Form CWR Instructions

Purpose of Form

A corporation must use Form CWR to request a waiver of the requirement to electronically file ("e-file") its Montana corporation income tax return (Form CIT) if it is unable to comply with the e-file requirement. For tax periods beginning after December 31, 2022, a corporation with more than \$750,000 in gross receipts during a tax period must e-file its Form CIT. Corporations with \$750,000 or less in gross receipts during a tax period are exempt from this requirement and do not need to file this form. For the purposes of this requirement, "gross receipts" means the total gross revenue of the corporation for the tax period from all sources, without any subtraction for costs or expenses.

To qualify for an e-file waiver for tax periods beginning between January 1, 2023, and December 31, 2024, a corporation must demonstrate that it attempted to e-file but was unsuccessful in doing so or that a hardship would result by filing electronically. The department will allow the filer 10 calendar days from the date of the first transmission to perfect the return for electronic resubmission.

To qualify for an e-file waiver for tax periods beginning after December 31, 2024, a corporation must demonstrate that software for electronic filing is not readily available or that a hardship will result if it is required to e-file.

Instructions

Tax Period

Enter the same tax period that will be used for federal and state tax reporting.

Corporation Name, Address, and FEIN

Enter the corporation's name, mailing address, and federal employer identification number that will be used for federal and state tax reporting.
