Instructions are for lines not fully explained on the form.

An S corporation must provide each shareholder with an Idaho Form ID K-1. This form shows the shareholder's proportionate share of Idaho additions, subtractions, and credit information. For shareholders who aren't individuals, the Form ID K-1 also provides apportionment factor information that's needed to complete their Idaho income tax return. Form ID K-1 also identifies the proportionate share of gross income to help determine Idaho filing requirements of individual shareholders.

Include all Form ID K-1s and a complete copy of federal Form 1120S, including all federal Schedule K-1s, with the Idaho Form 41S.

**Credits**

Except for the Tax Reimbursement Incentive credit and the investment tax credit earned by an S corporation while a former C corporation, credits earned by the S corporation pass through to each shareholder based on that shareholder's proportionate share of S corporation income or loss. When an S corporation has a fiscal year-end other than that of the shareholder, the credit passes through in the same period that the shareholder reports the S corporation income or loss for federal tax purposes.

The S corporation must provide each shareholder with an Idaho Form ID K-1. This form shows the shareholder's proportionate share of credits earned,

credits subject to recapture, and contribution information needed to calculate certain credits. Each shareholder uses this information to determine the amount of Idaho credit allowed, recapture required, and credit carryovers to report on the shareholder's Idaho income tax return. Credits reported by each shareholder are subject to the limitations applicable to that shareholder. Include copies of Form ID K-1 with this return for the year when the credit is earned.

If an individual shareholder's portion of the income is taxed on the S corporation's return, the tax can be offset by that shareholder's proportionate share of credits. Credits applied to this tax are computed based on the credit limitations applicable to corporations. For example, if an S corporation pays the tax for three individual shareholders, the amount of credit for contributions to educational institutions is the lesser of the following amounts:

- 50% of the three shareholders' share of the amount donated
- 10% of the tax computed for the three shareholders, or
- \$5,000

Credits allowed to a shareholder that aren't used to offset that shareholder's tax can't be used to offset the tax computed for other shareholders. The broadband equipment investment credit can be transferred to another taxpayer rather than used by the taxpayer who earns the credit.

To claim a credit you acquired through a transfer, include a copy of the Form 70, *Idaho Statement of Credit Transfer*, with each return you're claiming a transferred credit on.

**Line 45 Credit for Contributions to Idaho Educational Entities**

Donations made by an S corporation to a qualified educational entity can qualify for a tax credit. Donations of goods or services don't qualify.

If the S corporation pays the tax for one or more nonresident individual shareholders, determine each shareholder's proportionate share of the following amounts and enter the total of these amounts on this line.

The credit is limited to the smallest of:

- One-half of the amount donated
- 10% of the tax on line 44, or
- \$5,000

Don't enter the total credit earned by the S corporation if the S corporation isn't paying the tax for all shareholders.

- 10% of the tax on line 44
- \$500, or
- The tax on line 44 minus the amounts on line 45 and Form 44, Part I, line 1

Don't enter the total credit earned by the S corporation if the S corporation isn't paying the tax for all shareholders. Include Form 44.

**Other Taxes****Line 50 Minimum Tax**

The minimum tax of \$20 is required for each corporation:

- That transacts business in Idaho
- Is registered with the Idaho Secretary of State to do business in Idaho, or
- Is exercising its corporate franchise in Idaho

This includes an S corporation. For a unitary group of corporations, the \$20 minimum tax is required for each corporation in the unitary group that's required to file an Idaho income tax return, even though only one Idaho group return is filed.

The \$20 minimum tax isn't required to be paid by a:

- Nonproductive mining corporation
- Corporation not organized for profit that isn't required to pay federal tax on unrelated business income
- Homeowners' association filing Form 1120-H and having no federal taxable income
- Corporation under the protection of Public Law 86-272

If the S corporation owes federal tax on excess net passive income or net recognized built-in gains, compute the Idaho tax using the following instructions:

- Compute the Idaho tax on excess net passive income by multiplying 6.5% by the lesser of Idaho apportioned excess net passive income or Idaho apportioned taxable income. See federal Form 1120S instructions. Include a copy of the computations.
- Compute the Idaho tax on net recognized built-in gains by multiplying 6.5% by the Idaho apportioned net recognized built-in gain. See federal Form 1120S, Schedule D instructions. Include a copy of the computations.
- If the corporation was previously a C corporation with credit carryover, the credit can be used to offset all or part of the tax.

If the total tax computed is more than \$20, draw a line through the 20 printed on the form. Enter on this line the total Idaho tax on excess net passive income and net recognized built-in gains minus applicable income tax credit carryovers. Credit limitations apply. The total tax before credits can't be less than \$20.

  - Homeowners' associations

- Inactive or nameholder corporations, and
- Nonproductive mining corporations registered with the Idaho Secretary of State to do business in Idaho
- Each corporation in the unitary group that's required to file an Idaho income tax return
- An S corporation required to pay tax on excess net passive income or net recognized built-in gains. An S corporation must pay for each individual included in the composite return.

A corporation under the protection of Public Law 86-272 isn't required to pay the PBF tax.

**Line 52 Total Tax From Recapture of Income Tax Credits**

If the S corporation is paying the tax for one or more nonresident individual shareholders, include on this line those shareholders' proportionate share of the total tax from recapture of income tax credits from Form 44, Part II, line 6. Include Form 44.

**Line 53 Fuels Tax Due**

If you buy gasoline, aircraft fuel or special fuels (diesel, propane, or natural gas) without paying the fuels tax and later use this fuel in licensed vehicles or aircraft, you owe fuels tax. Add the amounts on Form 75, Section IV, lines 3 and 4 and enter the total here. Include Form 75.

**Line 54 Sales/Use Tax Due**

If you purchased an item from an out-of-state seller (including internet, catalog, radio, and TV purchases) and the seller didn't collect sales tax on that purchase, you must pay the use tax directly to the Tax Commission. Multiply the total amount of those purchases by 6% (.06).

If you computed use tax on Form 75, add it to the use tax on other purchases and enter the total here.

If you have an Idaho sales or use tax account, don't enter your sales or use tax on this line, but continue to report the tax on these purchases on your sales and use tax returns.

**Line 55 Tax From Recapture of Qualified Investment Exemption (QIE)**

You're also authorizing the paid preparer to:

- Give the Tax Commission any information that's missing from your return, and
- Call the Tax Commission for information about the processing of your return or the status of your refund or payments

You're not authorizing the paid preparer to receive any refund check, bind you to anything including any additional tax liability or otherwise represent you before the Tax Commission.
