for calendar year or any other tax year or period beginning in 2020**

Peter Franchot, Comptroller

Read this before filling out your forms!

- The top state income tax rate for resident fiduciaries is 5.75 percent for tax year 2020. For nonresident fiduciaries there is an additional income tax rate of 2.25 percent.
- Form 504NR is a required attachment for nonresident fiduciaries who have any modifications to the federal income, as well as to allow a nonresident fiduciary to adjust the Maryland tax based upon non-Maryland income received. See instructions relating to Form 504NR.
- Nonresident fiduciary members of a pass-through entity who have had tax paid for them may claim the credit on Form 504.
- Fiduciaries required to file federal Form 990-T are required to file and pay income tax to Maryland on their unrelated business income attributable to Maryland sources.
- A contribution can be made to four programs on your return: The Chesapeake Bay and Endangered Species Trust Fund, the Developmental Disabilities Services and Support Fund, the Maryland Cancer Fund and the Fair Campaign Financing Fund.
- Resident fiduciaries must include an addition for the amount of income of an Electing Small Business Trust (ESBT) that is subject to the special taxing rules under Internal Revenue Code Section 641(c). Nonresident fiduciaries must include this income as an addition to the extent the ESBT income is allocable to Maryland.

NEW FOR 2020

Form 504:

- Direct Deposit of Refund section on page 3 of form 504 and its Instruction 18 were expanded for taxpayers to authorize the State of Maryland to disclose to their bank and to National Automated Clearing House Association (NACHA) any tax return information, necessary to make the deposit, such as the name and the name(s) (Line 38d.) as it appears on the bank account, if they want the Comptroller’s office to deposit their refund directly into their account at a bank or other financial institution in the United States.

Tax Credits: There are no new tax credits available.

The CARES Act of 2020: In response to the COVID-19 pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act. The Act temporarily altered several tax provisions enacted under the Tax Cuts and Jobs Act (TCJA) intended to increase cash flow and reduce the income tax burden on corporations, partnerships, and individuals. Relief includes: the temporary and retroactive reinstatement of Net Operating Loss (NOL) carryback provisions for tax years 2018, 2019, and 2020 previously repealed under the TCJA in Internal Revenue Code (IRC) § 172; a decreased limitation on business interest expenses subject to deduction in tax years 2019 and 2020 under IRC § 163(j); and the elimination of loss limitations imposed on non-corporate taxpayers by the TCJA under IRC § 461(l) for tax years 2018, 2019, and 2020. The CARES Act also provided a technical correction giving qualified business improvements (QIP) a 15-year recovery period, thereby making those assets eligible for 100% bonus depreciation under IRC § 168. For more information on Maryland’s conformity to the CARES Act, see the Tax Alert issued July 24, 2020 at www.marylandtaxes.gov.

Purpose of Form

Maryland follows federal income tax treatment for fiduciaries of trusts and estates. Generally, under federal income tax rules, any income distributed by the fiduciary of the trust or estate during the tax year is not taxable to the trust or estate. Instead, that income is taxable to the beneficiary. Any income not distributed or partially distributed by the fiduciary of the trust or estate during the tax year is taxable to the fiduciary. Fiduciary Income Tax Return, Form 504, is used to report and pay the Maryland income tax on the income taxable to the fiduciary of the trust or estate.

Maryland taxes the portion of an Electing Small Business Trust (ESBT), that consists of stock in one or more S corporations, that is subject to special taxing rules on the federal Form 1041. See Instructions 4 and 10, as well as Administrative Release 16 for more information.

Due Date

Your return is due by April 15, 2021. If you are a fiscal year taxpayer, see Instruction 24.

If the due date falls on a Saturday, Sunday or legal holiday, the return must be filed by the next business day.

Completing the return

You must write legibly using blue or black ink when completing your return. **DO NOT** use pencil or red ink. Submit the original form, not a photocopy. If no entry is needed for a specific line, leave blank. Do not enter words such as "none" or "zero" and do not draw a line to indicate no entry. Failure to follow these instructions may delay the processing of your return.

You may round off all cents to the nearest whole dollar. Fifty cents and above should be rounded to the next higher dollar. State calculations are rounded to the nearest penny.

