

Recent changes to Pass-Through Withholding

Starting with tax year 2023, pass-through withholding is reported on the S-Corp-D, FID-D, or PTE-D, whichever applies to the taxpayer. In tax years before 2023, pass-through withholding was reported on the RPD-41367, *PTW-D Pass-through Entity Withholding Detail Report*, which has been retired.

Due Dates

The Sub-Chapter S Corporate Income and Franchise Tax Return is due on or before the due date of the federal tax return required for the corporation for the taxable year. This is the case whether filing using a calendar year or a fiscal year. Enter the due date of the required federal return for the corporation on the New Mexico S-Corp return.

Privacy Notification and Confidentiality

The New Mexico Taxation and Revenue Department requires each taxpayer to furnish a federal employer identification number (FEIN) for taxpayer identification. The Department protects all information supplied electronically by taxpayers using encryption and firewalls. Taxpayer information on returns is protected in accordance with the confidentiality provisions of the Tax Administration Act, Section 7-1-8 NMSA 1978.

IMPORTANT: If a taxpayer furnishes a truncated FEIN, such as XX-XXX1234, the return is incomplete and the Department sends it back to the taxpayer to refile.

INSTRUCTIONS FOR 2025 NEW MEXICO SUBCHAPTER S CORPORATE INCOME & FRANCHISE TAX RETURN

GENERAL INSTRUCTIONS

Who Must File

Corporations and Limited Liability Companies (LLCs) that elect to be taxed as S corporations for federal income tax purposes must file a New Mexico S Corporate Income and Franchise Tax Return if any of the following is true about the entity. The entity is:

- Registered to do business in New Mexico
- Transacts business in, into, or from New Mexico
- Derives any income from property or employment within New Mexico

Exceptions

The following entities are exempt and not required to file an S-Corp return:

- Insurance companies and reciprocal or interinsurance exchanges that pay a premium tax to New Mexico
- Rural electric cooperatives established under the Rural Electric Cooperative Act, Section 62-15-28 NMSA 1978

Who is Required to Pay Franchise Tax

All S corporations engaging in business in New Mexico and every domestic or foreign corporation having or exercising its corporate franchise in this state, whether actively engaged in business or not, must file a S-Corp return and pay the \$50 franchise tax, even if no income tax is due. This includes the following:

- Disregarded corporations doing business in New Mexico
- Limited liability companies that are required or elect to file as a corporation for federal income tax purposes and exercise its franchise in New Mexico
- Entities with no nexus in New Mexico pursuant to P.L. 86-272 (not immune from paying franchise tax)

Exceptions

The only exceptions are the following:

- Corporations exempt from federal income tax under the Internal Revenue Code (IRC) that have no unrelated business income
- Insurance companies and reciprocal or interinsurance exchanges that pay a premium tax to New Mexico
- Rural electric cooperatives established under the Rural Electric Cooperative Act

Due Dates

The due dates of the S-Corp return for the taxable year conform to the due dates instituted at the federal level. The due date of the federal return is entered on the S-Corp return.

Timely Returns

An S-Corp return and payment are timely if the United States Postal Service (USPS) postmark on the envelope bears a date on or before the due date. If the due date falls on a Saturday, Sunday, or a state or national legal holiday, the return is timely if the postmark bears the date of the next business day. Delivery through a private delivery service is timely if the date recorded or marked by the private delivery service is on or before the due date.

Extension Of Time To File

The Department accepts an extension of time granted by the Internal Revenue Service if a copy of the automatic federal extension accompanies the S-Corp return at the time of filing.

If the entity needs an extension of time to file the New Mexico S-Corp return but has not obtained a federal extension, or if additional time to file the New Mexico return is needed beyond the federal extension date, the entity should request an extension by letter or by filing New Mexico Form RPD-41096, *Extension of Time to File*, on or before the due date of the return.

An extension of time to file your return does not also extend the time to pay tax due. If tax is due, interest continues to accrue.

Which Return to File

In general, the federal return you are required to or elect to file determines the New Mexico income tax return you file see "If you file federal form" on page 6.

Fiscal-Year and Short-Year Filers

Fiscal-year and short-year filers use the S-Corp return for the tax year when the fiscal year or short year begins. For example, if the tax year begins June 30, 2025, use the 2025 S-Corp return, even though the ending date of the tax year is 2026.

When to File Other Returns

If the business does not file a New Mexico S-Corp return, New Mexico may require you to file one of the following returns for New Mexico instead:

- CIT-1, *New Mexico Corporate Income and Franchise Tax Return*
- PTE, *New Mexico Pass-Through Entities Tax Return*
- PIT-1, *New Mexico Personal Income Tax Return*
- FID-1, *New Mexico Fiduciary Income Tax Return*

NOTE: Entities that file a 2025 S-Corp do **not** also file a 2025 PTE.

File Electronically

If an S-Corp has 51 or more payees who receive New Mexico net income, the S-Corp is required to electronically file Form S-Corp through TAP or approved third-party software. If the S-Corp has 51 or more New Mexico payees, and is unable to file electronically because a hardship exists, the S-Corp may request Department approval to file by paper. The S-Corp may request approval by filing Form RPD-41350, *E-File and E-Pay Exception Request Form*. The request must be received by the Department at least 30 days before the taxpayer's electronic report is due.

If the S-Corp has 50 or fewer payees who receive New Mexico taxable net income, the S-Corp may choose to submit the completed return electronically or in paper format.

IMPORTANT: When required to file electronically, a paper filed return will be rejected by the Department.

Requirement for an S-Corp to Report and Pay New Mexico Withholding Tax

S-Corps are subject to withholding tax from allocable net income distributions to their non-resident owners (partners, members, shareholders, beneficiaries) according to the Oil and Gas Proceeds and Pass-Through Entity Withholding Tax Act (Sections 7-3A-1 through 7-3A-10 NMSA 1978). An S-Corp must annually report each owner's share of net income allocable to New Mexico and remit the New Mexico tax withheld for each owner. A Pass-through entity (PTE), such as an S-Corp, that passes taxable income to its owners, must report the New Mexico taxable net income or losses of all resident and non-resident owners on its return, even if no tax is being withheld. An S-Corp remits New Mexico withholding tax for each non-resident owner, unless there exists an exception corresponding to a reason code see "T2. Reason Codes: Withholding Not Required" on page 25. The required annual reporting of distributed net income and withholding is reported on the S-Corp tax return, on Schedule S-Corp-D.

