13. Add amounts on lines 15 and 16 of the previous colu					
14. For Column A only, enter the amount from line 10c For Columns B, C and D, subtract line 13 from line 12. If zero or less, enter "0".	14				
15. If the amount on line 14 is zero, subtract line 12 from					
line 13. Otherwise, enter "0"					
16. Underpayment. If line 9 is equal to or more than line					
subtract line 14 from 9. Then go to line 11 of next col					
17. Overpayment. If line 14 is equal to or more than line	9,				
subtract line 9 from 14. Then go to line 11 of next colo	umn. 17				
Complete lines 18 and 19 after completion of Part 3					
18. Interest due for each quarter (from Part 3)	18				
19. Total Interest. Add line 18, Columns A, B, C and D	19				

Line 10: You are considered to have paid one-fourth of your withholding on each payment due date unless you can show otherwise. Estimated tax must be entered in the quarter in which it was paid (ie. Column A, payments made by 4/15; Column B, payments made 4/16 through 6/15; Column C, payments made 6/16 through 9/15; and Column D, payments made 9/16 through 1/15 of the following year). Payments made after the due date of the fourth quarter estimate shall not be included on this line as an estimated tax payment, but shall be used in the underpayment worksheet as a prepayment of tax (see instructions for Part 3). Include in the first quarter any overpayment of tax from your previous tax year's return that you elected to apply to this year's estimated tax.

Enter any estimated tax not used in prior quarter.	1/15				
Enter tax payment made after 1/15.					
Enter tax payment made after 1/15.					
Total interest due for fourth quarter.					

Instructions to Part 3

In the first line of each quarter, Part 3, Column C, enter the required payment from Part 2, line 9. Then complete each line across before proceeding to the next line. Column C in each quarter must be brought to zero, unless all payments have already been applied, before proceeding to the next quarter.

Column A- Enter the date the estimated tax payment(s) was actually paid. Estimated tax payments and withholding payments that are paid on or before the quarterly due date are considered timely paid; therefore, the date is preprinted on the form. If the preprinted date falls on a weekend or holiday, adjust the date to the next business day. Any balance due, paid with your tax return, is considered a payment for this purpose and should be listed using the date you filed your return or the original due date, whichever is earlier.

Column B- Enter payments according to the date paid or deemed paid, the earliest date of payment being applied first. Only use the portion of a payment necessary to bring the balance due to zero.

Withholding payments are deemed paid on the quarterly due date(s). Enter on the withholding line tax(es) withheld, on or before the quarterly due date, that have not been applied to a previous quarter.

Enter on the estimated tax line estimated tax payments paid on or before the quarterly due date that have not been applied to a previous quarter.

Enter on the tax payment line(s) any payment made after the quarterly due date. If more lines are needed for tax payments, list each payment separately on an attached schedule using Columns A through E.

Column C- Compute the balance due after each payment. If there are no payments entered on the withholding and estimated tax lines, bring the required payment down to the estimated tax line in Column C and complete Columns D and E.

Column D- Column C balance, for each line, is considered past due until the next payment is made. Compute the number of days past due from the date of this payment until the date of the next payment or the original due date if no payment is made.

Column E- Column C x Number of days in Column D x 20%