Penalties

There are severe penalties for failing to file a tax return, failing to pay any tax when due, filing a false or fraudulent return or making a false certification. The penalties include criminal fines, imprisonment and a penalty on your taxes. In addition, interest is charged on amounts not paid when due.

To collect unpaid taxes, the Comptroller is directed to enter liens against the salary, wages or property of delinquent taxpayers.

Substitute forms

You may file your Maryland income tax return on a computer-prepared or computer-generated substitute form provided the form is approved in advance by the Revenue Administration Division. The fact that a software package is available for retail purchase does not guarantee that it has been approved for use.

For additional information or to see a list of Approved Software Vendors for Maryland Substitute Tax Forms, visit www.marylandtaxes.gov.

1 Who must file?

A fiduciary must file a Maryland fiduciary tax return (Form 504) if the fiduciary:

1. Is required to file a federal fiduciary income tax return or is exempt from tax under Sections 408(e)(1) or 501 of the Internal Revenue Code (IRC), but is required to file federal Form 990-T to report unrelated business taxable income, and
2. Has Maryland taxable income.

Form 504 is used by both resident and nonresident fiduciaries.

Who is a fiduciary?

"Fiduciary" means any person by whom the legal title to real or personal property is held for the use and benefit of another and includes a trustee of a trust and a personal representative of an estate.

Although you may be required to file a federal income tax return, you are not required to file the Maryland fiduciary return if you are:

1. An agent holding custody or possession of property owned by your principal; or,
2. A guardian.

Instead, file the applicable income tax return of the principal or, in the case of guardian, the return of the minor or disabled person.

Who is a resident fiduciary?

A personal representative of an estate is considered a resident fiduciary if the decedent was domiciled in Maryland on the date of the decedent's death.

Fiduciaries other than personal representatives are considered residents of Maryland if:

1. The trust was created by the will of a decedent who was domiciled in Maryland on the date of death;
2. The trust consists of property transferred by the will of a decedent who was domiciled in Maryland on the date of death;
3. The creator or grantor of the trust is a current resident of Maryland; or,
4. The trust is principally administered in Maryland.

A resident fiduciary is taxable on all its income from whatever source derived.

Who is a nonresident fiduciary?

A nonresident fiduciary is a fiduciary who is not included in the above definition of a resident fiduciary. See Administrative Release 16 at www.marylandtaxes.gov.

A nonresident fiduciary is taxable only on income from sources within Maryland. See Instruction 7, Form 504 Schedule A - Fiduciary's Share of Maryland Modifications, and complete Forms 504 and 504NR.

2 Use of federal return

You will need information from your federal fiduciary return to complete your Maryland return. Therefore, complete your federal fiduciary return before you continue beyond this point. Maryland law requires that you start with the federal taxable income reported on your federal fiduciary return. All items reported on your Maryland return are subject to verification, audit, and revision by the Comptroller's Office.

3 Name, Address and Other Information

Print or type the required information in the designated areas. Enter the Federal Employer Identification Number (FEIN) of the estate or trust in the space provided.

4 Type of entity

Check the box(es) on the return corresponding to your federal return. The types of entities are described below:

Decedent's Estate

An estate of a deceased person is a taxable entity separate from the decedent. It generally continues to exist until the final distribution of the assets of the estate is made to the heirs and other beneficiaries. The income earned from the property of the estate during the period of administration or settlement must be accounted for and reported by the estate.

Simple Trust

A trust may qualify as a simple trust if:

1. The trust instrument requires that all income must be distributed currently;
2. The trust instrument does not provide that any amounts are to be paid, permanently set aside, or used for charitable purposes; and
3. The trust does not distribute amounts allocated to the corpus of the trust.

Because the income is distributed each year, the fiduciary may be required to file a fiduciary return, but there is no taxable income. A fiduciary is required to file a fiduciary return if the trust is a member of a pass-through entity (PTE) and nonresident PTE tax was paid on its behalf.

Complex Trust

If some or none of the income is distributed, the trust is called a complex trust.

Because the trust is retaining all or part of the income, the fiduciary must file a fiduciary tax return to determine the taxable income from which to develop both State and local tax due.