Additionally, S-Corps are required to provide sufficient information to enable the owners to whom they are passing taxable income to comply with the provisions of the Income Tax Act and the Corporate Income and Franchise Tax Act by reporting these amounts on statements sent to the owners. Read more about reporting to owners under Reporting New Mexico Income, Withholding, Entity-Level Tax, and/or Composite Income Tax to Owners, below.

NOTE: Unless it is a PTE that is a personal services business, the S-Corp may enter into an agreement with the owner, using Form RPD-41353, *Owner's or Remittee's Agreement to Pay Withholding On Behalf of a Pass-Through Entity or Remitter*, for the owner to file and pay tax due on the owner's share of allocable net income. If this agreement with the owner is reached, the S-Corp does not withhold and enters "2" in the S-Corp-D box 6, "Reason Code." A personal services business is a business organization that receives payments for the services of a performing artist for purposes of the film production tax credit. A PTE that is a personal services business cannot enter into an agreement with its owners using RPD-41353.

IMPORTANT: An S-Corp that elects to file and pay entity-level tax may have owners for which it is not allowed to pay tax under Section 7-3A-10. Owners that the entity may not file and pay entity-level tax for include owners that are corporations that file New Mexico corporate income tax as part of a unitary group, and owners that are themselves PTEs. Since the S-Corp may not pay entity-level tax these owners, there may be a requirement to pay withholding tax for those non-resident owners under Section 7-3A-3 that will need to pay income tax. In this scenario, the entity filing the S-Corp return may pay by paying withholding tax and entity-level tax on the same return. This could also include composite income tax if there is an owner for which the S-Corp may not pay entity-level tax and the owner elects to have the S-Corp file composite income tax on its behalf. See more on the election to file entity-level tax below.

Election to File and Pay Entity-Level Tax

Under Section 7-3A-10 NMSA 1978, a PTE, such as an S-Corp, that passes taxable income to its owners, may elect on an annual basis to file and pay tax directly for its owners on the S-Corp return. The election is binding on all members of the electing entity. The entity makes the election on the S-Corp return and pays the entity-level tax based on the share of New Mexico distributed net income of the owners for which it is allowed to pay. The S-Corp return will calculate the income on which the entity is paying tax, and determine the amount of the tax. The S-Corp will then report the credit for entity-level tax to the owner on Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*.

It is important to note, however, that, though the election is binding on all members of the S-Corp, under Section 7-3A-10(D) the entity may not be able to pay tax for all its owners. Owners for whom the S-Corp may not pay entity-level tax include owners who are:

- (a) the United States, this state or a political subdivision of either;
- (b) a federally recognized Indian nation, tribe or pueblo located wholly or partially in New Mexico, or any political subdivision thereof;
- (c) an organization that has been granted exemption from the federal income tax by the United States commissioner of internal revenue as an organization described in Section 501(c)(3) of the Internal Revenue Code;
- (d) a corporate partner that would properly include the income in the partner's New Mexico tax return as part of the partner's unitary business income; or
- (e) a pass-through entity that is an owner of the electing pass-through entity.

Since the S-Corp is not paying entity-level tax on behalf of these owners, the owners will not receive a credit for entity-level tax and may be required to pay tax on their individual income tax returns. The S-Corp may also have a requirement to pay pass-through entity withholding tax for any non-resident owners for which it is not permitted to pay entity-level tax.

Composite Income Tax Return Election

Any non-resident owner whose only source of income in New Mexico is from pass-through entities, such as an S-Corp, and for which the PTE is not paying entity-level tax, may, under Section 7-3-14 NMSA 1978, elect to have the PTE file a composite income tax return on their behalf. The PTE, the S-Corp, in this case, will pay tax for this owner at the same rate as it would for withholding. The S-Corp return calculates the tax owed by the S-Corp, and the S-Corp issues a statement, Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*, to report that the tax was paid for the owner.

Reporting New Mexico Income, Withholding, Entity-Level Tax, and/or Composite Income Tax to Owners

An S-Corp that uses a Schedule K-1 or equivalent form to report to its owners their share of the net income must also provide its owners federal Form 1099-Misc, a pro forma 1099-Misc, or Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*, to report to the owners the allocable net income and the New Mexico tax withheld. A Schedule K-1 may not be used by the owners to obtain credit for New Mexico tax withheld. If the owner elects to have the entity file a composite income tax return on their behalf, the S-Corp will provide Form RPD-41359 as support to the owner that the tax has been paid. Only nonresident members may elect to have the S-Corp file a composite income tax return.

Forms 1099-Misc, pro forma 1099-Misc, or Form RPD-41359, must be provided to the owner by February 15th of the year following the year for which the statement is made. The S-Corp is not required to submit these forms to the Department.

Basic Guidelines

- Round up to the next dollar.
- References to federal form line numbers correspond to the most recent federal forms available. If they're incorrect, please use information from the line on the federal form that matches the description of the information requested.
- Use approved, high-quality original state forms and vouchers. The Department only accepts prescribed forms.
- Separately pay tax due and estimated taxes.
- Do not staple or tape the return or any attachments.

Keep copies of the return and all attachments.

After You File Your Return

At any time after filing your return, it may be subject to further review, verification or correction. The State of New Mexico, pursuant to reciprocal information exchange agreements, exchanges information with the Internal Revenue Service, certain other state agencies and taxing authorities in other states.

If your tax return is adjusted or an assessment of additional tax is issued, you will be provided a description of your rights as a taxpayer. Our Publication FYI-406, *Your Rights Under the Tax Laws*, describes in detail how to dispute an adjustment or assessment made by the Department. Publication FYI-406 is available by contacting your local district tax office or online <https://www.tax.newmexico.gov/forms-publications/>.

If You File Federal Form 1120

Every entity having income from activities or sources within New Mexico that is required to file a federal corporation income tax return or equivalent return must file a New Mexico CIT-1 return. These include all corporations organized under the laws of the State of New Mexico and corporations exempt from federal income tax under the Internal Revenue Code which have unrelated business income.

