### IMPORTANT INFORMATION FOR 2022

- You are required to submit your original withholding documents, such as W-2's, 1099's, K-1's, and NRW-2's. Failure to submit this documentation will result in the disallowance of the withholding amount claimed.
- Additional municipalities are now subject to the Municipal Use Tax. Visit www.tax.wv.gov for a complete list of West Virginia municipalities
  that impose a Use tax.
- You can now interact with us online at mytaxes.wvtax.gov. Services offered include bill pay and secure communication about your return. Before you call, please use our MyTaxes portal. At this time, we do not offer online filing through that portal. Online filing options are available on our website.

### RETURNED PAYMENT CHARGE

The Tax Division will recover a \$15.00 fee associated with returned electronic bank transactions. These bank transactions include but are not limited to the following:

- Direct Debit (payment) transactions returned for insufficient funds.
- · Stopped payments.
- Bank refusal to authorize payment for any reason.
- Direct Deposit of refunds to closed accounts.
- Direct Deposit of refunds to accounts containing inaccurate or illegible account information.

Paper Checks returned for insufficient funds will incur a \$28.00 fee.

The fee charged for returned or rejected payments is to recover the amount charged to the Tax Division by the financial institutions.

# IMPORTANT: THERE ARE STEPS THAT CAN BE TAKEN TO MINIMIZE THE LIKELIHOOD OF A REJECTED FINANCIAL TRANSACTION OCCURRING:

- Be sure that you are using the most current bank routing and account information.
- If you have your tax return professionally prepared, the financial information used from a prior year return often carries over to the current return. It is important to verify your bank routing and account information from a check with your tax preparer. This will ensure the information is accurate and current in the event that a bank account previously used was closed or changed either by you or the financial institution.
- If you prepare your tax return at home using tax preparation software, the financial information used from a prior year return often carries over to the current return. It is important that you verify this information by reviewing the bank routing and account information from a current check. This will ensure the information is accurate and current.
- If you prepare your tax return by hand using a paper return form, be sure that all numbers entered when requesting a direct deposit of refund are clear and legible.
- If making a payment using MyTaxes, be sure that the bank routing and account numbers being used are current.
- If scheduling a delayed debit payment for an electronic return filed prior to the due date, make sure that the bank routing and account numbers being used will be active on the scheduled date.
- Be sure that funds are available in your bank account to cover the payment when checks or delayed debit payments are presented for payment.

### TIPS ON FILING A PAPER RETURN

The Tax Division processes E-filed returns more quickly than paper returns. However, if you file a paper return there are several things you can do to speed-up the processing of your return. Faster processing means faster refunds!

- Make sure you have received all W-2s, 1099s, and other tax documents for the 2022 tax year.
- Complete your federal income tax return first.
- Do not use prior year forms.
- IT 140W has been discontinued. SEND all W-2s, 1099s, K-1s or WV NRW-2s.
- Paper returns are electronically scanned. The processing of the return (and any refund) is delayed when information on the return is not clear.
- Use BLACK INK. Do not use pencils, colored ink, or markers.
- Do not write in the margins unless specifically instructed to do so.
- Always put entries on the lines, not to the side, above or below the line.
- Do not submit photocopies to the Division.
- Lines where no entry is required should be left blank. Do not fill in with zeros.
- · Do not use staples.
- Make sure all required forms and schedules are included with the tax return.
- Sign your return.
- Write your name and address clearly using BLOCK CAPITAL LETTERS as in the following example:

SMITH	JR	LIAM	W
Last Name	Suffix	Your First Name	MI
MILLER		AMELIA	Н
Spouse's Last Name – Only if different from Last Name above		Spouse's First Name	MI
1234 N 5TH ST			
First Line of Address		Second Line of Address	
ANYWHERE		WV 55555 6789	
City		State Zip Code	

- NEVER USE COMMAS when filling in dollar amounts.
- Round off amounts to WHOLE DOLLARS NO CENTS.
- Do not use parentheses () for a negative number. Use a dark, bold negative sign: -8300 rather than (8300).
- Print your numbers like this: 0 | 23456789 Do not use: 0 147
- Do not add cents in front of the preprinted zeros on entry lines. Numbers should be entered as shown below:

Federal Adjusted Gross Income	40000.00
Additions to Income	.00
Subtractions from Income	<b>00</b> .0008
West Virginia Adjusted Gross Income	32000.00

### **GENERAL INFORMATION**

### WHO MUST FILE

You must file a West Virginia income tax return if:

- You were a resident of West Virginia for the entire taxable year. You were a resident of West Virginia for a part of the taxable year (Part-Year Resident).
- You were not a resident of West Virginia at any time during 2022, but your federal adjusted gross income includes income from West Virginia sources (nonresident).

You are required to file a West Virginia return even though you may not be required to file a federal return if:

- Your West Virginia adjusted gross income is greater than your allowable deduction for personal exemptions (\$2,000 per exemption, or \$500 if you claim zero exemptions). Your income is to be determined as if you had been required to file a federal return. Your exemptions are to be determined following the rules on page 21.
- You are claiming a SCTC or HEPTC credit
- You are due a refund.

You are not required to file a West Virginia return if you and your spouse are 65 or older and your total income is less than your exemption allowance plus the senior citizen modification. For example, \$2,000 per exemption plus up to \$8,000 of income received by each taxpayer who is 65 or older. However, if you are entitled to a refund you must file a return.

### RESIDENCY STATUS

### IT-140 RESIDENT

A **resident** is an individual who:

- Spends more than 30 days in West Virginia with the intent of West Virginia becoming his/her permanent residence; or
- Maintains a physical presence in West Virginia for more than 183 days of the taxable year, even though he/she may also be considered a resident of another state.

### IT-140 PART-YEAR RESIDENT

A part-year resident is an individual who changes his/her residence either:

- From West Virginia to another state, or
- From another state to West Virginia during the taxable year.

### IT-140 FULL-YEAR NONRESIDENT

A full-year nonresident is an individual who is:

- A resident of West Virginia who spends less than 30 days of the taxable year in West Virginia, and maintains a permanent place of residence outside West Virginia; or
- A resident of another state who does not maintain a physical presence within West Virginia and does not spend more than 183 days of the taxable year within West Virginia.

### IT-140 SPECIAL NONRESIDENTS

A Special Nonresident is an individual who is:

- A resident of Kentucky, Maryland, Ohio, Pennsylvania, or Virginia for the entire taxable year; and
- Your only source of West Virginia income was from wages and salaries.

Nonresidents who DO NOT have West Virginia source income or withholdings are not required to file a West Virginia return.

Mark the nonresident special box on the front of the return and complete Part II of Schedule A.

### IT-140 NRC-COMPOSITE RETURN

Nonresident individuals who are partners in a partnership, shareholders in a S corporation or beneficiaries of an estate or trust that derives income from West Virginia sources may elect to be included on a nonresident composite return. If this election is made, the IT-140NRC is filed by the pass-through entity and eliminates the need for the individual to file a separate nonresident/ part-year resident return for income reported on the IT-140NRC. A \$50 processing fee is required for each composite return filed.

If a separate individual return is filed, the nonresident must include the West Virginia income derived from the pass-through entity filing the composite return. Credit may be claimed for the share of West Virginia income tax remitted with the composite return.

The IT-140NRC is available on our website at tax.wv.gov.

### AMENDED RETURN

Use the version of Form IT-140 that corresponds to the tax year to be amended and check the "Amended Return" box. These forms and corresponding instructions are available on our website at tax.wv.gov.

You must file a West Virginia amended return if any of the following conditions occur:

- To correct a previously filed return; or
- You filed an amended federal income tax return and that change affected your West Virginia tax liability; or
- The Internal Revenue Service made any changes to your federal return (i.e., change in federal adjusted gross income, change in exemptions, etc.). If either you or the Internal Revenue Service make a change to your federal return which causes either and increase or decrease in your Federal Adjusted Gross Income, an amended West Virginia return must be filed within ninety (90) days after a final determination for such change is made. A copy of your amended federal income tax return must be enclosed with the West Virginia amended return. Do not enclose a copy of your original return.

