# Schedule RLSC Instructions

Note: Do not file this form unless you have been notified that the MLSC has awarded you one of the tax benefits described below.

#### **General Information**

The Life Sciences Tax Incentive Program under MGL ch 23I, §§ 5(a), 5(d) authorizes the Massachusetts Life Science Center (MLSC) to approve applications from life sciences companies (as defined in MGL ch 23I, §§ 2) for specified tax benefits. Taxpayers may claim such benefits only as, and to the extent that, such benefits were previously authorized by the MLSC. Some of the tax benefits the MLSC may award are in the form of credits against taxes due under MGL ch 62, for individuals, or ch 63, for corporations. Taxpayers who have previously applied for and been awarded such credits by the MLSC must file this schedule with their return.

Taxpayers with unused Life Science Investment Tax Credits, FDA User Fees Credits or Life Science Job Credits (under MGL ch 62, §§ 6(m), 6(n) and 6(r) or MGL ch 63, §§ 31M, 38U or 38CC) may apply for a refund of the current year credits remaining after reducing their tax liability, in lieu of any carryover to future years, at 90% of the value of such unused credits. Corporations with unused credits under MGL ch 63, § 38M from the current or prior years may similarly request a refund of their unused credits at 90% of their value to the extent authorized by the MLSC. See Technical Information Releases 08-23 and 11-6 for further information.