Each owner of the partnership, limited liability corporation, S corporation or similar business association must include his or her share of the pass-through entity income on the New Mexico personal or corporate income tax return.

If You File Federal Form 1120-REIT

A Real Estate Investment Trust (REIT), which does business in New Mexico and files a federal Form 1120-REIT, must file a New Mexico S-Corp return.

If You File Federal Form 1120S

Corporations and Limited Liability Companies (LLCs) electing to be taxed as S corporations for federal income tax purposes must file a *New Mexico S Corporate Income and Franchise Tax Return* (S-Corp) if the entity is registered to do business in the state, transacts business in, into or from the state, or derives any income from property or employment within the state.

If You File Federal Form 1041

Estates and trusts are subject to New Mexico personal income tax. The fiduciary for an estate or trust must file a FID-1 return.

Each beneficiary of an estate or trust must include his or her share of the estate or trust income on the New Mexico

personal or corporate income tax return even if the estate or trust was not required to file FID-1.

If You File Federal Form 1040

If you are a New Mexico resident, you must file a New Mexico return if you meet any of the following conditions:

- You have to file a federal return.
- You want to claim a refund of any New Mexico state income tax withheld from your pay.
- You want to claim any New Mexico rebates or credits.

New Mexico's law says every person who has income from New Mexico sources and who is required to file a federal income tax return must file a personal income tax return in New Mexico. This includes non-residents who have income from wages, rents, royalties, businesses, estates...every New Mexico source. Even foreign nationals and persons who reside in states that do not have income taxes must file here when they have a federal filing requirement and have income from any New Mexico source whatsoever.

A single-owner LLC or similar organization doing business in New Mexico who is required to or elects to file a federal Form 1040 Schedule C instead of a federal corporate income tax return or a federal pass-through entity return, must file a New Mexico PIT-1 return. No franchise tax is due.

A non-resident owner's and remittee's requirement to file a New Mexico personal income tax return is met when the S-Corp or remitter withholds from oil and gas proceeds and/or pass-through entity withholding, and the owner or remittee has no other income from New Mexico sources.

IMPORTANT: Entities that file an S-Corp return **do not** file PTE, New Mexico Pass-Through Entities Tax Return.

Obtaining Forms

All New Mexico Taxation and Revenue Department forms, instructions and publications are available on the Department's website <https://www.tax.newmexico.gov/forms-publications/>.

IMPORTANT: File Returns on Approved State Forms. Always submit 2025 S-Corp Returns on official state forms provided by or approved by the Department. Never submit a return with a form that has been photocopied or photo shopped as it will not be accepted.

Required Attachments to Form S-Corp

Your return can be processed more quickly if you submit all required forms, schedules, and attachments in the following sequence:

- S-Corp, *New Mexico Sub-Chapter S Corporate Income and Franchise Tax Return*
- S-Corp-1, *Income Taxable To Owners*
 - S-Corp-A, *New Mexico Apportionment Factors*
 - S-Corp-B, *Allocated Non-Business Income Taxable To Owners*
 - S-Corp-C, *Allocated And Apportioned Income Taxed To S Corporations*
 - S-Corp-D, *Detail of Owner Withholding, Composite Tax and Entity-level tax*
 - S-Corp-D Supplemental, *Detail of Owner Withhold-*

ing, Composite Tax and Entity-Level Tax

- S-Corp-CR, *New Mexico Tax Credits Schedule* and required attachments.
- Federal Form 1120-S, pages 1 through 5 only *
- Any other required forms and attachments.

*Corporations filing under separate corporate entity or combined filing methods must attach a pro forma federal Form 1120-S, pages 1 through 5.

NOTE: If you include with the S-Corp return a pro forma federal return, write pro forma across the top of the federal return. If you include a copy of a state form as backup for an amended return, write **Do Not Process** across the top of the return.

IMPORTANT: If any required forms or attachments are omitted when required, the New Mexico return is not complete and the Department cannot process it.

Fully completed means a return that complies with all the instructions for the return and contains all attachments required by those instructions.

Other Forms or Attachments You May Have to File

If the S-Corp is not required to electronically file because it has 50 or fewer payees or has obtained an exception for electronically filing from the Department, submit the completed S-Corp return by mail.

If a S-Corp has 51 or more payees who receive New Mexico net income, the S-Corp is required to electronically file their S-Corp return in TAP or by using an approved third party software.

A copy of the **approved federal extension or the approved New Mexico extension** if the return is filed after the original due date of the return. If a copy is omitted, a late-filing penalty will be assessed.

If the corporation has not received a federal extension and needs an extension of time to file its S-Corp return, or if the corporation needs additional time to file the S-Corp return beyond the federal extension date, request an extension from the Department. New Mexico requires the request by letter or by filing RPD-41096, *Extension of Time to File*, on or before the due date of the return.

If the corporation has seasonal or annualized income and wants to reduce penalty and interest on underpayment of estimated tax, complete and file RPD-41287, *2025 Calculation of Penalty and Interest on Underpayment of Estimated Tax*.

To claim any non-refundable or refundable credits, complete and file Schedule S-Corp-CR with any required backup documents. For information about credits, see FYI-106, *Claiming Business-Related Tax Credits for Individuals and Businesses*. To find FYI-106, click <https://www.tax.newmexico.gov/forms-publications/>, then click Publications, and FYIs

All annual returns and withholding statements issued to the entity. Attach a copy of all annual returns and withholding statements showing income and New Mexico income tax withheld, if reporting amounts withheld on lines 14 or 15 of

the S-Corp return. Attach New Mexico Forms RPD-41285, *Annual Statement of Withholding of Oil and Gas Proceeds*, or RPD-41359, *Annual Statement of Pass-Through Entity Withholding*, or federal Form 1099-Misc or equivalent.

IMPORTANT: To receive proper credit for withholding, all annual statements of income and withholding must be is-

sued to the entity filing the New Mexico return. A Schedule K-1 or equivalent is not sufficient evidence of New Mexico income tax withheld.

Federal Forms and Schedules. The Department may require you to furnish a true and correct copy of your federal tax return and attachments.

