Introduction

The Mississippi Department of Revenue (MDOR) offers tax preparers the ability to electronically file Individual and Fiduciary income tax returns through the Modernized *e-File* System (MeF). MDOR accepts refund, zero balance, and balance due returns. Mississippi's MeF program is a part of the Federal *e-File* Program operated by the Internal Revenue Service.

The Mississippi Modernized *e-File* Handbook for Individual and Fiduciary Income Tax Returns (hereinafter referred to as the Mississippi MeF Handbook) is designed to be used as a companion to the Internal Revenue Service Publication 4164. Since most functions of the Mississippi MeF Program are the same as the Federal *e-File* Program, this handbook highlights the special and unique features of the Mississippi program. All rules and regulations governing tax preparers, transmitters, and originators of returns set forth by the Internal Revenue Service are in effect for the Mississippi Department of Revenue. The procedures and requirements for the Federal *e-File* Program are outlined in Publication 3112, *The IRS e-File Application and Participation Package*.

The Mississippi Department of Revenue requires all participants to be accepted into the Federal MeF Program in order to participate in the State MeF Program. The MDOR recommends that all participants read Publication 4164 prior to reading the Mississippi MeF Handbook. Where the Internal Revenue Service provides detailed instructions on hardware, transmission procedures, policies, etc., those same requirements apply to the Mississippi MeF program.

The Mississippi Department of Revenue is looking forward to your participation in our MeF program.

Tax Assistance for Transmitters and EROs

For assistance with *e-File* returns (other than refund inquires), tax problems, or other tax information and questions, transmitters and EROs should call the State *e-File* Coordinator at the number above and identify themselves as an electronic filer.

Tax Assistance for Taxpayers

The Mississippi Department of Revenue (MDOR) provides automatic refund information to taxpayers via telephone and on-line at MDOR's web site. The Refund Information Line (touch tone phones) and the website are available 24 hours a day. Taxpayers should be advised to confirm acknowledgement of their *e-File* return with their practitioner or transmitter before calling to check on the status of his/her refund.

- Refund Information Line: (601) 923-7801
- Website: www.dor.ms.gov (click on the link for refund information)
- For automated refund information taxpayers must know:
 - Primary taxpayer's social security number
 - The Mississippi adjusted gross income for current year and prior year

Due to the increase in fraudulent activity, the Department has implemented additional procedures and safeguards into our return processes in an effort to mitigate potential fraud. These processes will validate income tax returns and credits reported prior to issuing requested refunds. As a result, these additional procedures may cause a delay in refund processing in order to ensure that the right refunds are being paid to the right taxpayers.

Getting Started

How the Federal/State *e-File* Program Works

The Mississippi Department of Revenue (MDOR) will allow tax preparers and transmitters already accepted in the Federal *e-File* Program to participate in the State *e-File* Program. This program allows for filing of the federal return and state return at the same time. Both returns are transmitted to the IRS. Software used to transmit the data must be approved by the Internal Revenue Service (IRS) and the MDOR. The IRS, after acknowledging to the transmitter acceptance of the federal return with state data, will make the state data available for retrieval by MDOR. After the state data has been retrieved, MDOR will then process the information received.

Please note that an acknowledgement from the IRS is not an acknowledgement that the return has been received by the MDOR. The MDOR will acknowledge to the

transmitter receipt of all returns and payments retrieved from the IRS. Transmitters should be able to retrieve Mississippi acknowledgements within 24 hours from the receipt of the IRS acknowledgements. After the electronic return is acknowledged as accepted, it cannot be recalled or changed in any manner. If either the Electronic Return Originators (ERO) or taxpayer wishes to change any entries on an accepted electronic return, an amended return must be filed.

Who May Participate

All interested parties who have been accepted in the Federal *e-File* Program and transmit returns to the Internal Revenue Service may participate in the Mississippi Federal/State *e-File* program. The application process for the Federal/State *e-File* Program is outlined below in the “Application and Acceptance” section.

The Application and Acceptance Process

Application Process

In order to participate in the Federal/State *e-File* Programs, participants must apply to the Internal Revenue Service by submitting an online application to become an Authorized *e-File* Provider. Go to www.irs.gov to apply.

All software developers and transmitters are required to complete and sign the Mississippi Letter of Intent (LOI) to participate in the State *e-File* program. The LOI is available for download via the State Exchange System. In order to access the Mississippi LOI, a request must be submitted by mail to Jason Adams at efile@dor.ms.gov. Once completed, the LOI must be returned to the email address listed above. Upon approval of the LOI, an invitation will be extended to access schemas and other testing information.