Grantor Trust

Income earned by a grantor trust is taxable to the grantor, not the beneficiary, if the grantor keeps certain control over the trust. This rule applies if the property (or income from the property) put into the trust will or may revert (be returned) to the grantor or the grantor's spouse. The grantor is the one who transferred property to the trust.

Generally, a trust is a grantor trust if the grantor has a reversionary interest valued (on the date of transfer) at more than 5% of the value of the transferred property.

Bankruptcy Estate

The bankruptcy trustee or debtor-in-possession must file Form 504 for the estate of an individual involved in bankruptcy proceedings under Chapter 7 or 11 of Title 11 of the United States Code, if the estate was required to file federal Form 1041. See Instruction 26.

Qualified Funeral Trust

Maryland recognizes and follows federal law in the treatment of qualified funeral trusts. Maryland accepts the filing of composite returns for such trusts.

In most, if not all, cases, the income of each individual trust account does not exceed \$1,000. Therefore, the applicable state tax rate is 2%, and the applicable local tax rate is the rate for the situs of the fiduciary filing the composite return. For example, if the funeral home is located in Baltimore County, then the local rate for Baltimore County would apply to each trust included in the composite return. See Instruction 27.

Electing Small Business Trust (ESBT)

Electing Small Business Trust (ESBT) is a trust that computes tax on the S-portion of income on a separate federal schedule pursuant to IRC 641(c), instead of including this income in the trust's federal adjusted gross income. This S-portion of income is an addition modification. See Instruction 10.

Other

Check box 8 if you are the fiduciary filing for one of the following entities:

• Pooled Income Fund

A pooled income fund is a split-interest trust with a remainder interest for a public charity and a life income interest retained by the donor or for another person. The property is held in a pool with other pooled income fund property and does not include any tax-exempt securities. The income for a retained life interest is figured using the yearly rate of return earned by the trust.

• Qualified Disabilities Trust Fund

A trust created solely for an individual under 65 years of age who is disabled.

• Alaskan Native Settlement Trust

A settlement trust created within the meaning of the Alaska Native Claims Settlement Act.

• Tax-Exempt Trust with Unrelated Business Taxable Income required to file federal Form 990-T

If the fiduciaries for the following entity types are required to file federal Form 990-T, they are required to file and pay income tax to Maryland on their unrelated business taxable income attributable to Maryland sources:

- Tax-exempt charitable trusts
- Individual Retirement Accounts (IRAs)
- Simplified Employee Pensions (SEPs)
- Simple Retirement Accounts (SIMPLE)
- Roth IRAs
- Coverdell Education Savings Accounts (ESAs)
- Archer Medical Savings Accounts
- Qualified tuition programs (Section 529 Plans)
- Health Savings Accounts (HSAs)

5 Decedent's estate information

If the fiduciary return is for a decedent's estate, enter the following in the appropriate sections for Date of death, Domicile state of decedent, and Decedent's Social Security Number. Check the box if this is the final return. If the return is not for a calendar year, enter the fiscal year's beginning and ending dates at the top of the form.

6 Resident status

Read the instructions describing who is a resident fiduciary and then check the appropriate box.

If the return is for a resident fiduciary, provide the entity's subdivision code, county, and city, town or taxing area.

If you are a personal representative of an estate enter the county (or Baltimore City) in which the decedent was domiciled on the decedent's date of death. Also complete the decedent's estate information.

If you are a fiduciary, other than a personal representative, enter the county (or Baltimore City) in which the trust is

principally administered.

If the trust is not principally administered in Maryland, enter the county (or Baltimore City) in which the decedent was domiciled if the trust was created by the will of the decedent or the trust consists of property transferred by the will of the decedent.

If the trust is not principally administered in Maryland but the creator or grantor of the trust is a current resident of Maryland, enter the county (or Baltimore City) in which the creator or grantor resides. See List 6A of incorporated cities, towns and taxing areas on the next page to determine the subdivision code.

7 Form 504 Schedule A - Fiduciary's Share Of Maryland Modifications

Complete Form 504 Schedule A before you begin to complete Form 504 as the information contained on this schedule is used to fill in certain lines on page 1 of the return.

