

## WHO MUST APPORTION

A business enterprise must apportion its enterprise value tax base if:

- Its business activities are conducted both inside and outside New Hampshire; AND
- The business enterprise is subject to a business privilege tax, net income tax, franchise tax based upon net income, capital stock tax in another state, or is subject to the jurisdiction of another state to impose a net income tax or capital stock tax upon it, whether or not it is actually imposed by the other state.

**COMBINED GROUP FILERS:** The individual nexus members must apportion the separate entity's activities using the Form BET-80-WE.

## CONFIDENTIAL INFORMATION

Tax information disclosed to the New Hampshire Department of Revenue Administration is held in strict confidence by law. The information may be disclosed to the United States Internal Revenue Service, agencies responsible for the administration of taxes in other states in accordance with compacts for the exchange of information, and as otherwise authorized by RSA 21-J:14.

## TAXPAYER IDENTIFICATION

The Commissioner of the Department of Revenue is authorized pursuant to RSA 21-J:27-a to require submission of an SSN, FEIN, or any other identifying number used in filing or preparing federal tax documents. If you do not have any such identifying number, or share one with another taxpayer, then, under Rev 2903.01, you must obtain a Department Identification Number (DIN). If you have a DIN, use it on all New Hampshire filings. To ensure that your filings and payments are applied to the correct account, the sequence of names and taxpayer ID numbers on all filings must be consistent. The failure to provide a taxpayer identification number may result in the rejection of filed documents. Failure to timely file documents complete with a consistent taxpayer identification number may result in the imposition of penalties and interest, the disallowance of claimed exemptions, exclusions, credits, deductions, or an adjustment that may result in increased tax liability.
