

Virginia Tax

Individual Income e-File Test Package

Tax Year 2023

Overview

This publication provides guidelines for the Software Developers and Transmitters to test their software with the Fed/State e-File program for the Individual income tax form packages: 760CG, 760PY and 763.

Please refer to the 2023 Individual Income e-File Guide and Specifications for important details and guidance concerning certain Virginia tax computations and other information important to developing Virginia tax preparation software.

All test scenarios are required to be submitted. If an element of the test is not supported, please indicate as a limitation and submit the test without the element(s).