Fiduciary's Maryland modifications. Certain items must be added to or subtracted from federal taxable income to

determine the Maryland adjusted gross income of a fiduciary. Some of these items are passed on to the beneficiaries on their Maryland Schedules K-1 (504). Form 504 Schedule A is used to determine the proper retention and/or allocation of these items.

If the fiduciary distributes all of the income for the tax year, then the fiduciary is not required to complete lines 1 through 10g of Form 504 Schedule A. If the fiduciary makes no distribution of income (i.e. retains 100%), complete lines 1 through 8 of Form 504 Schedule A, and enter the amount from line 8 of Form 504 Schedule A on line 5 of page 1 of Form 504. If the fiduciary makes a partial distribution of income during the tax year, complete lines 1 through 8 of Form 504 Schedule A, as well as either lines 9a through 9d or 10a through 10g. Enter the amount from line 9d or 10f of Form 504 Schedule A on line 5 of page 1 of Form 504.

Note: A fiduciary may not distribute to any beneficiary any part of the S-portion of income of an ESBT.

With the exception of the S-portion of income of an ESBT, fiduciaries generally are permitted those additions and

subtractions allowed individuals.

Lines 1 through 8 of Form 504 Schedule A

For resident fiduciaries, the addition and subtraction modifications to income provided in Form 502 instruction booklet for resident individuals apply. For nonresident fiduciaries, the addition and subtraction modifications to income provided in the Nonresident Income Tax Return Instructions apply. For a nonresident fiduciary:

- Any income derived from real property or tangible personal property located in Maryland;
- Income derived from a business wholly or partially carried on in Maryland and in which the trust or estate is a partner, member, or shareholder of the pass-through entity (a business entity taxable at the federal level as partnership or S corporation);
- Income from an occupation, profession or trade wholly or partially carried on in Maryland; and
- Income from Maryland State Lottery prizes or winnings from any other wagering is taxable in Maryland. In addition, a nonresident fiduciary can only claim losses generated in Maryland.

Addition Modifications include but are not limited to the following:

Interest on state and local obligations other than Maryland. Resident fiduciaries must enter on line 1 the total amount of interest received (less related expenses) on obligations of any state or political subdivision thereof (except the State of Maryland and its political subdivisions).

Income taxes deducted on federal return. All fiduciaries must enter on line 2 the total of income taxes imposed by the State of Maryland, any political subdivision thereof, any other state or subdivision of any other state, or the District of Columbia to the extent included on line 11 of the federal Form 1041.

Other additions. Include on line 3 of Form 504 Schedule A any other Maryland additions that must be reported. Attach a statement explaining the additions that are included on this line. Do not include income from an Electing Small Business Trust (ESBT) as an addition on Form 504 Schedule A.

Capital losses from sale of certain trust property. For a resident fiduciary, include on line 3 any capital loss derived from the sale or other disposition of intangible personal property that is held in trust, if the proceeds are added to the principal of the trust, and if all the remaindermen in being are nonresidents during the entire tax year or corporations not doing business in Maryland.

Non-Maryland loss. For a nonresident fiduciary, include on line 3 of Form 504 Schedule A net non-Maryland loss.

Subtraction Modifications include but are not limited to the following:

Income from U.S. Government obligations. Enter on line 5 of Form 504 Schedule A interest from U.S. Savings Bonds and other U.S. obligations. Capital gains from the sale or exchange of U.S. obligations should be included as well. Dividends from mutual funds that invest in U.S. Government obligations should also be included on this line; however, only that portion of dividends attributable to interest from U.S. Government obligations may be subtracted. You cannot subtract income from Government National Mortgage Association securities. See Administrative Release 10 and 13.

Other subtractions. Include on line 6 of Form 504 Schedule A any other Maryland subtractions that may be claimed. Attach a statement explaining the subtractions that are included on

this line.

NOTE: Non-Maryland source income included in the federal taxable income of a fiduciary is not a subtraction modification on Form 504. For a nonresident fiduciary, non-Maryland source income is excluded from the Maryland taxable income calculation on Form 504NR. See Instruction 13.

