General Instructions

Note: Instead of filing Form VA-8453F, a fiduciary officer filing a fiduciary's return through an electronic return originator (ERO) may opt to sign the return using a personal identification number (PIN). Refer to Form VA-8879F, Virginia e-file Signature Authorization.

This form should be retained by the ERO. Do not send this form to the Virginia Department of Taxation (Virginia Tax) or the IRS.

Purpose of Form

Use Form VA-8453F to:

- Authenticate the electronic portion of Form 770, Virginia Fiduciary Income Tax Return,
- Authorize the ERO to transmit via a third party transmitter, and
- Authorize the intermediate service provider (ISP) to transmit via a third party transmitter if you are filing online.

When and Where to File

This form must be retained by the preparer/ERO for three (3) years or for online filed returns, the fiduciary must retain for three (3) years once the Virginia acknowledgment is received. For self-prepared returns, the transmitter must retain the form. Preparers, EROs, transmitters and or taxpayers must make the documents available to Virginia Tax upon request.

Line Instructions

Name of Fiduciary. Print or type the fiduciary's name in the space provided.

Federal Employer Identification Number. Enter the fiduciary's FEIN in the space provided.

Online Filed Return. This box should only be checked if the return is filed by the fiduciary officer via the Internet.

Part I - Tax Return Information

Provide requested line items from Form 770, Virginia Fiduciary Income Tax Return.

Part II - Declaration of Officer

The fiduciary officer's signature, title, and date of signature are required.

The taxpayer must ensure that the following information relating to the financial institution account is provided in the tax preparation software:

- Routing number
- Account number
- Type of account (checking or savings)
- Direct debit amount for tax due returns
 (Note: Direct debits from a taxpayer's account will occur 5 to 7 business days from the requested direct debit date.)

Banking and IATs

Federal banking regulations have imposed additional reporting requirements on all electronic banking transactions that directly involve a financial institution outside of the territorial jurisdiction of the United States at any point in the process. These are called International ACH Transactions (IAT) and include electronic direct debit (tax payments).

At present, Virginia Tax does not support IAT. Taxpayers who instruct Virginia Tax to process electronic banking transactions on their behalf are certifying that the transactions do not directly involve a financial institution outside of the territorial jurisdiction of the United States at any point in the process.

Part III - Declaration of Electronic Return Originator (ERO) and Paid Preparer

Note: If the return is filed online through an ISP and/or transmitter (not using an ERO), do not complete Part III.

A paid preparer must sign Form VA-8453F in the space for Paid Preparers. EROs and Paid Preparers may sign Part III of the form using the alternative signature methods using a rubber stamp, mechanical device, such as a signature pen, or computer software program. The signature must include either a facsimile of the ERO's signature or of the ERO's printed name.

If the paid preparer is also the ERO, do not complete the paid preparer section. Instead, check the box labeled "Y" next to "Paid Preparer?".