Acceptance into the federal program allows an ERO, Transmitter, or Preparer automatic acceptance into the Mississippi program. **However, the Mississippi Department of Revenue will conduct suitability checks on all applicants for the Federal/State MeF Program and will notify any applicant who is ineligible to participate.**

In Federal Publication 4164, Modernized *e-File* Guide for Software Developers and Transmitters, the Internal Revenue Service’s definition of the various categories of electronic filers (Electronic Return Originator, Transmitter, or Software Developer) will apply for Mississippi MeF purposes under the Federal/State Program. All other rules and regulations regarding tax preparers, transmitters, and originators of returns specified by the IRS are in effect for the MDOR.

The EFIN and ETIN are assigned by the Internal Revenue Service. The MDOR will use the same EFIN and ETIN as the IRS in the Federal/State MeF Programs. These numbers will be used in the acknowledgement system to identify preparers and transmitters.

Right to Revoke Acceptance and Approval

The Mississippi Department of Revenue reserves the right to revoke the acceptance of an ERO or transmitter and to revoke the approval of any software developer for cause. Failure to comply with the requirements and specifications set forth in IRS Publications 1436, 3112, 4164, and this *Mississippi Modernized e-File Handbook* will result in being suspended from the program.

The following may result in the revocation of a participant's acceptance into the program:

- (1) Conviction of a criminal offense under the revenue laws of any state, or of any offense involving dishonesty, or breach of trust.
- (2) Failure to file timely and accurate tax returns, both personal and business.
- (3) Failure to pay personal tax liabilities or business tax liabilities.
- (4) Suspension or rejection from the program in a prior year if corrective action is not taken and approved by the Mississippi Department of Revenue.
- (5) Other facts or conduct of a disreputable nature that would reflect adversely on the program.
- (6) Unethical practices in return preparation.
- (7) Suspension by IRS.

Applicants and participants may inquire about filing and paying any outstanding personal and business taxes by contacting the Mississippi Department of Revenue at (601) 923-7700.

Mississippi Testing

All participants are required to follow the Internal Revenue Service testing procedures for acceptance into the *e-File* program. All software developers are required to test their software with Mississippi. Only software tested and accepted by MDOR may be used for Mississippi electronic filing. Neither transmitter nor preparers are required to

submit test data or transmissions, but they should ensure that their respective software has been approved by both the IRS and MDOR.

The State test data will be retrieved from the Internal Revenue Service and processed by the Mississippi Department of Revenue. All known software developers will be provided with test materials and instructions to perform the Mississippi testing through the State Exchange System.

After tests are submitted to MDOR, the software developer must contact the *e-File* coordinator by email with the company name, product name, ETIN, EFIN, and submission identification number for each test transmitted. Please allow at least 72 hours for a reply comparison after the tests are made available to the MDOR (24 hours after the IRS acknowledges receipt). **All rejections must be corrected before a reply comparison will be done.**

The Mississippi testing period is from November 2018 through January 2019. Initial tests must be submitted by January 2019.

The Filing Process

What Can Be Transmitted Electronically

The Mississippi portion of an electronic return will consist of data transmitted electronically and supporting paper documents. In total, an electronic return contains the same information as a comparable return filed on paper.

The following Mississippi forms and schedules may be transmitted electronically:

Form	Title
80-105	Resident Individual Income Tax Return
80-205	Non-Resident/Part-Year Resident Individual Income Tax Return
80-107	Income / Withholding Tax Schedule
80-108	Adjustments and Contributions
80-155	Net Operating Loss Schedule
80-360	Catastrophe Savings Tax Schedule
80-401	Tax Credit Summary Schedule
80-315	Reforestation Tax Credit
81-110	Fiduciary Income Tax Return
81-131	Fiduciary Schedule K
81-132	Fiduciary Schedule K-1

Returns for the prior two (2) years (original and amended) may be submitted if supported by software. Supporting federal returns and schedules are required for all Mississippi returns filed through the MeF program.

What Cannot Be Transmitted Electronically

The following documents and forms will **not** be accepted for Mississippi e-File:

- Returns excluded from federal e-File (Publication 1345)
- Fiscal year returns
- Bankruptcy returns
- Form W-2 with missing employer's state ID number (use the federal Employer's ID number if the state ID number is not available)

Signature Document (MS 8453)

The ERO must retain the Mississippi MS 8453 (Form 80-115) and copies of the W-2s, Form 1099s, and Form 80-315 Reforestation Tax Credit (if applicable) showing taxable Mississippi income for a period of three (3) years from the due date of the return or the date the return was filed, whichever is later. If a credit for income taxes paid to another state is claimed, the ERO must also retain a copy of the other state's return for the three (3) year period.

