## 1 Introduction

The City of Portland Revenue Division (Division), in conjunction with the Internal Revenue Service (IRS), will begin accepting through Modernized e-Filing (MeF) tax returns for the various tax programs administered by the Division system starting with tax year 2020. Requirements specific to the Division may be found in the Division's Software Developer's Guide and are intended to be supplemental to IRS Publication 4164.

The Division has schema packages for individuals, businesses, and estates and trusts. In order to participate in MeF with the Division, software vendors are required to pass annual testing.

### 1.1 Change Log

Section - Scenario	Description	Change Date

### 1.2 Contact Information

Questions may be directed to the Division using any of the following methods:

By mail: City of Portland - Revenue Division  
Attention: MeF Coordinator

## 2 Testing

### 2.1 Testing Procedures

Upon successful submission of a test scenario, email the following information to [PortlandMeF@portlandoregon.gov](mailto:PortlandMeF@portlandoregon.gov):

- Test Scenario ID Number
- Your test EFIN
- Submission Date
- Submission IDs
- PDF versions of all forms and attachments generated from the software

Submissions must have been accepted for the test scenario to pass and be used for verification. Once a submission has been accepted and the data contained within has been verified, vendors will receive an email response indicating the result of the scenario. If a scenario is passed, testing for that scenario is complete. Any failed scenarios must be resubmitted until they are passed. Only the failed scenarios need to be resubmitted. Authorization to send production submissions will be granted once all

applicable test scenarios have been successfully completed. The Division reserves the right to require a retest of any scenarios at the Division's discretion.

Upon completing all scenarios provided by the Division, vendors may submit additional scenarios for their own testing purposes.

## 2.2 Error Categories

MeF submission validation will be based on the following error categories:

- Duplicate (DUP)
- Incorrect Filing (ICF)
- Invalid Data (IVD)
- Missing Data (MDA)
- Math Error (MTE)
- Missing Documentation (MDO)
- Schema Validation (SVE)

### 2.4.1 Individual Schemas