Fiduciary's share of net Maryland modifications

Only the fiduciary's allocable portion of the Maryland modifications should be used. Complete lines 1 through 8, and lines 9a through 9d or lines 10a through 10g to determine this amount.

Note: You may choose either Method 1 or 2 – you may not use both methods.

Method 1, (Formula Method). Line 9a. Enter the federal distributable net income (DNI) from federal Form 1041.

Line 9b. Enter the fiduciary's share of DNI (that portion of the DNI that was not deducted or distributed to the beneficiaries).

Line 9c. Divide the fiduciary's share of the DNI (line 9b) by the DNI (line 9a) to determine the fiduciary's percentage of the DNI and enter the result on line 9c.

Line 9d. Multiply the fiduciary's percentage of DNI (line 9c) by the net Maryland modification on line 8 of Form 504 Schedule A to compute the fiduciary's share of net Maryland modifications. Enter the result on line 9d and on Form 504, line 5 on page 1.

Method 2, (Alternative Method). Lines 10a through 10e allocate the net Maryland modifications on line 8 of Form 504 Schedule A to the beneficiaries in accordance with the allocation of income to the beneficiaries. If the estate or trust has more than four (4) beneficiaries, attach an additional sheet providing the additional beneficiaries' allocations; the total from the allocations on the attached sheet is entered on line 10e.

Line 10f. Enter the net Maryland modifications on line 8 of Form 504 Schedule A allocated to the fiduciary.

Line 10g. Enter the total from lines 10a through 10f, Column (C) on line 10g, this total must equal the net Maryland modifications reported on line 8 of Form 504 Schedule A.

8 Nonresident beneficiary deduction

Nonresident individuals who have intangible income from sources within Maryland are not subject to tax on such income in Maryland. There are some fiduciaries that accumulate intangible income in the trust to be distributed later to nonresident beneficiaries. Because this income is not taxable to a nonresident, there is a provision that permits the fiduciary to subtract intangible income accumulated for later distribution to a nonresident beneficiary.

A fiduciary with a nonresident beneficiary may enter such income on line 11 of Form 504 Schedule A, to the extent included in the federal taxable income of the fiduciary, if the income is derived from intangible personal property and if that income is held in trust for the benefit of and being accumulated for a nonresident individual or a corporation that is not doing business in Maryland.

A fiduciary with a nonresident beneficiary may also enter on line 11 of Form 504 Schedule A, to the extent included in the federal taxable income of the resident fiduciary, capital gain income derived from the sale or other disposition of intangible personal property if that income is held in trust; if the proceeds from that sale or other disposition of the intangible personal property are added to the principal of the trust; and if all of the remaindermen of the trust in being are nonresidents

during the entire tax year or corporations not doing business in Maryland.

Direct Deposit of Refund

To comply with banking and **National Automated Clearing House Association (NACHA)** rules, we ask you to indicate by checking the appropriate box on your return if the state refund is going to an account outside the United States. If you indicate that this is the case, **STOP!** do not enter your routing and account numbers, as the direct deposit option is not available to you. We will send you a paper check.

By choosing direct deposit of your refund and checking the appropriate box, you authorize the State of Maryland to disclose to your bank and NACHA any tax return information necessary to make the deposit, such as the name and the name(s) as it appears on the bank account. Complete lines 38a, b, c, and d of Form 504 if you want us to deposit your refund directly into your account at a bank or other financial institution (such as a mutual fund, brokerage firm or credit union) in the United States.

Splitting Your Direct Deposit

If you would like to deposit portions of your refund to multiple accounts, do not complete any direct deposit information on your return. Instead, you must enter code number **588** on one of the code number lines on your return, and complete and attach Form 588.

NOTE: You may not use Form 588 if you are filing Form 5021NJ, Injured Spouse Claim Form, or if you plan to deposit your refund in a bank outside the United States.

Individual taxpayers now have the option to use all or part of their income tax refund to purchase U.S. Series I Savings Bonds. See Form 588 for additional details.

Check with your financial institution to make sure your direct deposit will be accepted and to get the correct routing and account numbers. **If you enter the incorrect account or omit any required information, the State of Maryland will not be responsible for recovering that refund and/or for making direct deposit payment electronically.**

Line 38a

Check the appropriate box to identify the type of account that will be used (checking or savings). You must check one box only or a refund check will be mailed.

