LINE-BY-LINE INSTRUCTIONS

PART I Taxable Municipal Bond Income

Interest and dividend income from non-Vermont state and local obligations are taxable in Vermont. A Vermont obligation is one from the State of Vermont or Vermont municipality.

- Line 1** Enter the total interest and dividend income received from all state and local obligations exempted from federal tax. You may not reduce interest and dividend income by investment expenses if those expenses are not used to reduce income on your federal return.
- Line 2** Enter the interest and dividend income from Vermont obligations. This may have been paid directly or through a mutual fund or other legal entity that invests in Vermont state and local obligations. If the income is received from a mutual fund that has only a portion of its assets invested in Vermont state and local obligations, enter only the Vermont obligation amount.
- Line 3** Line 1 minus Line 2. Enter result here and also on Form FIT-161, 2022 Fiduciary Return of Income, Line 2a. This is the amount of interest and dividend income from non-Vermont state and local obligations that must be included in Vermont taxable income.
- Line 4** Check this box if all municipal bond income was distributed and should not be taxed on this return.
