Next: Is line 6 more than line 3?

- No.** You do not owe a penalty. **Do not** file Form 2210AL unless box **E** below applies.
- Yes.** You may owe a penalty, but **do not** file Form 2210AL unless one or more boxes in Part II below applies.
 - If box **B, C, or D** applies, you must figure your penalty and file Form 2210AL.
 - If box **A or E** applies, (but not **B, C, or D**) file only page 1 of Form 2210AL. You are **not** required to figure your penalty; the Alabama Department of Revenue will figure it and send you a bill for any unpaid amount. If you want to figure your penalty, you may use Part III or IV as a worksheet and enter your penalty on your tax return, but **file only page 1 of Form 2210AL.**

PART II – Reasons for Filing. Check applicable boxes. If none apply, **do not** file Form 2210AL.

- A** You request a **waiver** of your entire penalty. You must check this box and file page 1 of Form 2210AL, but you are not required to figure your penalty.
- B** You request a **waiver** of part of your penalty. You must figure your penalty and waiver amount and file Form 2210AL.
- C** Your income varied during the year and your penalty is reduced or eliminated when figured using the **annualized income installment method**. You must figure the penalty using Schedule AI and file Form 2210AL.
- D** Your penalty is lower when figured by treating the Alabama income tax withheld from your income as paid on the dates it was actually withheld, instead of in equal amounts on the payment due dates. You must figure your penalty and file Form 2210AL.
- E** You filed or are filing a joint return for either 2019 or 2020, but not for both years, and line 5 above is smaller than line 2 above. You must file page 1 of Form 2210AL, but you are **not** required to figure your penalty (unless box **B, C, or D** applies).

PART III – Short Method

Can you use the short method?

You may use the short method if:

- You made no estimated tax payments (or your only payments were withheld Alabama income tax), **or**
- You paid the same amount of estimated tax on each of the four payment due dates.

Must you use the regular method?

You must use the regular method (Part IV) instead of the short method if:

- You made any estimated tax payments late, **or**
- You checked box **C or D** in Part II.

Note: If any payment was made earlier than the due date, you may use the short method, but using it may cause you to pay a larger penalty than the regular method. If the payment was only a few days early, the difference is likely to be small.