If you are changing your filing status from married filing jointly to married filing separately or from married filing separately to married filing jointly, you must do so in compliance with federal guidelines. If your original return was filed jointly and you are amending to file separately, your spouse must also file an amended separate return.

If the amended return is filed after the due date, interest and penalty for late payment will be charged on any additional tax due. An additional penalty will be assessed if you fail to report any change to your federal return within the prescribed time.

Space is provided on page 49 to explain why you are filing an amended return.

### NONRESIDENT/PART-YEAR RESIDENT

A part-year resident is subject to West Virginia tax on the following:

- Taxable income received from ALL sources while a resident of West Virginia;
- West Virginia source income earned during the period of nonresidence; and
- Applicable special accruals.

### WEST VIRGINIA SOURCE INCOME

The West Virginia source income of a nonresident is derived from the following sources included in your federal adjusted gross income:

- Real or tangible personal property located in West Virginia;
- Employee services performed in West Virginia;
- A business, trade, profession, or occupation conducted in West Virginia;

- A S corporation in which you are a shareholder;
- Your distributive share of West Virginia partnership income or gain;
- Your share of West Virginia estate or trust income or gain and royalty income:
- West Virginia Unemployment Compensation benefits;
- Prizes awarded by the West Virginia State Lottery.

West Virginia source income of a nonresident does not include the following income even if it was included in your federal adjusted gross income:

- Annuities and pensions;
- Interest, dividends or gains from the sale or exchange of intangible personal property unless they are part of the income you received from conducting a business, trade, profession, or occupation in West Virginia.
- Gambling winnings, other than prizes awarded by the West Virginia State Lottery as described above, unless you are engaged in the business of gambling (file a Schedule C related to gambling activity for federal income tax purposes) and you engage in that business, trade, profession, or occupation in West Virginia.

NONRESIDENTS AND PART-YEAR RESIDENTS MUST FIRST COMPLETE LINES 1 THROUGH 7 OF FORM IT-140, THEN COMPLETE SCHEDULE A. Income earned outside of West Virginia may not be claimed on Schedule M as other deductions. Please use Schedule A. To compute tax due, use the calculation worksheet located on page 10. (Instructions for Schedule A can be found on pages 26 through 28.)

### **INCOME**

In Column A of Schedule A, you must enter the amounts from your federal return. Income received while you were a resident of West Virginia must be reported in Column B. Income received from West Virginia sources while a nonresident of West Virginia must be reported in Column C.

### **ADJUSTMENTS**

The amounts to be shown in each line of Column B and/or Column C of Schedule A are those items that were actually paid or incurred during your period of residency, or paid or incurred as a result of the West Virginia source income during the period of nonresidence. For example, if you made payments to an Individual Retirement Account during the entire taxable year, you may not claim any payments made while a nonresident unless the payments were made from West Virginia source income. However, you may claim the full amount of any payments made during your period of West Virginia residency.

### **SPECIAL ACCRUALS**

In the case of a taxpayer changing from a RESIDENT to a NONRESIDENT status, the return must include all items of income, gain, or loss accrued to the taxpayer up to the time of his change of residence. This includes any amounts not otherwise includible on the return because of an election to report income on an installment basis. The return must be filed on the accrual basis whether or not that is the taxpayer's established method of reporting.

For example, a taxpayer who moves from West Virginia and sells his West Virginia home or business on an installment plan must report all income from the sale in the year of the sale, even though federal tax is deferred until the income is actually received.

### **FILING STATUS**

There are five (5) filing status categories for state income tax purposes. Your filing status will determine the rate used to calculate your tax.

- Single
- · Head of Household

- Married Filing Jointly. You must have filed a joint federal return to be eligible to file a joint state return. If you filed a joint federal return, you may elect to file your state return as either "Married Filing Jointly" using the state's tax Rate Schedule I or as "Married Filing Separately" using Rate Schedule II.
- Married Filing Separately. If you are married but filed separate federal returns, you MUST file separate state returns. If you file separate returns you must use the "Married Filing Separately" tax Rate Schedule II to determine your state tax.
- Widow(er) with a dependent child.