AMENDED RETURNS

To amend an S-Corp return, follow these steps:

1. Complete the S-Corp return for the year amended. Self-generated schedules or other documents will not be accepted in lieu of a completed and accurate return.
2. Check the "Amended" box **and** indicate the **Type** of amended return. If applicable, provide the **Final Determination Date**.
3. Attach all schedules previously filed with the original return.
4. If additional tax is due, include payment for the full amount and include interest calculated from the date the original return was due and any applicable penalty.

NOTE: Do not attach a copy of the originally filed S-Corp return as backup for the amended return.

For more detailed information related to Amended Returns see instructions for S-Corp boxes **4A** and **4B** on page 11.

Revenue Agent Report Requirements

Report changes resulting from an IRS audit and their Revenue Agent's Report (RAR) **within 180 days** of the date federal adjustments are final. Attach a copy of the RAR including spreadsheets that detail the federal adjustments by company name.

If the New Mexico amended return reports changes as the result of filing an amended federal return, attach copies of the applicable federal forms and schedules. In all other cases, attach an explanation of the changes. If the New Mexico amended return shows changes as the result of a Revenue Agent Report (RAR), the changes must be reported **within 180 days** of the date the federal adjustments are final. Attach a copy of the RAR.

PAYMENTS AND PAYMENT VOUCHERS

Pay Online

Using the Department website, you may pay by electronic check at **no charge**. Your electronic check authorizes the Taxation and Revenue Department to debit your checking account in the amount and on the date you specify. Directions are available on the website. Pay your tax due online using the Department's website at <https://tap.state.nm.us>.

You may also make tax payments using a credit card. A convenience fee is applied for using a credit card. The State of New Mexico uses this fee, calculated on the transaction amount, to pay charges from the credit card companies.

Making Payment By Check or Money Order

Whether submitting payment separately or attached to your return, complete the S-Corp-PV, S-Corp-ES, or S-Corp-EXT and include your check or money order with the payment voucher.

Make your check or money order payable to New Mexico Taxation and Revenue Department. **Do not mail cash.**

Mail the return, payment voucher, payment and required attachments to:

Taxation and Revenue Department
Corporate Income and Franchise Tax Unit
P.O. Box 25127
Santa Fe, New Mexico 87504-5127

When you provide a check as payment, you authorize the Department to use information from your check to make a one-time electronic fund transfer from your account. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day you make your payment.

A check that is not paid by the financial institution on which it is drawn does not constitute payment, and a minimum penalty of \$20 is assessed in addition to other applicable penalties and interest.

Corporations Required to Make Estimated Payments

An S-Corp is required to make estimated payments on that portion of income subject to corporate income tax, if its tax after applicable credits is \$5,000 or more in the current tax year.

When to Make an Extension Payment

Make an extension payment when you receive either a federal automatic extension or a New Mexico extension. An extension payment towards the tax liability avoids accrual of interest.

IMPORTANT: An extension of time to file the S-Corp return does not extend the time to pay. If tax is due, interest continues to accrue. See the next section for details.

What Makes a Payment On Time

Tax payments are timely if the envelope's postmark bears a date on or before the due date. If the due date is on a Saturday or a Sunday, or on a state or national legal holiday, the payment is timely if the postmark bears the date of the next business day. Delivery through a private delivery service is timely if the date recorded or marked by the service is on or before the due date.

Collection of Debts from a Refund

If the entity owes other taxes to the Department, the Department may retain all or part of an overpayment. The Department applies the amount due to the liability and notifies the entity.

If the entity owes amounts due under the Unemployment Compensation Law or the Workers' Compensation Administration Act, the law under the Intercept Act also requires the Department to transfer all or part of an overpayment to those accounts. The Department refunds any amount over the liability and debt.

Payment Vouchers

The Department uses high-speed scanners, a quality form helps ensure accuracy. **Do not photocopy and be sure to cut on the dotted line only.** When printing the voucher from the Internet or a software product, prevent resizing by setting the printer's page scaling function to **none**. If your payment voucher has a scanline (a very long row of numbers) within the bottom 1 and 1/2 inch of the voucher do not write in the area around the scanline.

To avoid misapplication of funds write "2025 S-Corp" and your federal employer identification number on the check or money order.

Calculating a Quarterly Estimated Payment

Use the corporate income tax rates of 5.9% to estimate the income tax liability. To avoid penalty and interest for underpayment of estimated tax, calculate the estimated tax using one of these methods:

- **Method 1.** 80% of the current year's estimated tax liability.
- **Method 2.** 100% of the previous year's tax liability if it was a full 12-month or a 52/53-week year.
- **Method 3.** 110% of the liability for the year immediately preceding the previous tax year if it was a full 12-month tax year or a 52/53-week year and both the following are true:
 - Return for the previous tax year has not been filed
 - Extended due date for filing the previous tax year's return has not occurred by the time the current tax year's first estimated payment is due.
- **Method 4.** 80% of the estimated tax liability for each quarter of the current tax year, calculated period by period (not cumulatively). Use this method if the income is seasonal or varied throughout the year. **NOTE:** Method 4 lets you adjust required payments due for each fiscal quarter based on actual income received.

Payment Requirements for Each Method

When you use methods 1, 2, or 3, you are required to pay estimated tax in four installments, each equal to 25% of the estimated tax. When you use method 4, you are required to pay the full 80% for each quarter.

Instructions for Using Method 4

To use method 4, follow these steps:

1. Complete RPD-41287, *2025 Calculation of Estimated Corporate Income Tax Penalty and Interest on Underpayment*.
2. Submit RPD-41287 with the S-Corp return.

Penalty and Interest Assessments and Methods

The Department assesses estimated penalty and interest on the difference between the underpayment or non-payment of estimated payments and the amount of estimated tax due. The Department automatically computes estimated payments using the lower of methods 1, 2, or 3, only using method 4 when you include RPD-41287, *2025 Calculation of Estimated Corporate Income Tax Penalty and Interest on Underpayment*.

NOTE: For more information about computing penalty and interest, "Interest and Penalties" on page 10.

Tax Act Rule and Estimated Payments

The amount of tax deducted and withheld under the Withholding Tax Act or the Oil and Gas Proceeds and Pass-Through Entity Withholding Tax Act shall be deemed a payment of estimated tax.

