

GOVERNOR GREG GIANFORTE
DIRECTOR BRENDAN BEATTY

To: MeF Vendors

Concerning: MTST_TY24_PTE Updates

Reject Code – FormPTE-A10150 and PTE-A10235 have been turned off for tax year 2024.

The two reject codes were tied to total fields on the PTE's Montana Adjustments Worksheet when they should have been tied to a specific total on one of the columns instead to account for certain rare tax situations. We decided the best solution was to turn them off the year opposed to updating them as we are still researching issues related to apportionment of adjustments to income.

Thank you,

Information Governance Unit
