Introduction

The Oklahoma Tax Commission (OTC), in conjunction with the Internal Revenue Service (IRS), began accepting Oklahoma Corporate Income Tax returns (Form 512) and corresponding forms for tax year 2009 by method of the Modernized e-File system (MeF). During Tax Year 2011, Oklahoma expanded e-file to include the Small Business Corporation Income Tax Returns (Form 512-S). Partnership returns (Form 514) were accepted beginning Tax Year 2014. Fiduciary returns (Form 513 & 513NR) were accepted beginning Tax Year 2015.

The transmission method is a Web Service using Simple Object Access Protocol (SOAP) with attachments messaging. The return data is formatted using Extensible Markup Language (XML). Authorized E-File providers, also known as Electronic Return Originators (ERO's), can submit returns to the IRS MeF system for Federal and state return processing. The State submission can be transmitted as a "linked" return (also referred to as a Fed/State return) or as an "unlinked" return (also referred to as a State Standalone return). Each return (Linked or Unlinked) must be in a separate submission. Multiple submissions may be contained in a single message payload. Software developers must test with OTC prior to submitting live Fed/State or State Standalone returns.

Acceptance and Participation

EROs and transmitters must be approved with the IRS in order to submit Fed/State or State Standalone returns. You do not need to register with OTC. Upon IRS approval for electronic filing, you are automatically approved for Oklahoma.

Software Developers must register by completing Form D-106 “2018 Tax Software Provider Letter of Intent”. You may download test returns from the State Exchange System. We will open for testing a few days after the IRS. When test returns are submitted, please e-mail the submission IDs to jkorthanke@tax.ok.gov. We do not automatically pull submissions in our test environment. Include in the subject of the e-mail the name of the product being tested.

Types of Returns Accepted

- Linked (Fed/State)

The Federal and state submissions do not have to be transmitted to MeF together. A state submission can be linked to the Federal submission by including the Submission ID of the Federal return in the state manifest. If the state submission is linked to a Federal submission (also referred to as a Fed/State return), the IRS will check to see if there is an accepted Federal submission under that Submission ID.

If there is not an accepted Federal return, the IRS will deny the state submission and an acknowledgement will be sent. Oklahoma will have no knowledge that the state return was denied (rejected) by the IRS.

If there is an accepted Federal return under that Submission ID, then the IRS will do minimal validation on the state submission and pass along to the state what the ERO/Transmitter sends in the State submission. Oklahoma will generate the acknowledgement for the Oklahoma return and send it to the MeF system for the transmitter to retrieve.

- Unlinked (State Standalone)

If the ERO/Transmitter does not link the state return to a previously-accepted Federal return (also referred to as State Standalone), the IRS will perform minimal validation and will pass along to the state the entire state submission that was sent in by the ERO/taxpayer. The state return is made up of the Oklahoma return and applicable Federal return; the taxpayer is required to provide both components. Oklahoma will generate the acknowledgement for the Oklahoma return and send it to the MeF system for the transmitter to retrieve.

What Can be Transmitted Electronically

The Oklahoma electronic return will consist of data transmitted as well as supporting PDFs. In total, an electronic return contains the same information as a comparable return filed entirely on paper.

Attachments to the Electronic Return

The tax return may also include non-XML documents, known as “binary attachments”, submitted in PDF format. These attachments include items from the following sources:

- Form 512-SA – Nonresident Shareholder Agreement (must have an original signature)
- Form/Schedule not supported – any Oklahoma forms or schedules which are required to be filed with the return, but not supported in XML format.
- Supporting documentation – any supporting documentation required to be submitted with a form.
- Additional information – any additional information that needs to be filed with the return.

Approved MeF tax preparation software should provide the necessary instructions for creating, scanning or exporting documents in PDF format and submitting these documents as attachments that are required by Oklahoma and IRS publications, Code, and/or Regulations. Preparers will

create the binary attachments as pdf documents and submit them as electronic files attached to the MeF return.

Copy of Federal Return Required

The complete Federal return and the necessary supporting schedules as submitted to the IRS are required to be submitted with the Oklahoma return. If the taxpayer is included in the Federal return of a consolidated group, a copy of the pro-forma Federal return for the company must be included along with the first four pages of the consolidated Federal return and the consolidating income statement, balance sheet and schedule M-1/M-3 including applicable detailed schedules. The Federal return must be in XML, providing only a PDF attachment will cause the submission to be rejected.

What Cannot be Transmitted Electronically

Oklahoma follows the IRS guidelines for MeF exclusions (Refer to IRS Publication 4164). In addition to the IRS guidelines, the following types of returns are excluded from electronic filing:

- Returns with cent entries
- Returns for any year other than the current and two prior tax years.

Signature Document (Form EF)

The Form EF must be completed and signed by all required parties.

- The original is to be retained by the ERO, along with a copy of the e-Filed return, for 3 years and made available to OTC upon request. All EROs will be subject to periodic reviews by OTC to ensure the paperwork is being retained.
- The taxpayer must be provided with a copy of the Form EF along with documentation of all completed Oklahoma forms and schedules filed for the taxpayer. This documentation may be furnished on official Oklahoma forms, on copies of official forms, or on software designed forms that have been approved by OTC.

Entry of the Taxpayer's Personal Identification Number (PIN) or use of an electronic signature pad (as authorized by the Internal Revenue Service) in the electronic filing process operated by the IRS shall service as an "electronic signature". Entry of the taxpayer's PIN or use of an electronic signature pad as signature will only be allowed on a linked (Fed/State) electronically-filed return. Use of a PIN will not be allowed on an unlinked (State Standalone) return.

