	Business Income Worksheet		<u> 6</u>	
Compl		Dort 2 is	s for a C Corporation (or a	
	Complete the appropriate parts below, based on the person's organization type. Part 1 is for an Individual or Fiduciary; Part 2 is for a C Corporation (or a person filing federal returns as a C Corporation); and Part 3 is for a Partnership or S Corporation (or a person filing a federal return as a Partnership or an S			
Corpor	Corporation). This worksheet will calculate business income as defined by law in most circumstances. Taxpayers and tax professionals are expected to be			
	r with uncommon situations within their experience, which produce business income not identified by specific lines It on the most appropriate line. Include an attachment explaining that line. The Michigan Department of Treasury i			
this wo	orksheet to account properly for such uncommon situations. Complete and attach this worksheet to your return. Ur	itary Bus	siness Groups (UBG) must	
comple	ete and attach a worksheet for each member.		1

(a) U.S. Forms 1040D and 4797: Report only gains or losses from assets used in a business activity. Do not include personal gains and losses. (b) For the computation of business income for Michigan Business Tax (MBT) purposes, persons who claimed a federal special depreciation deduction under IRC § 168(k) on property first placed in service in 2008 or later must calculate the net bonus depreciation adjustment on those assets as follows: net bonus depreciation adjustment in tax year equals the total federal depreciation claimed in tax year less the total amount of depreciation that would be claimed in the federal return in the tax year if the person had elected not to utilize the bonus depreciation allowance at IRC § 168(k). A person may not elect IRC § 179 expensing of an asset for MBT purposes if it did not elect to use IRC § 179 for that asset federally.	23 24 25 26 27 28 29 30
(c) For the computation of business income for MBT purposes, persons who claimed a federal special depreciation deduction under IRC § 168(k) on property first placed in service in 2008 or later and subsequently disposed of that property in the current tax year must calculate the gain/loss adjustment on the sale of those assets as follows: gain/loss adjustment in tax year equals the total amount of federal depreciation that would be claimed in the federal return over the years (starting the year the asset was placed in service and ending on the current tax year) if the person had elected not to utilize the bonus depreciation allowance at IRC § 168(k) on the property being disposed LESS the total federal depreciation claimed over the years (starting the year asset was placed in service and ending on the current tax year). A person may not elect IRC § 179 expensing of an asset for MBT purposes if it did not elect to use IRC § 179 for that asset federally.	31 32 33 34 35 36
(d) Generally, IRC 199 was repealed effective for tax years beginning after December 31, 2017. Therefore, most taxpayers will leave this line blank. However, the federal deduction can still be taken in limited circumstances or it's possible that promoter of a UBC return includes in this return its tax year beginning before January 1, 2018. In any case, to the extent a deduction was taken in this tax year's federal taxable income, report that deduction here.	37 38 39 40 41 42 43 44 45 50 51 52 53 54 55 56 57 58 59 60 61 62 63 64
