**Concerning:** 2023 Montana Adoption Tax Credit, Form ADPT

The 2023 Montana Adoption Tax Credit, Form ADPT, is a new supplemental form. We have provided the below overview for your preparation in development of these changes.

The ADPT is a supporting form for the Individual Income Tax (Form 2) Adoption Credit claim. This form will be a required supplement when taxpayers claim this credit.

This form is a binary attachment and is not required for testing.

The Adoption Tax Credit was brought forth from House Bill (HB) 225, during Montana 2023 Legislation. This allow taxpayers a credit of \$7,500 for each adoption out of the foster care system and \$5,000 for other adoptions.

Further details will be provided in the ADPT document and Form 2 documentation at a further date.

Thank you,