Line 38b

The routing number must be nine digits. If the first two digits are not 01 through 12 or 21 through 32, the direct deposit will be rejected and a check sent instead. If you are not sure of the correct routing number, contact your financial institution.

If you are not sure of the correct routing number or if your check states that it is payable through a financial institution different from the one at which you have your checking account, contact your financial institution for the correct routing number.

Line 38c

The account number can be up to 17 characters (both numbers

and letters). Omit spaces, hyphens and special symbols. Enter the number from left to right.

If we are notified by the financial institution that the direct deposit is not successful, a refund check will be mailed to you.

This return must be verified and signed by the individual fiduciary or an authorized officer of a corporate fiduciary. If two or more individuals act jointly as fiduciaries, the return may be verified and signed by either.

To file a fiscal year return, complete the fiscal year information at the top of Form 504 and print "FY" in bold letters in the upper left corner of the form. Whenever the term "tax year" appears in these instructions, fiscal year taxpayers should understand the term to mean "fiscal year." Use the 2020 forms for fiscal years that begin during calendar year 2020. Fiscal year returns are due on the 15th day of the 4th month following the close of the fiscal year. If you are filing on a fiscal year basis, file Form 504E by the regular due date of your return.

25 Amended returns

If you need to change a return that you have already filed, or if the Internal Revenue Service changes your return, you must file an amended return.

NOTE: Changes made as part of an amended return are subject to audit for up to three years from the date the amended return is filed.

If you file an amended federal fiduciary return that changes your fiduciary return, you must file an amended Maryland return.

If Your Original Return Showed a Refund

If you expect a refund from your original return, do not file an amended return until you have received your refund check. Cash the check. Do not return it. If your amended return shows a smaller refund, send a check for the difference with the amended return. If your amended return shows a larger refund, the Revenue Administration Division will issue an additional refund check.

Additional Information

Do not file an amended return until sufficient time has passed to allow the original return to be processed. For current year returns, allow at least six weeks.

Generally, you must file your claim for refund within three years from the date your original return was filed or within two years from the date the tax was paid, whichever is later. A return filed early is considered filed on the date it was due.

A claim for refund based on a federal net operating loss carry-back must be filed within three years from the due date of the return for the tax year of the net operating loss.

If the claim for refund resulted from a federal adjustment or final decision of a federal court that is more than three years from the date of filing the return or more than two years from the time the tax was paid, a claim for refund must be filed within one year from the date of the adjustment or final decision.

If the claim for refund resulted from a notification received from another state for income taxes due that is more than three years from the date of filing the return or more than two years from the time the tax was paid, a claim for refund resulting from a credit for taxes paid to that state must be filed within one year of the date of the notification that the other state's tax was due.

If the claim for refund or credit for overpayment resulted from a final determination made by an administrative board or an appeal of a decision of an administrative board, that is more than three years from the date of filing the return or more than two years from the time the tax was paid, the claim for refund must be filed within one year of the date of the final decision of the administrative board or final decision of the highest court to which an appeal of the administrative board is taken.

No refund for less than \$1.00 will be issued. No payment of less than \$1.00 is required.

26 Special instructions for bankruptcy estates

A bankruptcy estate is created for an individual under Chapter 7 (a liquidation) or Chapter 11 (a reorganization) under Title 11 of the United States Code. The bankruptcy estate is treated

as a separate taxable entity. A separate taxable entity is not created when an individual is in a state receivership.

The fiduciary of a Chapter 7 or a Chapter 11 bankruptcy estate is required to file the estate's return and must file a Maryland return if the fiduciary or trustee is required to file a federal return and has Maryland taxable income. The fiduciary must use the Maryland Fiduciary Return, Form 504.

For an individual, the fiduciary return is the mechanism for paying the tax. The calculation is done on the individual income tax return, Form 502, and the tax is carried to the fiduciary return. The fiduciary of an individual bankrupt debtor should attach the completed Form 502 to Form 504. Draw a line through any barcodes on Form 502 and write "Bankruptcy Estate" in the name and address area.

