General Information

Individual taxpayers can deduct qualifying gains receiving capital gain treatment which are included in Federal adjusted gross income. "Qualifying gains receiving capital treatment" means the amount of net capital gains, as defined under Internal Revenue Code Section 1222(11). The qualifying gain must result from:

1. the sale of real or tangible personal property located within Oklahoma that has been owned for at least five uninterrupted years prior to the date of the transaction that gave rise to the capital gain;

General Information - continued

2. the sale of stock or an ownership interest in an Oklahoma company, limited liability company, or partnership where such stock or ownership interest has been owned for at least two uninterrupted years prior to the date of the transaction that gave rise to the capital gain; or
3. the sale of real property, tangible personal property or intangible personal property located within Oklahoma as part of the sale of all or substantially all of the assets of an Oklahoma company, limited liability company, or partnership or an Oklahoma proprietorship business enterprise where such property has been owned by such entity or business enterprise or owned by the owners of such entity or business enterprise for a period of at least two uninterrupted years prior to the date of the transaction that gave rise to the capital gain.

An Oklahoma company, limited liability company, partnership or proprietorship business enterprise is an entity whose primary headquarters has been located in Oklahoma for at least three uninterrupted years prior to the date of sale.

A capital loss carryover from qualified property reduces the current year gains from eligible property.

Pass-through entities...

Capital gain from qualifying property, as described above, held by a pass-through entity is eligible for the Oklahoma capital gain deduction, provided the individual has been a member of the pass-through entity for an uninterrupted period of the applicable two or five years and the pass-through entity has held the asset for not less than the applicable two or five uninterrupted years prior to the date of the transaction that created the capital gain. The type of asset sold, as shown in 1-3 above, determines whether the applicable number of uninterrupted years is two or five. The pass-through entity must provide supplemental information to the individual identifying the pass-through of qualifying capital gains.

Installment sales...

Qualifying gains included in an individual taxpayer's Federal adjusted gross income for the current year which are derived from installment sales are eligible for exclusion, provided the appropriate holding periods are met.

Specific Instructions

Line 1: List qualifying Oklahoma capital gains and losses from Federal Form(s) 8949, Part II or from Federal Schedule D, line 8a. Provide a copy of Form(s) 1099-B if the qualifying Oklahoma capital gain or loss is reported on Federal Schedule D, line 8a. In Column A, line A1 enter the description of the property as shown on Federal Form 8949, Column a or on Form 1099-B. Complete Columns B through E using the information from Federal Form 8949, Columns b through g or on Form 1099-B. In Column B, enter the date the property was acquired. Do not include gains and losses reported on Form 561 lines 2 through 5.

If not shown on the Federal form, provide a schedule identifying the type and location of the property sold, the date of the sale, and the date the property was acquired.

Line 5: Enter qualifying Oklahoma net capital gain or loss from partnerships, S corporations, trusts and estates. Complete the worksheet on page 2 and provide a copy of the Federal Schedule K-1.

Line 7: Enter the total qualifying Oklahoma capital loss carryover from the prior year's return.
