

Instructions for Vermont Estimated Income Tax Payments for Nonresident Shareholders, Partners, or Members FORM WH-435

If no payment is due, DO NOT file Form WH-435.

NOTES

Pass-through entities are required to make estimated income tax payments on behalf of shareholders, partners, or members who are Vermont nonresidents. Estimated payments are due quarterly on the 15th day of the 4th, 6th, and 9th month of the fiscal year, and the 1st month of the following year (April, June, September, and January for a calendar-year entity).

The total required annual payment is calculated by applying the current rate of 6.6% to the Vermont-source income (including guaranteed partnership payments) distributed or allocable to nonresident shareholders, partners, or members. The income amount will be calculated on Schedule BI-472 or Schedule BI-473.

A "safe harbor catch-up" payment may be made at the original (not extended) due date for the entity return. For "catch-up" payments, be sure to indicate the correct fiscal year to which the payment should be credited. **Do not make catch-up payments after the original due date for the entity return.** In order for the catch-up payment to be valid and eliminate underpayment interest and penalty, the taxpayer must have made four quarterly payments sufficient to cover at least the lesser of 90% of the current year's or 100% of the prior year's tax liability.

If either the current or prior year estimated payment amount is \$500 or less, then no underpayment P&I is assessed, but a single payment by 4th due date must be made.

All estimated payments will be distributed to nonresident shareholders, partners, and members, or applied to entity composite tax, as directed on Form BI-471, the annual Business Income Tax Return.

Review 32 V.S.A. §§ 5914 & 5920, and Technical Bulletin 06 for details. Information is available at <http://tax.vermont.gov>
