

The following notes may be helpful for your 2022 development efforts.

- Updated 1D barcodes
- **Forms 740 & 740-NP:** updated standard deduction and inserted three refundable credits known as film industry tax credit, development area tax credit, decontamination tax credit
- **Form 2210-K:** Added annualized income installment method box if using annualized income method
- **Form 2441-K:** Under review, draft not released
- **Schedule ITC:** Removed food donation tax credit and updated the Family Size table
- **Form 741:** Removed tax credits of \$2 for a trust and \$10 for an estate
- We intend to have all drafts forms posted no later than July 31, 2022. Instruction packages will follow later this summer. Instructions that are included with the forms are last years versions.
- Updated Federal forms have not been posted at this time so there may be line reference changes, limitation amounts updates and some lines on the 740-NP may be changed