Acknowledgement System

The Tax Commission will generate an acknowledgement of acceptance or rejection for all returns received. The acknowledgment record will be in a format approved and agreed upon by the IRS, state agencies, transmitters and software developers.

Transmitters and software developers should allow 1 business day to receive the state acknowledgment before contacting the Tax Commission.

A return is not considered filed until an acknowledgement of acceptance has been received.

Timeliness of Filing

All prescribed due dates for filing of returns apply to MeF returns. If any due date falls on a Saturday, Sunday or legal holiday when OTC's offices are closed, the return must be filed by the next business day.

Other Guidelines

- ExplanationStatement element –

The Explanation Statement may be used to provide additional information. For example the taxpayer wants to elect to forego the Oklahoma Net Operating Loss carryback period. The <ExplanationStatement> element may be used for this election.

Balance Due Returns

Taxpayers who file their return electronically can elect to pay their balance due by four different methods. The taxpayer is responsible for paying the amount due OTC when a return is filed or no later than the original due date.

- Direct debit (electronic funds withdrawal), for a full or partial payment when filing their return and choose an effective date.

Taxpayers may have their payments directly withdrawn from their checking or savings account. The bank routing and account numbers, the amount to be withdrawn and the date the funds are to be withdrawn must be supplied as part of the e-Filed return.

The RequestedPaymentDate in the StatePayment section of the FinancialTransaction is used to indicate an ACH Debit's Effective Date. Holidays and weekends are not valid effective dates.

Oklahoma does not accept International ACH Transactions (IAT) at this time. If the IAT indicator field is marked, the taxpayer should submit the balance due by another means.

- Electronic Funds Transfer (EFT) ACH Debit.

Taxpayers can choose to have their payment directly withdrawn from their checking or savings account via the OTC website. Visit the "Online Services" section at www.tax.ok.gov.

- Credit Card Payment

Credit card payments may be made through the OTC website. Visit the "Online Services" section at www.tax.ok.gov. Please be aware a convenience fee will be added to the transaction.

- Check or money order accompanied by payment Form EF-V

Checks or money orders should accompany the Form EF-V and be mailed to the OTC at the following address:

Oklahoma Tax Commission
Electronic Filing
PO Box 26890
Oklahoma City OK 73126-0890

Do not mail a copy of the tax return with the payment.

If the taxpayer is making a partial payment, a billing coupon will be sent for the balance due at which time the taxpayer will have the option of paying the remaining balance in full, or making the minimum payment until the balance is paid in full.

Refund Returns

Taxpayers have three options when their return shows an overpayment of tax. They may elect to have any or all of their overpayment:

- Direct deposited into a checking or savings account. The bank routing and account numbers must be supplied as part of the e-Filed return. **Note:** *Due to the electronic banking rules, the Oklahoma Tax Commission will not allow direct deposits to or through foreign financial institutions. The taxpayer will be issued a paper check.*
- Applied to next year's estimated tax
- Donated to a variety of Oklahoma organizations. See the 512 or 512-S instructions for a list of the organizations.

Taxpayers should first confirm acknowledgment of their Oklahoma return with their practitioner or transmitter. Tax preparers should wait at least 7 days from the date of acknowledgment before contacting the OTC about their refund.

Changes to Electronic Returns

After an electronic return is acknowledged as accepted, it cannot be recalled, intercepted or changed in any manner. If either the ERO or taxpayer wishes to change any entries on an accepted electronic return, an amended return must be filed.

Name, address or FEIN changes may be made by contacting the Corporate Section of our Compliance Division. Contact the Section by phone at (405) 521-3126, fax at (405) 522-3283, or by mail at Oklahoma Tax Commission, Corporate-Compliance Division, PO Box 269054, Oklahoma City OK 73126-9054. Be sure and include your name and telephone number on any correspondence.

Responsibilities of Electronic Filers

The guidelines in IRS Publications must be followed for Oklahoma Electronic Filing.

- **Penalties for Disclosure or Use of Information**

Guidelines outlined in Section 6, IRS Revenue Procedure 93-8 should be followed, as well as Title 68, Section 205 Oklahoma Statutes.

- **Penalties for Late Filing, Late Payment and Fraudulent Returns**

This provision provides due notice that all penalties, interest and criminal provisions which are applicable for paper returns, are also applicable for electronic returns. Specifically, penalty and interest on tax for late filing and/or late payment will be assessed.

Penalties will be assessed for any person filing a fraudulent or misleading return. Additionally any person who willfully subscribes or presents a fraudulent return will be subject to prosecution and the penalties.

- * Other criminal provisions will be applicable to the extent that a person attempts to commit forgery and falsify signatures on any electronic filing form or check

- * Any attempt to pass bad checks for payment of taxes will be prosecuted.

- **Advertising Standards**

Guidelines in IRS Publications and Revenue Procedure 93-8, Sec 12.01 through 03 and 05 through 09 must be followed for Oklahoma MeF, as though references to the IRS or Service were references to the OTC, State of Oklahoma, or the State and references to the FMS or Treasury Seals were references to the State of Oklahoma Seal.

- **Monitoring and Suspension of an Electronic Filer**

The OTC will monitor electronic filers for conformity to this publication. Under the MeF Program, the OTC can recommend suspension of an electronic filer for due cause through the local IRS District Office Coordinator.

Note: Warning letters, suspension and rejection from electronic filing will be administered by the local IRS District Director.