A trustee of a corporate debtor or other bankrupt entity, who has possession of the bankrupt estate by court order or who holds title to all or substantially all of the property of a bankrupt entity, must file the income tax return for the entity. The fiduciary would be required to file a Maryland income tax return, if the fiduciary is obligated to file a federal return on behalf of the bankrupt entity and also has Maryland taxable income.

The fiduciary should attach a notice of the filing of the bankruptcy estate, which is issued by the applicable bankruptcy court, to the return.

27 Qualified funeral trusts

A fiduciary may file a composite fiduciary income tax return reporting the income of the funeral trusts administered by that fiduciary, instead of one fiduciary return for each trust. Check Entity Type Box 6. Attach a schedule showing the name, income, state tax and local tax of each individual trust. Add the state tax amounts and enter on line 11. Add any special nonresident tax on line 12, if a nonresident fiduciary is included in the qualified funeral trust. Add the local tax amounts and enter on line 18. Complete Form 504 according to Instructions 16 through 19.

28 Privacy act information

The Tax-General Article of the Annotated Code of Maryland authorizes the Revenue Administration Division to request information on tax returns to administer the income tax laws of Maryland, including determination and collection of correct taxes. Code Section 10-804 provides that you must include your federal identification number on the return you file. This is so we know who you are and can process your return and documents.

If you fail to provide all or part of the requested information, then exemptions, exclusions, credits, deductions or adjustments may be disallowed and you may owe more tax. In addition, the law provides penalties for failing to supply information required by law or regulations.

You may look at any records held by the Revenue Administration Division which contain personal information about you. You may inspect such records, and you have certain rights to amend or correct them.

As authorized by law, information furnished to the Revenue Administration Division may be given to the United States Internal Revenue Service, a proper official of any state that exchanges tax information with Maryland and to an officer of this State having a right to the information in that officer's official capacity. The information may be obtained in accordance with a proper legislative or judicial order.

**COMPTROLLER OF MARYLAND
REGISTRATION & TAXES**

Registration and Licensing All new businesses (corporations, S corporations, partnerships, limited liability companies, business trusts, and sole proprietorships) can file a single application with the Central Registration Unit of the Revenue Administration Division of the Comptroller's Office to establish accounts for employer income tax withholding, sales and use tax, admissions and amusement tax, tire recycling fee, motor fuel tax, alcohol and tobacco tax and unemployment insurance. The Revenue Administration Division offers assistance for filing applications and establishing accounts.

The Central Registration Unit assigns a single state identification number for the taxes listed above. Register online at www.marylandtaxes.gov.

To obtain a direct wine shipper's permit and a common carrier permit, businesses may apply with the Licensing and Registration Unit of the Revenue Administration Division.

Corporation Income Tax The corporation income tax applies to every Maryland corporation and every other corporation which has a nexus with Maryland. Nexus is the term used to indicate a taxable connection between a corporation and a taxing authority. If a corporation conducts business activity within Maryland and exceeds the provisions of U.S.C.A. Title 15, Section 381 of the Interstate Commerce Act (P.L. 86-272) it has a nexus and must file an income tax return.

The tax is based on federal taxable income after state modifications. Corporations engaged in multistate operations must allocate income using an apportionment formula, generally consisting of receipts, property and payroll factors. The tax is imposed at a flat rate of 8.25% of Maryland taxable income.

Employer Withholding of Income Tax Employers making payments to individuals of salaries, wages or compensation for personal services must withhold income tax and remit the withholding to the Revenue Administration Division. The amount of tax to be withheld is prescribed in published tables which are based on the individual income tax rates.

Sales and Use Tax This tax applies to businesses selling in Maryland, facilitating sales into Maryland via a marketplace, or purchasing out of state for Maryland use.

The general Maryland sales and use tax rate is 6%. The following special sales and use tax rates also apply. An 8% rate is imposed on rental trucks, and peer-to-peer car sharing and a rate of 11.5% is charged on rentals of passenger cars and recreational vehicles. A 9% tax rate is imposed on alcoholic beverages. Most sales of food by substantial grocery or market businesses are not subject to tax. A rate of 12% is imposed on the sale of electronic smoking devices and tobacco pipes. A rate of 60% is imposed on the sale of vaping liquid in containers of 5ml or less. Specific prepared foods purchased in grocery stores are subject to tax. Other exemptions include all sales solely for resale, medicine, energy for residential use, manufacturing machinery and equipment, and certain agricultural equipment and supplies. For exemptions not listed, visit www.marylandtaxes.gov.