An equal amount of withheld tax shall be deemed paid on each due date for the applicable tax year unless the taxpayer establishes the dates on which all amounts were actually withheld, in which case the amounts withheld shall

be deemed payments of estimated tax on the dates on which the amounts were actually withheld.

The taxpayer may apply this rule separately to amounts withheld under the Withholding Tax Act or the Oil and Gas Proceeds and Pass-Through Entity Withholding Tax Act.

S-Corp-EXT

When you make an S-Corp extension payment, complete and include S-Corp-EXT, *New Mexico Sub-Chapter S Corporate Income and Franchise Tax Extension Payment Voucher, with the payment*.

To complete the check or money order, do the following:

INTEREST AND PENALTIES

This section gives you general instructions and information about interest and penalties.

Interest on Taxes Underpaid or Not Paid and Internal Revenue Code (IRC) Rates

Interest accrues on tax, including estimated tax, underpaid or not paid on or before the due date of the S-Corp return, even if you receive an extension of time to file. Interest is a charge for the use of money and by law cannot be waived.

Interest is calculated on a daily basis at the rate established for individual income tax purposes by the IRC. The IRC

rate, which changes quarterly, is announced by the IRS in the last month of the previous quarter. The annual and daily interest rates for each quarter are posted on our website at <https://www.tax.newmexico.gov/individuals/file-your-taxes-overview/penalty-interest-rates/>.

Negligence Penalty for Late Filing or Late Payment

The Department imposes a penalty when a return is not filed or paid timely. The penalty is 2% of the tax due for each month, or partial month, from the date the return was due, not to exceed 20% of tax due. The penalty does not apply if

the entity has an extension of time to file and the tax is paid by the extended due date.

Underpayment Penalty and Interest for Estimated Tax

The penalty is 2% of the tax due for each month, or partial month, from the date the return was due. Interest is calculated on a daily basis at the rate established for individual income tax purposes by the IRC.

When Penalty and Interest Stop Accruing

After the principal tax liability is paid, penalty and interest stop accruing.

Penalty on a Check Not Paid

A check not paid by the financial institution on which it is drawn does not constitute payment. The Department assesses the corporation a minimum penalty of \$20 in addition to other applicable penalties and interest.

A Refund and Possible Interest on the Refund

If the return shows an overpayment and you requested a refund of all or part of the overpayment, please allow at least 12 weeks for processing before contacting the Department. Processing time varies according to when you file the return.

You may be entitled to interest on an overpayment under certain conditions. The interest rate is the same charged for underpayments.

The Department shall pay no interest in any of these situations:

- If the interest is less than \$1.00
- If the refund is approved within 55 days of the date of the claim for refund for current tax year
- If the refund is approved within 120 days of the date of the claim for refund for prior tax years
- If the Department cannot process the S-Corp return due to missing information
- If the interest is for a refund of any credits claimed for the Investment Credit Act, Laboratory Partnership with Small Business Tax Credit Act, Technology Jobs and Research and Development Tax Credit Act, Film Production Tax Credit Act, Affordable Housing Tax Credit Act, Rural Job Tax Credit, or High wage Job Tax Credit.

To process an S-Corp return, the return must be fully completed. This means the return complies with all instructions for the return and contains all attachments required by those instructions. The Department pays any refund interest due when a return is complete.

Note that no withholding is due with respect to any net income on which the entity pays tax directly, i.e. any amount included in line 25. If electing to file entity-level tax (see later), include only the net income of owners whose income is not included in the distributed net income subject to entity-level tax on line 25. If all net income of the owners is included on line 25, leave line 14 blank.

If this S-Corp has had tax withheld from the oil and gas proceeds or the allocable net income received from another PTE, this S-Corp may pass credit for the tax withheld to its owners by issuing each owner a 1099-Misc, a pro forma 1099-Misc or a New Mexico Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*. The election to file entity-level tax is binding on all owners of the pass-through entity whose income is included in the net income subject to entity-level tax. The S-Corp calculates the distributed net income subject to entity-level tax on the lines below and will pay tax directly on this income. All owners whose income is included in distributed net income subject to entity-level tax on line 25 will be allocated a share of the entity-level tax paid and be able to claim a credit for the tax paid on the owner's PIT and CIT return.

Line 22. New Mexico net income from line 13. Enter the amount entered on line 13.

Line 23. New Mexico net capital gains deduction. Enter the amount of net capital gains that may be deducted from net income pursuant to Section 7-2-34 NMSA 1978 for owners who are subject to the Income Tax Act. The PTE may deduct from net income all or part of net capital gains reported and claimed on the federal tax return that is allocated to owners **subject to personal income tax**. For purposes of this deduction, "net capital gains" are defined by Section 1222(11) of the Internal Revenue Code as the excess of net long-term capital gains over short-term capital losses for the tax year.

The PTE may deduct the greater of:

- 100% of the owner's net capital gains, not to exceed \$2,500; **or**
- 40% of up to one million dollars (\$1,000,000) of the owner's net capital gain income from the sale of a business that is allocated or apportioned to New Mexico pursuant to Section 7-2-11 NMSA 1978 for the taxable year for which the deduction is being claimed.

The PTE may claim **only** one-half of the net capital gains deduction allocated to an owner who files a married filing separate return.

Line 24. Distributions not subject to entity-level tax. Income of certain owners is not included in distributed net income, and the entity may not pay tax directly on such income. - (a) the United States, this state or a political subdivision of either;
- (b) a federally recognized Indian nation, tribe or pueblo located wholly or partially in New Mexico, or any political subdivision thereof;

Line 28. Total withholding, composite and entity-level tax. Add line 18 total withholding tax, line 21 total composite income tax, and line 27 total entity-level tax; then enter the result on this line. Also enter this amount on S-Corp, line 9.

INSTRUCTIONS FOR S-CORP-A: NEW MEXICO APPORTIONMENT FACTORS

When to Use Schedule S-Corp-A

If the entity's income is derived from both inside and outside New Mexico, use S-Corp-A to apportion the entity's income from the entity's regular trade or business activities.

