2021

A Copy of the Federal Form 1065 must be attached to this return.

What's New

Growing Alabama Credit. Act Number 2016-102 and Section 40-18-413 authorize a tax credit to pass-through entities that make cash contributions to economic development organizations (EDO) approved by the Renewal of Alabama Commission. The credit is the amount of the cash contribution made not to exceed the reservation amount as verified by the EDO. The credit cannot exceed 50% of the income tax liability for the current year. This credit is nontransferable and may be carried forward for up to five years

Apportionment Factor Update. Alabama Act 2021-1 amends Section 40-27-1, to change the apportionment factor to a single sales factor. All business income shall be apportioned to this state by multiplying the income by the sales factor. Origin sales shipped from this state in which the purchaser is the United States government, or the taxpayer is not taxable in the state of the purchaser are no longer included in the sales factor.

Electing Pass -Through Entity. Alabama Act 2021-1 allows Alabama S-Corporations and Subchapter K entities (pass-through entities or PTEs) to elect to pay Alabama income tax at the entity level. Entities making this election (Electing PTEs) must notify ALDOR by filing Form PTE-E via My Alabama Taxes at any time during the tax year but no later than the 15th day of the third month following the close of that tax year for which the entity elects to be taxed as an Electing PTE. Entities making this election are required to file Form EPT, in addition to Form 65 or Form 20S, and submit estimated tax payments.

Business entities must apply through My Alabama Taxes (MAT) at www.myalabamataxes.alabama.gov and receive approval before some credits are claimed on Schedule PC. Once logged into MAT, a taxpayer will need to locate the Pass Through Entity Tax as their account type then select "Submit a Credit Claim" and follow a short series of instructions/steps to claim a credit. Any supporting documentation for the credit certificate is required to be attached in MAT. The process of "Submitting a Claim" through MAT must be completed to allow the recipients a credit claim. Taxpayers needing assistance with signing up for a My Alabama Taxes Account or with reserving a tax credit may call (334) 242-1170 Option 6.

**Issues Concerning the Preparation of the
2021 Alabama Partnership Return**

Return and Payment Due Dates. Act Number 2016-412 provides for the due dates of certain state income tax returns to correspond to the due dates of federal income tax returns and provides for payments to be made on the original due date of the return. For tax years beginning on or after January 1, 2016, returns made on the basis of calendar year shall be filed on or before the 15th day of March following the close of the calendar year. Returns made on the basis of fiscal year shall be filed on or before the 15th day of the third month following the close of the fiscal year.

Composite Payment and Return Requirements for Partnerships. Generally, a partnership, or other entity classified as a Subchapter K entity, is required to file a composite return and make composite payments on behalf of its nonresident owners or members if there are one or more nonresident owners or members at any time during the taxable year.

Requests for relief of composite payment requirements will be considered on a case-by-case basis when properly submitted. To request relief, Form PTE-R must be completed and received at least 30 days before the original due date of the composite return. Form PTE-R and instructions for requesting relief are available at www.revenue.alabama.gov.

Qualified Investment Partnerships. §40-18-24.2, *Code of Alabama 1975*, generally defines a Qualified Investment Partnership (QIP). Alabama Form 65 and Schedule K-1 for Alabama Form 65 have been revised to accommodate the QIP income tax return requirements. An Alabama partnership return filed by a QIP must be indicated by completing the QIP indicator on page one of the Form 65 and on each K-1 accompanying the return. Nonresident members of the QIP that receive exempt income from the QIP should receive an Alabama Schedule K-1 with the QIP indicator properly marked and with the total amount of Alabama exempt income reported on Line J.

Schedule PC. The Alabama Department of Revenue requires the use of Schedule PC, Pass Through Credits, when claiming tax credits. The schedule allows the taxpayer to compute the total amount of tax credits allowable. The amounts entered on the Schedule PC will carry over to the Form 65, Schedule K, Line 21. See instructions for Schedule PC for additional information.

Nexus. Act 2015-505 establishes a factor presence nexus standard for nonresident business activity. Substantial nexus in Alabama is established if any of the following thresholds are exceeded during the tax period: \$54,000 of property, \$54,000 of payroll, \$538,000 of sales, or 25% of total property, total payroll or total sales.

Schedule NRC-Exempt. Schedule NRC-Exempt is to be completed by a nonresident member to certify exemption from AL Code §40-18-24.2. This form should be attached to the Form 65 and Form PTE-C each year. Failure to attach form NRC-Exempt to the return shall cause the pass through entity to remit payment due as originally required.

The following members may be exempt from the composite payment requirement by filing Form NRC-Exempt:

1. Real Estate Investment Trusts that are not captive REITS as defined by Ala. Code Section 40-18-1(5) and that has no Alabama sourced income as a result of the dividends paid deduction.
2. Exempt organizations whose share of taxable income sourced to Alabama does not result in unrelated business taxable income.
3. Insurance companies that are subject to the Alabama premiums tax and are exempt from income tax as outlined in Ala. Code Section 40-18-32(5).
4. Pre-Approved Tiered Structures that wish to exempt a tier from withholding requirements for a direct owner in which the indirect owner agrees to be subject to the personal jurisdiction in this state for all income tax purposes together with related interest and penalties.

To request approval the pass through entity must submit a Form NRC-Exempt executed by the indirect owner along with Form PTE-R and Form NRA-R, completed by the direct owner, 30 days before the original due date (without extension) and documentation adequate to show the portion of the pass through entity's income flowing through to the indirect owner.

A copy of the written approval must be attached each year to the pass through entity's return.

5. Nonresidents whose only Alabama sourced income is derived from a capital credit project and the nonresident's capital credit is expected to fully offset any potential tax liability pursuant to Ala. Admin. Code Section 810-2-7-.04(4)(f).
6. A C-Corporation that has been in a loss position for the three most recent tax years and expects to be in a loss position for the current year.