Electronic Smoking Devices and Tobacco Pipes The tax on the sale of electronic smoking devices (ESDs) and tobacco pipes is 12% of the charge for the ESD or tobacco pipe.

Vaping Liquid The tax on the sale of vaping liquid in containers of 5ml or less is 60% of the charge for the vaping liquid.

Truck Rentals and peer-to-peer car sharing The tax for a truck rental and peer-to-peer car sharing is 8 cents for each exact dollar; and 2 cents for each 25 cents of part of 25 cents in excess of an exact dollar.

911 Fee Surcharge Sellers of prepaid wireless telecommunications services are required to report and remit to the Comptroller all Prepaid Wireless E-9-1-1 Fees collected by the seller for retail transactions of prepaid wireless telecommunications. The Prepaid Wireless E-9-1-1 Fee is 60 cents per retail transaction. The seller must report the fees collected on a Maryland Sales and Use Tax return, although the Prepaid Wireless E-9-1-1 Fee itself is not subject to Maryland sales and use tax.

Motor Fuel Tax Generally, this tax applies to businesses selling or using motor fuel in Maryland.

The Maryland motor fuel tax rate is currently 36.30¢ per gallon of gasoline and 37.05¢ per gallon of diesel fuel. There are other requirements for motor carriers, dealers, special fuel users, sellers and service station operators.

Maryland implemented the International Fuel Tax Agreement (IFTA) for motor carriers on 1/1/96.

Alcohol and Tobacco Tax These taxes apply to businesses manufacturing, selling, distributing or storing alcoholic beverages or selling and/or distributing cigarettes and other tobacco products in Maryland.

The Maryland excise tax rates on alcoholic beverages are \$1.50 per gallon of distilled spirits, 40¢ per gallon of wine, and 9¢ per gallon of beer. The tobacco tax rate is \$ 3.75 per pack of 20 cigarettes, the rate is 53% of the wholesale price for other tobacco products.

Admissions and Amusement Tax This tax is imposed on a variety of activities, such as admission to any place, including motion pictures, athletic events, races, shows or exhibits. Also subject to this tax are receipts from athletic equipment rentals, bingo, coin-operated amusement devices, boat rides and excursions, amusement rides, golf green fees, golf cart rentals, skating, bowling shoe rentals, lift tickets, riding academies, horse rentals, and merchandise, refreshments, or a service sold or served in connection with entertainment.

The admissions and amusement tax is a local tax collected by the Comptroller's Office on behalf of Maryland's counties, Baltimore City, other incorporated cities and towns. The tax is set by the localities at rates varying from one-half of 1% to 10% of the admissions and amusement receipts. When the gross receipts are also subject to the sales and use tax, the combined tax rate may not exceed 11%.

A separate State admissions and amusement tax is imposed on the net proceeds from electronic bingo or electronic tip jars. When the net proceeds are also subject to a local tax, the combined tax rate may not exceed 35%.

Tire Recycling Fee This fee applies to tire wholesalers or a tire retailer who buys tires from out-of-state sources. Registration and payment of the fee is handled by the Revenue Administration Division.

Utility Surcharges These surcharges are collected by electric companies that deliver electricity in Maryland and by telephone companies doing business in Maryland. The electricity surcharges are then paid to the Comptroller for deposit in the Environmental Trust and Universal Service Program Funds. The telecommunications surcharges are paid to the Comptroller for deposit in the 911 Emergency Telephone System and Communications Access of Maryland Funds.

The utility surcharges are collected by the Revenue Administration Division.

Direct Wine Shipper's Permit This permit is required for all in-state and out-of-state wine manufacturers that ship wine, including pomace brandy, directly to a Maryland consumer through a common carrier, such as Federal Express or UPS.

Common Carrier Permit This permit is required for a common carrier to deliver wine to a Maryland consumer.
