## **MICHIGAN e-file Exceptions for Business Taxes**

Issued under authority of Public Act 36 of 2007.

Return is for calendar year 2022 or for tax year beginning:
Name (Print or Type)

1M-DD-YYYY					

MM-DD-YYYY

 and ending:

 Federal Employer Identification Number (FEIN) or TR Number

## You must e-file, not paper file, the attached return unless it meets one or more of the exceptions listed below.

Michigan has an enforced e-file mandate for Michigan Business Tax (MBT) and Corporate Income Tax (CIT). Software developers producing MBT/CIT tax preparation software and computer-generated forms must support e-file for all eligible Michigan forms that are included in their software package. All eligible MBT/CIT returns prepared using tax preparation software or computer-generated forms must be e-filed.

Treasury will be enforcing the e-file mandate for MBT and CIT. The enforcement includes not processing computergenerated paper returns that are eligible to be e-filed. A notice will be mailed to the taxpayer, indicating that the taxpayer's return was not filed in the proper form and content and must be e-filed. Payment received with a paper return will be processed and credited to the taxpayer's account even when the return is not processed.

## **Business Tax e-file Exceptions**

Treasury recognizes that there are conditions which make a return ineligible for e-file. If the attached computer-generated business tax return falls under one or more of these recognized e-file exceptions, the applicable boxes listed below must be checked or the paper filing will not be processed:

- 1. An MBT taxpayer is filing one or more of the following forms:
  - Form 4579, Qualified Affordable Housing Seller's Deduction
  - Form 4597, Tribal Agreement Ownership Schedule
  - Form 4598, Tribal Agreement Apportionment
- 2. Return was prepared by a preparer who has been suspended or denied acceptance to participate in the IRS Fed/State MeF program. (Attach a copy of the IRS notice.)
- 3. Return was prepared by a foreign preparer who does not have an Electronic Filing Identification Number (EFIN).
- 4. Return was prepared by the taxpayer and, because the taxpayer does not have an EFIN and is not using an Online software product, they are unable to e-file.
- 5. Return was prepared by a preparer who has applied but not yet been accepted to participate in the IRS Fed/State MeF program. (Attach a copy of the IRS application notification.)
- 6. Return was rejected by the IRS or Michigan <u>and</u> there is no way to correct and resubmit the return electronically. (Attach a copy of the rejection notice.)
- 7. Taxpayer's federal return contains a form that is not eligible for e-file and the software does not support State Stand Alone e-file. (Enter the ineligible federal form number(s).)
- 8. Taxpayer is amending their MBT return and is using software that does not support amended filings (list the name of the software being used).

This form **<u>must</u>** be completed and attached to the front of all computer-generated business tax returns that are paper filed due to any of the conditions listed above.

The following also are Treasury-recognized exceptions. However, <u>do not attach</u> Form 4833 to a business tax paper return that meets one or more of the following conditions:

- The taxpayer has an organization type of Individual or Fiduciary.
- The taxpayer does not have a Federal Employer Identification Number (FEIN).
- The return is completed by hand (with pen or pencil).
- The return is completed using forms from Treasury's Web site or Michigan tax instruction books.