All reporting entities, except those with 100% New Mexico activity, must complete Schedule S-Corp-A in its entirety, including reporting entities with:

- Activities in New Mexico that are immune from corporate income tax under P.L. 86-272
- No business activity in New Mexico during the tax year

Apportionable income means income arising from transactions and activities in the regular course of a corporation's trade or business. If the acquisition, management, or disposition of the property constitutes integral parts of the entity's regular trade or business, apportionable income includes income from both tangible and intangible property. It includes investment income related to or used in the entity's overall business operations.

You are required to include on S-Corp-A the following sources of apportionable income:

- Dividend income from the investment of working capital or dividend income from an investment that is functionally connected to the entity's trade or business
- Interest income from the investment of working capital, interest income from capital investments used in the overall business operations, or interest income from an investment that is functionally connected to the entity's trade or business
- Royalty income and fees from patents, copyrights, franchises, trademarks, and licenses developed in the regular course of the entity's trade or business, or royalty income and fees from a product or mineral interest used in the regular course of the entity's trade or business
- Rental or subrental income from property purchased, leased, or used in the regular course of the entity's trade or business
- Gains or losses from the sale of assets used in the regular course of the entity's trade or business, or assets sold that had been treated as business assets in prior years
- If held within the regular course of the entity's trade or business, income from a partnership or non-corporate entity

Construction contractors, railroads, airlines, trucking companies, financial institutions, television and radio broadcasters, and publishers are subject to special apportionment rules. Taxpayers electing the combined or consolidated methods of reporting must apply these apportionment rules to each qualifying entity included on the return.

Consistency in Reporting

Consistency in a entity's reporting is required and includes:

- Classification of income as allocable or apportionable
- Valuation of property and inclusion in the property factor
- Treatment of compensation for the payroll factor
- Exclusion or inclusion of receipts in the sales factor for returns filed in all states

An entity must disclose any change or inconsistency from prior year returns in a statement attached to the return. The statement identifies the amounts and reasons for the changes or inconsistencies.

Petition Procedure Open to Taxpayers

If the procedures for allocation and apportionment required for S-Corp-A and S-Corp-B do not fairly represent the extent of the taxpayer's business activity in New Mexico, the taxpayer may petition to use, or the Secretary of Taxation and Revenue may require taxpayers to use, another method to apportion or allocate all or part of the taxpayer's income.

Completing Schedule S-Corp-A

When you complete S-Corp-A, follow these basic requirements for the property, payroll, and sales factor sections:

- **Percentages.** Calculate each percentage to four decimal places. For example, 22.5431%.
- **Lines 1, 2, and 3.** If you complete column 2, you must complete column 1, **Total Everywhere**.

IMPORTANT: If column 1 is blank or zero(0), the Department apportions 100% of the income to New Mexico.

PROPERTY FACTOR

Lines 1a, 1b, 1c, and 1d. For each line, as applicable, enter amounts in the columns for inventory, real property, personal property, and rented property.

Line 1e. In column 1, enter the total of the column amounts for lines 1a, 1b, 1c, and 1d. In column 2, enter the total of the column amounts for lines 1a, 1b, 1c, and 1d.

Line 1. Property factor. In columns 1 and 2, enter a positive number or, if the result is a negative number, enter zero. Calculate the percentage for this factor as follows:

$$\frac{\text{amount in column 2}}{\text{amount in column 1}} \times 100 = \text{property factor percentage}$$

In other words:

1. Divide the average value of the real and tangible personal property owned or rented and used in New Mexico during the tax year to produce apportionable income by the average value of all real and tangible personal

property owned or rented everywhere and used during the tax year to produce apportionable income.

2. To find the property factor percentage, multiply the result by 100.

Valuation of Property

Property shall be valued according to the following rules:

- Inventory shall be valued according to the valuation method used for federal income tax purposes.
- Value property owned during the tax year shall be valued at its original cost before the allowance for depreciation amount at the time of acquisition by the taxpayer and adjusted by the taxpayer and adjusted by subsequent capital additions, improvements, and partial dispositions.
- Value property rented from others shall be valued at eight times the net annual rental rate. The net annual rate is the annual rent paid less any annual rent received from subrental of the same property. If property owned by others is used by the corporation at no charge or rented by the corporation at a nominal rate, the net annual rental rate is determined on the basis of a reasonable market rental rate for the property.

Determine the average value of property by doing the following:

1. Add the total value of property held by the taxpayer at the beginning of the tax period to the total value of property held at the end of the tax period.
2. Divide the sum by two.

NOTE: If the Department determines a monthly average is necessary to correctly reflect the average value of the taxpayer's property, the Department may require the taxpayer to calculate an average value on a monthly basis.

PAYROLL FACTOR

Line 2a. In columns 1 and 2, enter the total wages, salaries, commissions, and other compensation of employees related to apportionable income.

Line 2. Payroll factor. In columns 1 and 2, enter a positive number or, if the result is a negative number, enter zero. Calculate the percentage for this factor as follows:

$$\frac{\text{amount in column 2}}{\text{amount in column 1}} \times 100 = \text{property factor percentage}$$

In other words:

1. Divide the total amount paid as compensation to employees in New Mexico during the tax year by the total amount paid as compensation to employees everywhere during the tax year.
2. To find the payroll factor percentage, multiply the result by 100.

Compensation means wages, salaries, commissions, and any other form of remuneration paid to employees for personal services. Only amounts paid directly to employees are includable in the payroll factor.

Employees include leased employees where the taxpayer is considered an employer for payroll tax purposes. Employees are not independent contractors to whom the taxpayer issues federal Form 1099.

Include in the payroll factor only compensation attributable to business operations subject to apportionment. Exclude from the payroll factor compensation of an employee whose primary activities relate to the production of non-business income; however, you may include this compensation as a related expense of the allocated activity.

SALES FACTOR

Line 3a. In columns 1 and 2, enter the total amounts of gross receipts.

Line 3. Sales factor. If you have a federal taxable income or loss, in column 1 enter only a positive number. Otherwise, in columns 1 and 2 enter a positive number or, if the result is a negative number, enter zero. Calculate the percentage for this factor as follows:

$$\frac{\text{amount in column 2}}{\text{amount in column 1}} \times 100 = \text{property factor percentage}$$

In other words:

1. Divide the total gross receipts attributable to New Mexico during the tax year, excluding returns, allowances, and allocated income, by the total gross receipts attributable to New Mexico during the tax year, excluding returns, allowances, and allocated income.
2. To find the sales factor percentage, multiply the result by 100.