All sections of the MS 8453 must be completed with all required schedules and attachments before any return can be transmitted to the Department of Revenue. The MS 8453 form **does not** serve as proof of filing an electronic return. Acknowledgements containing the date of return acceptance serves as proof of filing. **Do not mail paper copies of the MS 8453 to the Department of Revenue.**

Part I: Tax Return Information

Enter necessary information from Mississippi Form 80-105 or Form 80-205. **Use whole dollar amounts.** The information entered on Form MS 8453 must correspond with the information transmitted in the electronic return. Please note that the Mississippi 8453 Part I differs from the Federal 8453 Part I. The MS 8453 begins with taxable income, not total income.

Part II: Direct Deposit and Direct Debit

To request direct deposit or direct debit of the taxpayer's refund or balance due, the following information must be entered correctly:

- Valid routing number
- Account number (may contain up to seventeen (17) characters)
- Checking or savings account indicator (only one)

Part III: Declaration of Taxpayer

Before the completed return is transmitted, the taxpayer (and spouse if joint) must verify the information on the MS 8453 and sign and date the document. **The preparer/transmitter must provide the taxpayer with a copy of the document. Preparers and EROs are prohibited from allowing taxpayers to sign a blank MS 8453.**

Part IV: Declaration of Electronic Return Originator (ERO) and Paid Preparer

EROs and Paid Preparers are required to complete all information requested in Part IV of the MS 8453. If the ERO is also the paid preparer, the ERO must check the box labeled "Check if Also Paid Preparer". If the ERO is not the paid preparer, the paid preparer must sign in the space for "Paid Preparer Use Only".

Attachments to Form MS 8453

The following documents and forms must be attached to the MS 8453:

- State copies of forms W-2 and 1099-R with state withholding
- Copies of other states' returns if claiming credits for tax paid to another state(s)
- Supporting documents and schedules requiring signatures, if applicable, as described in Federal Publication 1345
- Form 80-315, Reforestation Tax Credit, if applicable

Note: The federal and Mississippi state returns do not need to be attached to MS 8453.

Procedures for Retaining the MS 8453

The ERO shall maintain the MS 8453 for a period of three (3) years from the due date of the return or the date the return was filed, whichever is later. If for any reason the ERO ceases his/her business, all MS 8453s currently being maintained by the ERO should be forwarded to the Department of Revenue. Please contact the e-File Help Desk at (601) 923-7582 to receive additional instructions.

There may be circumstances in which the Department will request the ERO to forward the MS 8453 signature document. If requested, the Department will provide the ERO with a written request for the document. EROs must comply with the request within five (5) business days from the date of the request. All requested documents should be sent to the following address:

Mississippi Department of Revenue
E-file Coordinator, Jason Adams
P. O. Box 1033
Jackson, MS 39215

If the ERO cannot produce the original MS 8453 with all attachments, credit for the tax withheld may be disallowed.

Corrections to Form MS 8453

If the ERO makes changes to the electronic return after the taxpayer has signed the MS 8453, whether it was before transmission or if the return was rejected after transmission, the ERO must have the taxpayer complete a corrected MS 8453 if the following conditions apply:

- Mississippi taxable income changes by more than \$25
- Mississippi refund or balance due changes by more than \$5

Non-substantive changes are permissible on the MS 8453 provided the person making the correction initials the changes. After the electronic return is acknowledged as accepted, it cannot be recalled, intercepted or changed in any manner. If either the

ERO or taxpayer wishes to change any entries on an accepted electronic return, an amended return must be filed.

Transmission Process

Transmitting Federal/State Returns

Transmitters must follow all electronic transmitting procedures, communication requirements, and technical specifications required by the Internal Revenue Service, as defined in Publication 1345. Participants in the Federal/State *e-File* Program must confirm with their software developer or direct transmitter that the software has the capability of processing and transmitting the state data along with the federal data.

Rejected Returns

If the federal return is rejected, the accompanying state return will also be rejected. For a list of state rejections and alerts, please refer to the “Error Codes” section of this handbook. If the error can be corrected and the record processed, both the federal and state return records may be retransmitted to the Internal Revenue Service. If the state return cannot be corrected, the filer has the option of retransmitting the federal return and filing a paper state return.

