Income Tax Letter of Intent

Tax Year 2025

This form must be completed and submitted to efile@dor.ms.gov by September 1st, 2025

2025 Tax Software Provider Mississippi Department of Revenue

Letter of Intent

Welcome to the Income Tax Letter of Intent (LOI). If your software company intends to submit electronic and/or paper returns to the Mississippi Department of Revenue (MDOR), you will need to complete this form and submit it to efile@dor.ms.gov.

By submitting this Letter of Intent (LOI) to the MDOR, you agree to meet our standards for software provider registration, tax preparation software, and substitute forms. If you do not meet the standards and requirements explained in this LOI or provide an incomplete form, we may deny your application or revoke your approved software provider status and reject all electronic and/or paper returns submitted using your products.

You must complete a separate LOI for each unique product your company offers.

Note: If you are a new Software Provider who has not filed city/state income tax returns with any city or state agencies, you must have passed assurance testing with the IRS. Attach documentation from the IRS demonstrating you have successfully tested with the IRS.

Important dates

The MDOR has important key dates to ensure we are ready for the filing season and taxpayers can file an accurate and timely tax return. Please note the following key dates:

- Complete and submit this LOI by September 1st, 2025.
- Substitute forms approval must be completed by December 15th, 2025.
- Assurance testing (ATS) begins in November 2025.
- Last day we will accept initial e-file tests is December 31st, 2025.
- E-file tests must be completed and approved by January 30th, 2026.

Attach additional sheets if needed.

For Rebranded Products, the MDOR has the following requirements for e-File ATS approval.

- Rebranded Products are not required to complete e-file ATS approval process unless they have a unique State Software ID

E-file mandates or requirements

- Corporation or Pass-Through Entity returns with assets greater than \$250,000 are required to be electronically filed with the state of Mississippi.
- Corporation or Pass-Through Entity returns with 100 or more K-1s are required to be electronically filed with the state of Mississippi.
- Employers that issue 10 or more W-2s, 1099s or other information returns are required to electronically submit those in the required formats to the Department of Revenue through Taxpayer Access Point (TAP). To access TAP and submit returns electronically, visit our website at www.dor.ms.gov.

If you are unable to comply with these mandates, please contact the E-file Coordinator at efile@dor.ms.gov.

Electronic amended returns

MDOR requests you support electronic amended returns for those available through MeF.

Agency requirements

This section identifies agency requirements and expectations of new and existing Software Providers and the software product.

Issue notification and resolution requirements

This section represents the MDOR issue notification and issue resolution standards. If something is discovered with your software that causes issues for tax returns sent to Mississippi, we expect an email sent to efile@dor.ms.gov with the following information:

- Date the issue was discovered
- Description of the issue
- Actual or estimated number of taxpayer records involved
- Specific data elements involved
- Information that has been passed on to the taxpayer about the issue
- Plan for correcting the issue/Estimated date the issue will be corrected

Data breaches, security incidents, or other improper disclosures of taxpayer data that by law require reporting to the Mississippi Attorney General must also be reported to the MDOR.

System security requirements

The MDOR does not prescribe the security requirements for your system. You are responsible for implementing appropriate security measures to protect taxpayers and their information in your system. You must apply security measures to protect taxpayer information in your system when it is on-line, off-line, at rest, and in transit.

Production return submission requirements

All returns generated from this software must be e-filed or printed from the approved software or a subsequent product update.

Product updates

Desktop product users who attempt to file 10 or more business days after a production release must be required to download and apply the product update.

Schemas

Your software must follow the schema requirements. Find MDOR schema requirements on the FTA State Exchange System.

Testing and submissions

All e-file ATS and substitute forms tests submitted during the approval process must be created in, and originate from, the actual software.

Software limitations

List any software limitations to forms or schedules you support.

Software exceptions

Provide any exceptions to forms or schedules you support based on the type of software during ATS. Example, a DIY product does not support the same schedules as a professional product. Failure to provide this information could delay the review of your test returns.

Customer Notices

This section identifies information MDOR is requiring the software providers to communicate with customers.

Disclosure and use of information language expectations

You must include the following consent language with electronic filing software.

For Do-It-Yourself software:

By using a computer system and software to prepare and file my tax return(s) electronically, I consent to the transmission of my return(s) and to the disclosure of all information about my use of the system and software to the Mississippi Department of Revenue.

For Tax Professional software:

By using a computer system and software to prepare and file my client's return(s), I consent to the transmission of my client's return(s) and to the disclosure of all information about my use of the system and software to the Mississippi Department of Revenue.

For Business software:

By using a computer system and software to prepare and file this business tax return(s), I consent to the transmission of the return(s) and to the disclosure of all information about the use of the system and software to the Mississippi Department of Revenue.

Driver's license/ID card expectations for individual income tax

MDOR is providing the following expectations and information:

For e-file returns:

MDOR requires the DL/ID card be included with the tax return but will not reject the e-file return if it's not included.

For printed/paper forms requesting the DL/ID Card information:

MDOR does not require the DL/ID card information on printed/paper forms.

MDOR is providing a statement for the DL/ID Card. All Do It Yourself (DIY) and Tax Professional software packages must include this information in your software. The message is expected to be displayed within the software in a way to maximize the likelihood the message is read.

Statement: *In an effort to combat stolen identity tax fraud and to protect you and your tax refund, Mississippi is requesting your driver's license or state issued identification card information. The return will not be rejected if you do not provide a driver's license or state-issued identification. Providing the information can only help process the return more quickly.*

Refund expectations

MDOR is providing a statement about refund processing. All Do It Yourself (DIY) and Tax Professional software packages must include this information in your software. The message is expected to be displayed within the software in a way to maximize the likelihood the message is read.

Statement: *The Mississippi Department of Revenue has additional procedures and safeguards in our system return processes in order to mitigate potential fraud. These processes will validate income tax returns and credits reported prior to issuing requested refunds. As a result, these additional procedures may cause a delay in refund processing in order to ensure that the right refunds are being paid to the right taxpayers.*

Additional requirements

- All Individual Income returns must be linked to a corresponding Federal return. Business and Fiduciary returns may be unlinked.
- The State Software ID listed in this LOI MUST match the Software ID tag in the XML of each submission you send to the state, both in testing and once the tax season begins. Any submission that does not match a Software ID we have in our database will be rejected.

Acknowledgments and signature

- ☐ I acknowledge all e-File ATS tests submitted during the approval process are created in, and originate from, the actual software.
- ☐ I acknowledge all electronic returns received by Mississippi Department of Revenue generated from this software will be electronically filed from the initially approved product version, or a subsequent product update.
- ☐ I acknowledge all paper returns received by Mississippi Department of Revenue generated from this software will be printed from the approved product version, or a subsequent product update.
- ☐ I acknowledge Mississippi Department of Revenue will be notified of any incorrect and/or missing calculation or e-File data element for any paper or electronic returns submitted to Mississippi Department of Revenue.
- ☐ I acknowledge users/customers of desktop products who attempt to e-File 10 or more business days after a production release will be required to download and apply the product update.

I agree to provide true, accurate, current, and complete information. By signing this agreement, my company agrees to all the requirements listed in this document. The MDOR reserves the right to deny, suspend or terminate my company's ability to submit returns.