Gross receipts means all income from transactions and activities in the regular course of business including income from licensing intangible personal property.

What are New Mexico Sales?

Sales of tangible personal property are New Mexico sales if either of the following is true. The property is:

- Delivered or shipped to a purchaser other than the U.S. government within New Mexico regardless of the FOB (free on board) point or other conditions of the sale
- Shipped from an office, store, warehouse, factory, or other place of storage in New Mexico and either of the following is true:
 - The purchaser is the U.S. government.
 - The taxpayer is not taxable in the state of the purchaser.

Sales other than sales of tangible personal property are New Mexico sales if any of the following are true:

- The income-producing activity was performed in New Mexico.
- The income-producing activity was performed both inside and outside New Mexico, but a greater proportion was performed within New Mexico than in any other single state. The proportion shall be determined by the cost of performance in each state.

- The gross receipts were from the rental, lease, licensing, or any other use of either real or tangible personal property during the time the property was in New Mexico.
- The gross receipts were from the performance of personal services in New Mexico.

Line 4. Sum of factor percentages. Add lines 1, 2, and 3 to find the sum of factor percentages and then enter the percentage sum.

Line 4a. Count of factors. Count all the factors you used and enter the total count here.

Line 5. Average New Mexico Percentage. New Mexico uses an evenly weighted three-factor formula. Taxpayers who use the three-factor formula complete lines 4, 4a, and 5 on Schedule S-Corp-A.

IMPORTANT: You are required to provide the average percentage on line 5 to all owners of the entity. Also enter this percentage on S-Corp-1, line 10.

The three-factor formula is for all taxpayers except the following exclusions, described in detail later in this section:

- **Exclusion 1.** Qualifying manufacturers who elect to use the apportionment formula with a single-weighted sales factor.
- **Exclusion 2.** A taxpayer whose principal business activity in New Mexico is a headquarters operation and who elects to use the single-weighted sales factor formula.
- **Exclusion 3.** Taxpayers allowed or required to eliminate one or more factors because the three-factor formula does not fairly represent the extent of their business activity in New Mexico.

Taxpayers who elect to use the manufacturers apportionment formula or who are required to use one of the other exclusions, must follow the instructions described next.

For help electing any exclusion method or if you have any questions, call (505) 827-0825 or toll free (866) 809-2335, or email CIT.TaxReturnHelp@tax.nm.gov.

Exclusion 1 Electing Manufacturers Apportionment Formula

Taxpayers whose principal activity is manufacturing may elect to use the special apportionment formula shown in this section. For tax years beginning on or after January 1, 2014, the election allows taxpayers to apportion their business income to New Mexico using a single weighted calculation by dividing total sales within New Mexico by total everywhere sales.

On or after January 1, 2020, if eighty percent or more of the New Mexico numerators of the property and payroll factors for a filing group, or for a taxpayer that is not a member of a filing group, are employed in manufacturing or operating a computer processing facility, the filing group or the taxpayer may elect to have business income apportioned to this state by multiplying the income by the sales factor for the taxable year

Final 2.0 07/23/2025

The statutory authority for this elective method is Section 7-4-10B NMSA 1978.

Exclusion 2

Electing Headquarters Operation Apportionment Formula

Taxpayers whose principal business activity in New Mexico is a headquarters operation may elect to use a single-weighted sales factor apportionment formula. For tax years beginning on or after January 1, 2014, the election allows taxpayers to apportion the business income to New Mexico using a single weighted calculation by dividing total sales within New Mexico by total everywhere sales.

On or after January 1, 2020, if a filing group, or a taxpayer that is not a member of a filing group, has a headquarters operation in New Mexico, the filing group or the taxpayer may elect to have business income apportioned to this state by multiplying the income by the sales factor for the taxable year.

A factor is considered insignificant if column 1 (the denominator) is less than 3% of net income.

Finishing the Last Entries Under Line 5

S-CORP-D: DETAIL OF OWNER WITHHOLDING, COMPOSITE TAX AND ENTITY-LEVEL TAX DETAIL

Annually, an S-Corp that passes tax to its owner and therefore is subject to withholding tax from the allocable net income of its owners, according to the Oil and Gas Proceeds and Pass-Through Entity Withholding Tax Act (Sections 7-3A-1 through 7-3A-10 NMSA 1978), will file the S-Corp return and use the S-Corp-D Detail of Owner Withholding, Composite Tax and Entity-level tax, to report withholding for each owner, composite income tax for any electing owners, and/or the

amount of entity-level tax paid on behalf of each owner. The S-Corp-D:

- Lists only payees who have New Mexico net allocable income and losses
- Reports each owner's share of net income allocable to New Mexico for withholding tax and reports the owner's share of withholding
- Reports the amount of composite income tax paid for

any electing owners

- If electing to file entity-level tax, reports each owner's share of allocable net income subject to entity-level tax if electing to file entity-level tax

The S-Corp reports all resident and non-resident owners on the S-Corp-D, even when no tax has been withheld. Do not include owners who did not receive New Mexico allocated net income.

To complete the S-Corp-D and S-Corp-D Supplemental, do the following:

1. Determine every S-Corp owner with net allocable income or loss.

Be sure that for owners that are subject to corporate income tax, or owners that are another pass-through entity, the owners allocable share of net income subject to entity-level tax does not reflect this deduction.

6. If the S-Corp has more than 8 owners, print more copies of the S-Corp-D Supplemental directly from the website. **NOTE:** If you use more than 12 additional pages (over 50 owners), you must file electronically.
7. Attach all S-Corp-D Supplemental pages to the first page of the S-Corp-D.

IMPORTANT: Do not use a copy machine to make more pages. Copied forms delay processing your report because high-throughput scanning machines have difficulty reading copied barcodes. It is easier for the machines to read printed barcodes than photocopied barcodes.