Note: If an alert is received, please correct before transmitting the return to MDOR. Uncorrected alerts could cause a delay in the processing of the tax return resulting in a balance due or an incorrect refund amount.

Mississippi State Acknowledgements

Mississippi Acknowledgement System

The Mississippi Acknowledgement System is a separate system from the Federal acknowledgement system. It is designed to inform transmitters that the Mississippi return data has been retrieved and is being processed by the Mississippi Department of Revenue. Tax preparers and transmitters do not need to sign up for this program.

Mississippi Acknowledgements

A Mississippi acknowledgement file should be available to transmitters within 24 hours from receipt of the federal acknowledgement from the Internal Revenue Service. There are three (3) types of state acknowledgements:

- **Accepted** – The return and attachments/schedules were received and passed the validation process. Transmitters are required to notify their EROs of acceptance, within five (5) business days after receipt of acknowledgement from the MDOR.

Also, the taxpayer is to be advised to wait at least four (4) weeks from the date of the acknowledgement before inquiring about his/her return.

MDOR will acknowledge an ACH Debit payment on the state acknowledgement. If the ACH Debit is not acknowledged on the state acknowledgement, the MDOR did not receive your payment.

- **Accepted with Alert** - This acknowledgment indicates the electronic return was received, accepted and the pre-entry validation process was completed. MDOR strongly suggests that alerts be reviewed and the return updated prior to submitting the return. If alerts are not corrected prior to filing the return, MDOR may request additional information as needed for the filed return.
- **Rejected** - The return and attachments/schedules were received but failed the validation process. The return must be corrected and resubmitted. See the "Error Codes" section of this handbook for a complete list of error codes.

Please note that an acknowledgement from the Internal Revenue Service does not guarantee receipt by the Mississippi Department of Revenue. A Mississippi indicator on the Federal acknowledgement is **NOT** a Mississippi acknowledgement for the state return.

Checking the Mississippi Acknowledgement File

Once an electronic return has been acknowledged by the Mississippi Department of Revenue (MDOR), transmitters are required to notify their EROs of acceptance within five (5) business days after receipt of acknowledgement from the MDOR. Transmitters are encouraged to regularly inquire on the status of returns transmitted. Please note that tax preparers and transmitters do not need to sign up for the Mississippi Acknowledgement program.

If you have any questions regarding the Mississippi Acknowledgement System, please feel free to contact our E-File Help Desk at (601) 923-7582.

International ACH Transactions (IAT)

In order to comply with National Automated Clearinghouse Association (NACHA) requirements, the ACH format is required for all transactions sending or receiving funds outside of the United States.

Refund/Overpayment Returns

Taxpayers may choose to have all or part of their refund applied to the following year’s estimated tax or to one of the following:

- Mississippi Military Family Relief Fund
- Mississippi Burn Care Fund
- Mississippi Wildlife Heritage Fund
- Mississippi Educational Trust Fund
- Mississippi Bicentennial Celebration Fund
- Mississippi Wildlife Fisheries and Parks Foundation
- Mississippi Commission for Volunteer Service Fund

Information regarding each fund can be found in the Individual Income Tax Instruction booklet, Form 80-100.

If a taxpayer has any outstanding income tax liabilities, the requested refund amount will be reduced by that amount. This debt may delay the processing of the taxpayer’s refund. Also, if the taxpayer is currently under audit or has any other special state circumstances, the refund requested may be held pending the outcome of the audit or

circumstance. Delays in receiving a federal refund will not impact the time required to receive a Mississippi refund. **The same policy applies to paper return refunds.**

Direct Deposit

Direct deposit is available for Individual and Fiduciary income tax returns that are e-Filed by an approved ERO or an approved on-line service provider and is available for the Federal/State *e-File* program.

Taxpayers who e-File Mississippi Individual and Fiduciary income tax returns may elect to have their state tax refunds directly deposited into any eligible financial institution of their choice. A financial institution is defined as a state or national bank, savings and loan association, mutual savings bank, or credit union. **Refunds may not be deposited into a credit card account.** A separate request to directly deposit a refund must be made each year by the taxpayer. The Department of Revenue will ordinarily process the request for direct deposit but reserves the right to issue a paper refund check.

Once an *e-Filed* return has been accepted for processing, the direct deposit election, including the Routing Transit Number (RTN) and financial institution's account number cannot be rescinded. The name on the return should be the same name on the bank account. Some banks will not accept a joint refund to be deposited into an account with only one of the taxpayer's names.

