Schedule E. Combined Apportionment Factor (Only one apportionment factor is to be calculated for the combined group. The standard apportionment factor formula must be used unless more than 50% of the group's combined income subject to apportionment is generated from a business activity subject to special apportionment. In that case, the formula applicable to that industry is used to apportion the income of the entire group. See Schedule E, Part 2. The apportionment factor must be calculated 4 places to the right of the decimal.)
