### GENERAL INFORMATION

---

This supplemental report is used by the wholesaler to claim credit for prepayments made on retail sales and/or to allow credit for sales of fuel on which prepayments were made and which were delivered to out-of-state locations.

**Wholesalers:** Do not use this form if you are a wholesaler who makes no retail sales, makes no deliveries to out-of-state locations or does not blend fuel.

Effective April 1, 2013, Michigan's prepaid sales tax under MCL 205.56a is expanded to include a broader range of fuel subject to prepay requirements such as diesel. The definitions of gasoline and diesel were further amended by Public Act 264 of 2015. MCL 205.56a(11) defines what constitutes gasoline and diesel. These definitions are not the same as those found in the Motor Fuel Tax Act, MCL 207.1001 *et seq.*