Note: *If using an online software provider, please verify the bank product name. Some online software providers have their own bank product.*

MDOR does not guarantee a specific date that a refund will be deposited into a taxpayer's financial account and cannot issue written notices to taxpayers to confirm direct deposits. **Taxpayers may check the status of their refund by calling the MDOR automated income tax refund information line at (601) 923-7801 or online at www.dor.ms.gov, by clicking on the TAP link.**

Note: *MDOR is not responsible for the misapplication of a direct deposit refund that is caused by error, negligence or malfeasance on the part of the taxpayer, electronic filer, financial institution or any of their agents.*

Direct Deposit Responsibilities:

An ERO must do all of the following:

- Ensure that the taxpayer is aware of all general information regarding direct deposits.

- Accept any direct deposit election to any eligible financial institution designated by the taxpayer.
- Ensure that taxpayers electing direct deposit meet the eligibility requirements (see “Eligibility” below).
- Verify that the direct deposit information is correct.
- Not charge a separate fee for direct deposits.
- Caution the taxpayer that after an *e-File* return has been accepted for processing and that upon acceptance by the IRS and the MDOR:
 - **The direct deposit election cannot be rescinded**
 - **The routing number of the financial institution cannot be changed**
 - **The taxpayer’s account number cannot be changed**

Eligibility

The eligibility requirements for direct deposit are as follows:

- The return must be e-Filed by an approved ERO or an approved on-line service provider.
- The account designated to receive the direct deposit must be in the taxpayer’s name.
- The taxpayer must provide the ERO with an account number and routing number for the account the taxpayer designates to receive the direct deposit.

Paper Checks

Checks will be issued in the taxpayer’s name(s) and mailed to the address on the return. **DO NOT use the preparer’s address on the return.** The Department of Revenue cannot mail checks directly to the preparer or transmitter’s address.

Refund Anticipation Loans (RAL)

The Mississippi Department of Revenue neither supports nor prohibits RALs. However, refunds will only be issued in the taxpayer’s name(s) and, if electronically filed, will be directly deposited into the taxpayer’s bank account designated on the return or mailed directly to the taxpayer.

Refund Delays

Taxpayers may confirm acknowledgement of the Mississippi returns with their practitioner or transmitter and are advised to wait at least four (4) weeks from the date of acknowledgement before calling or writing the MDOR to inquire about the status of a refund. Due to the increase in fraudulent activity, the Department has implemented additional procedures and safeguards into our return processes in an effort to mitigate potential fraud. These processes will validate income tax returns and credits reported prior to issuing requested refunds. As a result, these additional procedures may cause a delay in refund processing in order to ensure that the right refunds are being paid to the

right taxpayers. Delays in receiving federal refunds will not impact the time required to receive a Mississippi refund.

If a taxpayer and/or spouse has an outstanding balance with the MDOR, another state agency or the Federal Government, the amount due may be deducted from the refund. This debt may delay the processing of the taxpayer's refund. The same policy applies to paper return refunds.

Balance Due Returns

Mississippi will accept balance due or zero liability returns. The methods available to pay a balance due are provided below.

- **ACH Debit**

ACH Debit can only be used if your software supports direct debit. The payment effective date must be submitted. **MDOR will acknowledge ACH Debit payments on the state acknowledgement. If the ACH Debit is not acknowledged on the state acknowledgement, MDOR did not receive your payment.**

The MDOR reserves the right to revoke the ACH payment method privilege of any taxpayer for failure to transmit consistently error free payments and/or payment information on forms.

- **Credit/Debit Card**

Credit card and debit card payments may be submitted online at www.officialpayments.com. There is a 2 ½% fee for credit cards.

- **Electronic Check (E-Check)**

An E-check may be submitted online at www.officialpayments.com. There is a \$3.00 fee for E-checks.

- **MoneyGram**

MoneyGram payments may be submitted online at www.moneygram.com/locations. You will need your 8-digit MDOR account number and the tax code for Individual Income Tax is 15122. There is a small fee to use this service.

- **Taxpayer Access Point (TAP)**

TAP allows taxpayers to pay taxes online at www.dor.ms.gov and view certain correspondence electronically. Once an account has been set up, access can be given to you and/or a person(s) you authorize to submit payments online. For more information on TAP, visit www.dor.ms.gov.

- **Paper Check**

A paper check may be submitted with Form 80-106, Income Tax Payment Voucher. The SSN/FEIN, Tax Account ID and tax year should be written on the paper check.

