

## INSTRUCTIONS FOR 2025 PIT-CR NEW MEXICO BUSINESS-RELATED INCOME TAX CREDIT SCHEDULE

### GENERAL INFORMATION

New Mexico tax law offers the business-related income tax credits listed on 2025 PIT-CR, *New Mexico Business-Related Income Tax Credit Schedule*. These credits may be applied against personal income taxes due.

If none of the credit types on Schedule PIT-CR apply to you, do not complete this schedule.

Each credit type is described in these instructions along with how to claim the credit and other applicable information. For example, carryforward time frames are given for the credits that let you carry forward an excess.

The following credits may be partially refunded if the credit exceeds the personal income tax liability due on your return:

- Clean Car Tax Credit
- Clean Car Charging Unit Tax Credit
- Film Production Tax Credit;
- New Film Production Tax Credit;
- New Mexico Film Partner New Film Production Tax Credit;
- Geothermal Ground-Coupled Heat Pump Tax Credit (2024);
- Renewable Energy Production Tax Credit;
- New Solar Market Development Tax Credit;
- 2021 Sustainable Building Tax Credit; and
- Technology Jobs and Research and Development (Additional) Tax Credit.

### About Eligibility and Approval Requirements

Advance approval is required for most business-related income tax credits listed on this schedule. For detailed information about eligibility and approval requirements, and for a complete description of the credit, see the following:

- Publication FYI-106, *Claiming Business-Related Tax Credits for Individuals and Businesses*
- The forms referenced for the credit on the PIT-CR

### Married Couples

Each person in a married couple filing separate returns may claim half the allowable credit allowed on a joint return.

### Forms On Our Website

You can find the forms described in these instructions on the Taxation and Revenue Department website at: <https://www.tax.newmexico.gov/forms-publications/> in the Tax Credits (TC) folder.

### Line Instructions For Completing Schedule PIT-CR

Use Schedule PIT-CR to claim any of the business-related tax credits listed in these instructions that may be taken against New Mexico income tax reported on the PIT-1 return. For a complete description of the credits, see Publication FYI-106, *Claiming Business-Related Tax Credits for Individuals and Businesses*.

The PIT-CR is divided into several sections. The first section lists the business-related tax credits by credit type code. These tax credits are divided into (1) the non-refundable business-related tax credits to be applied against tax due, and (2) the refundable business related-tax credits that may be applied both against tax due and as a credit to be refunded.

The next section is divided into columns A-D:

- the credit type code in column A. You must complete this field;
- the credit approval number, if applicable. It may not be available for all credits, and for some credits the credit approval number is not required. If your business credit does not have a credit approval number as described in the next section, *Tax Credit Types*, leave the credit approval number field blank;
- the amount to be applied to the tax liability on the return; and
- any amount of the credit that may be refunded to you.

If you are claiming multiple credits for the same credit type, list each credit separately. For example: Taxpayer X has received certificates 123456-1 and 123456-2 for two separate angel investment credits. X's return shows a liability of \$80 before applying any tax credits. X wants to use \$50 remaining from available carry forward on certificate 123456-1, and \$30 remaining from certificate 123456-2. A separate entry must be made for each credit. Therefore, on line 1, X enters A02 in the credit type code column, enters 123456-1 in the credit approval number column, and \$50 in the amount claimed column. The fourth column is left blank because the angel investment credit cannot be refunded. On line 2, X enters A02 in the credit type column, enters 123456-2 in the credit approval number column, and \$30 in the amount claimed column.

You must report the first 5 credits on Schedule PIT-CR.

If you are claiming more than 5 credits to be applied to your tax liability or to be refunded, complete and attach the PIT-CR Supplemental. Attach the supplemental to the Schedule PIT-CR to report the additional credits.

To calculate the amount that may be claimed, refer to the claim form or supporting instructions for the credit.

**IMPORTANT:** The total amount you claim on line A, Schedule PIT-CR, may not exceed the sum of the tax due on PIT-1, lines 18 and 19, less any credit for tax paid to another state on PIT-1, line 20.

Enter the sum of column C (Amount Claimed Applied to Tax Due) on line A, Schedule PIT-CR.

Enter the sum of column D (Amount of Credit to Refund) on line B, Schedule PIT-CR.

Transfer the totals to the PIT-1 return as follows:

- Transfer the total credits to be applied to the liability due from **Schedule PIT-CR, line A**, to line 21 of the PIT-1 return.
- Transfer the tax credits to be refunded from **Schedule PIT-CR, line B**, to line 26 of the PIT-1 return.
- Attach the appropriate backup documentation to support the credit taken and attach Schedule PIT-CR and PIT-CR Supplemental (if you had more than 5 credits) to your PIT-1 return.
