

Sales & Use Tax Jurisdiction Codes

The combined sales tax rates listed in this booklet are effective January 1, 2023.

This publication is useful for those sales and use tax filers reporting Kansas tax for more than one local taxing jurisdiction. The Kansas retailers' sales tax and use tax rate is a combination of the state rate plus any local tax percentage levied by a county or a city. Effective 1-1-23 there are two tax rates for the same jurisdiction, one for sales of items other than food items and one for qualifying food items. To see what foods qualify for the reduction of state rate, click on the link: <https://www.ksrevenue.gov/taxnotices/notice22-15.pdf>

By law, individuals and businesses are required to file their sales and compensating use taxes electronically. Kansas offers several electronic file and pay solutions, so visit our website at [ksrevenue.gov](https://www.ksrevenue.gov) for more information.

The jurisdiction codes contained in this publication will also be used when completing the VR-36 Vehicle Rental Excise Tax Return. The tax rates contained in this document are ONLY used for Sales and Use tax returns.