Error Resolution

Errors are identified on Mississippi returns when they enter the tax processing cycle at the Department of Revenue (MDOR). Returns with errors will be rejected (see the “Error Codes” section in this Handbook), but can be corrected and retransmitted. Some of the common errors identified are duplicate returns, omission of required data and computation errors. If any errors occur on the Mississippi return, MDOR will notify the taxpayer. Transmitters will not be given information about the tax return other than acknowledgement of receipt by the MDOR through the acknowledgement system.

Handling Problems

For assistance with problems relating to electronically filed state returns, transmitters and/or preparers may send their inquiries to efile@dor.ms.gov or contact the E-File Help Desk at (601) 923-7582.

Responsibilities of Software Developers and Transmitters

The following is required for online filing of returns:

- InternetProtocol/IP Address
- InternetProtocol/IP Timestamp
- SoftwareID – this data element is required in the schema and should be populated with the **name** of your software

State Submission Types

MS1040R	Resident Returns
MS1040NR	Nonresident Returns
MS1041	Fiduciary Returns (For Estates and Trusts)

Responsibilities of Preparers and EROs

Electronic Filers, Transmitters and Electronic Return Originators (EROs) must maintain a high degree of integrity and accuracy to continue participation in the Mississippi Federal/State *e-File* Program. The following requirements must be met:

Compliance

All electronic filers must comply with the requirements and specifications set forth in IRS Publications 1436, 3112, 4164, and this *Mississippi Modernized e-File Handbook*. Failure to comply with all requirements and specifications will result in being suspended from the program.

Timeliness of Filing

Transmitters must ensure that all *e-File* returns are filed in a timely manner. The receipt date of the electronic transmission by the IRS will be considered the filing date for a Mississippi return transmitted electronically if the return is acknowledged as received by the IRS. **Transmitters should confirm acknowledgement of the state return by the MDOR before considering the state return received.** Also, the related form MS8453 **MUST** be signed by the due date in order for the return to be timely filed.

Deadline for Filing

The Mississippi Department of Revenue will accept electronically filed Mississippi returns which have been submitted for transmission to the Internal Revenue Service through October 15 as timely filed returns. Any returns submitted after the extension dates will be considered late filed returns.

Changes on the Return

If the transmitter or taxpayer wishes to make any changes after the return has been accepted and acknowledged, the taxpayer must amend their return.

Responsibility to Your Clients

Preparers have been entrusted with the task of filing a client's tax return and assume the responsibility of ensuring that the return arrives at the Mississippi Department of Revenue.

Reminders

- **National Security Summit Standards and Requirements**
All vendors must adhere to all IRS, State and Industry Security Summit fraud guidelines and procedures as a condition of providing tax software products to taxpayers and tax professionals in Mississippi.
- **The bank routing number, account number and account type must be entered on the MS8453 if the taxpayer chooses to have their balance due paid by direct debit.**
- **If a taxpayer chooses to have their refund mailed to them as a paper check, the ERO must ensure that the address on the Mississippi *e-File* return is the correct mailing address for the taxpayer. If an incorrect address is used, the taxpayer's refund check will be delayed.**
- The taxpayer should be given the correct payment voucher if a balance is due on the tax return. Electronic filers should use **Form 80-106, Income Tax Payment Voucher**. The correct voucher must be sent in with payment to ensure the payment posts correctly.
- **Copies of the *e-File* return should not be attached to the Form 80-106 Income Tax Payment Voucher.** The voucher should be remitted to the Department of Revenue with only the check attached.
- **Please do not remit the MS8453 to the Department of Revenue. The ERO is required to retain the MS8453 in his/her files for a period of three (3) years. All MS8453s sent to the Department of Revenue will be returned to the ERO.**
- **If the ERO cannot produce the original MS8453 with all attachments when requested, credit for the tax withheld may be disallowed.**
- Must attach a pdf copy of the other state return and Form 80-160 if a credit is taken for taxes paid to another state.

e-File Checklist

- Verify that all required forms are transmittable.
- Verify that the software ID in the XML tag matches the software ID that was listed in your LOI.
- If the taxpayer itemized for state and did not itemize for federal, check that all the required federal forms are attached.**

- Verify whole dollar amounts were used.
- Verify that the name(s) and social security number(s) are printed correctly on the MS 8453.

- Verify the direct deposit banking information with the taxpayer.**
- All documents requiring original signatures have been signed.
- Copies of tax forms have been given to the taxpayer.**
- Verify IRS acknowledgement.
- Confirm the state acknowledgement.
- Retain the MS 8453 along with any supporting documents as part of your permanent records for three (3) years.