NEW MEXICO TAXPAYER BILL OF RIGHTS

Most tax transactions happen without problems. Sometimes, though, troubles arise through misunderstanding, mathematical error, missed deadlines, lost papers, high volume of transactions and many other situations. Changes in the law may make earlier information outdated. Over the years the Legislature and the Department have created ways to handle difficulties according to the provisions of the state tax code. Following are some of your rights as outlined in Sections 7-1-4.1 through 7-1-4.3 NMSA 1978:

- The right to available public information and prompt and courteous tax assistance;
- The right to representation and advice by counsel or other qualified representatives at any time during your interactions with the Department according to provisions of Section 7-1-24 NMSA 1978, or with the Administrative Hearings Office in accordance with the provisions of the Administrative Hearings Office Act;
- The right to have audits, inspections of records and meetings conducted at a reasonable time and place according to Section 7-1-11 NMSA 1978;
- The right to have the Department conduct its audits in a timely and efficient manner and be entitled to the correct calculation of interest as provided in the Tax Administration Act under Section 7-1-67 and 7-1-68 NMSA 1978;
- The right to simple, non-technical information explaining procedures, remedies and rights during audit, protest, appeals and collection proceedings under the Tax Administration Act;
- The right to receive an explanation of audit results and the basis for audits, assessments or denials of refunds that identify tax, interest or penalty due;
- The right to seek review through formal or informal proceedings of findings or unfavorable decisions arising from determinations during audit or protest procedures according to Section 7-1-24 NMSA 1978 and the Administrative Hearings Office Act;
- The right to have your tax information kept confidential unless otherwise specified by law in Sections 7-1-8 through 7-1-8.11 NMSA 1978;
- The right to an abatement of an assessment of taxes incorrectly, erroneously or illegally made (Section 7-1-28 NMSA 1978) and a right to seek a compromise of an asserted tax liability. When the Secretary of Taxation and Revenue in good faith doubts that you owe us what we claim you owe, you also have the right to seek a compromise if one exists in your particular case (Section 7-1-20 NMSA 1978);
- The right to clear information about penalties if a tax assessment is not paid, secured, protested or otherwise provided for according to Section 7-1-16 NMSA 1978. If you become a delinquent taxpayer, upon notice of delinquency you have the right to timely notice of collection actions that require sale or seizure of your property under the Tax Administration Act, and
- The right to apply to pay your tax obligations by installment payment agreements according to the provisions of Section 7-1-21 NMSA 1978.

Confidentiality Provisions:

Statutes protecting the privacy of your taxes are strict and are outlined in Sections 7-1-8 through 7-1-8.11 NMSA 1978. Section 7-1-8.2 NMSA 1978 limits requiring the Department to answer questions about whether a taxpayer is registered to do business in New Mexico or is registered for other tax programs. It does not allow employees to say whether you have filed a return. Employees may discuss your account only with you or your authorized representative. A hearing officer's written ruling on questions of evidence or procedure pursuant to the Administrative Hearings Office Act are in the public domain. The name and identification number of the taxpayer requesting the ruling are not public record. Public record includes the monthly gasoline tax reports of numbers of gallons of gasoline and ethanol-blended fuels received and deducted, and the tax paid by each filer or taxpayer pays. Identities of rack operators, importers, blenders, suppliers or distributors and the number of gallons of gasoline and other fuels are public record. The Department may reveal to the Gaming Control

Board the tax returns of license applicants and their affiliates.

Audit Provisions:

The Department must provide you with written, dated notice that an audit is about to begin on a specific date, and the notice must tell you which tax programs and reporting periods will be covered. We must issue a second notice, which states any outstanding records or books of account requested and not yet received, between 60 and 180 days after the audit begins. If you do not produce the records within 90 days, the Department can issue an assessment of tax on the basis of the information as it stands. If you need additional time, you must submit a specific request in writing. Interest on outstanding liabilities accrues if the Department does not issue an assessment within 180 days of the notice of outstanding records or books, or within 90 days after time has expired under your request for additional time; however, you are entitled to an abatement of interest for the period of time after you have complied with Department requests and the Department has not acted on the audit.

Administrative Hearing Procedures:

A hearing officer may not engage or participate in any way in the enforcement or formulation of general tax policy other than to conduct hearings. You may request the Chief Hearing Officer of the Administrative Hearings Office determine if a hearing officer has engaged or participated in the enforcement or formulation of tax policy and if the hearing officer's activities have affected his or her impartiality. The Chief Hearing Officer may designate another hearing officer for the matter. Hearing officers may not communicate unilaterally about a matter you have protested while that matter is still pending. The chief hearing officer may appoint another hearing officer if that occurs. You may request a written ruling on any contested question of evidence in matters in which you have filed a pending written protest. You also may request that two or more protests on related issues be combined and heard jointly, and the hearing officer shall grant the request unless it creates an unreasonable burden on the Department.

Credit Claims:

The Department has 120 days from the filing date to approve or deny a statutory tax credit. If it does not act, the credit is approved. For more information see Section 7-1-29.2 NMSA 1978.

Refund Offsets:

The Secretary decides whether a refund of tax due you may be offset against your other tax liabilities, and you will receive notice that the refund will be made accordingly. You are entitled to interest until the tax liability is credited with the refund amount. Please see the paragraph above on "Audit Provisions" for interest due to you if the Department does not offset a refund or credit against your other tax liabilities within the prescribed time. The Department may make a direct refund of overpaid taxes to the taxpayer without requiring the taxpayer to file a refund claim. The Department does not have to pay interest on credits or refunds if it applies the amount to a tax interception program, to an estimated payment, or to offset prior liabilities of the taxpayer.

Awarding of Costs and Fees:

If you prevail in an administrative or court proceeding brought by you or against you after July 1, 2003, under the Tax Administration Act, you may be entitled to a judgment or a settlement for reasonable administrative costs connected to the action.

Penalty:

The Department may not assess penalty against you if you fail to pay tax when due because of a mistake of law made in good faith and on reasonable grounds. If the Secretary determines that it is unfair to hold a spouse or former spouse liable for payment of unpaid taxes, the Secretary may decline to take action against the spouse or former spouse of the person who actually owes the tax. In extreme cases of delinquency under Section 7-1-53 NMSA 1978 the Department may enjoin a taxpayer from continuing in business after a hearing and until the delinquency is cleared.
