
