When joint federal but separate state returns are filed, each spouse must report his/her federal adjusted gross income separately as if the federal adjusted gross income of each had been determined on separately filed federal returns.

If one spouse was a resident of West Virginia for the entire taxable year and the other spouse a nonresident for the entire taxable year and they filed a joint federal income tax return, they may choose to file jointly as residents of West Virginia. The total income earned by each spouse for the entire year, regardless of where earned, must be reported on the joint return as taxable to West Virginia. No credit will be allowed for income taxes paid to the other state.

A joint return may not be filed if one spouse changes residence during the taxable year, while the other spouse-maintained status as a resident or nonresident during the entire taxable year.

### DECEASED TAXPAYER

A return must be filed for a taxpayer who died during the taxable year. Check the box "DECEASED" and enter the date of death on the line provided. If a joint federal return was filed for the deceased and the surviving spouse, the West Virginia return may be filed jointly. The surviving spouse should write on the signature line for the deceased "filing as surviving spouse". If a refund is expected, a completed Schedule F must be enclosed with the return so the refund can be issued to the surviving spouse or to the decedent's estate. Schedule F may be found on page 13.

### **EXEMPTIONS**

You can no longer claim personal exemptions on your federal income tax return. West Virginia has retained personal exemptions under the same rules applicable under federal law in prior years. The West Virginia personal exemption allowance is \$2,000 per allowable exemption, or \$500 if someone else can claim an exemption for you on their return. See the rules for personal exemptions on page 21.

### ITEMIZED DEDUCTIONS

The State of West Virginia does not recognize itemized deductions for personal income tax purposes. Consequently, itemized deductions claimed on the federal income tax return **cannot** be carried to the West Virginia return. Gambling losses claimed as itemized deductions on the federal income tax return cannot be deducted on the West Virginia tax return. There is no provision in the West Virginia Code to offset gambling winnings with gambling losses.

### PROPERTY TAX CREDITS

The Senior Citizen Tax Credit and Homestead Excess Property Tax Credit are available to low-income taxpayers. Some taxpayers may qualify for both. If you qualify for both credits, a state return must be filed to receive the credits, even if you have no federal requirement.

### SENIOR CITIZENS TAX CREDIT

Credit eligibility is restricted to taxpayers who participate in the Homestead Exemption program (administered by the county assessor's office), who incur and pay property taxes and whose federal adjusted gross income is less than 150% of federal poverty guidelines.

The maximum federal adjusted gross income level is \$20,385 for a single person household plus an additional \$7,080 for each additional person in the household (e.g., \$27,465 for a two-person household).

You will receive form WV SCTC-A by mail if you participate in the Homestead Exemption program. If you are only claiming the SCTC-A and are not required to file a tax return, you only need to submit the SCTC-A form. If you are claiming both the SCTC-A and the HEPTC-1 you need to file a state tax return to claim the credits. Additional information can be found on page 33 of this booklet and in Publication TSD-411 which can be found on our website at tax.wv.gov.

### HOMESTEAD EXCESS PROPERTY TAX CREDIT

The Homestead Excess Property Tax Credit provides a refundable credit of up to \$1,000 for low-income property owners whose real property tax, less senior citizen tax credit, paid on your OWNER-OCCUPIED home exceeds 4% of your income (gross household income including social security benefits). Low-income is defined as federal adjusted gross income that is 300% or less of the federal poverty guideline, based upon the number of individuals in the family. Eligibility for the Homestead Exemption program is not necessary to qualify for this credit. Schedule HEPTC-1 on page 12 must be completed in its entirety to determine eligibility to claim the credit. A completed Schedule HEPTC-1 and Class II receipt showing payment must be filed with you return to claim the Homestead Excess Property Tax Credit.

# SPOUSES OF UNITED STATES MILITARY SERVICE MEMBERS

Effective for taxable year 2009, spouses of military service members may be exempt from West Virginia income tax on wages received from services performed in West Virginia if all three of the following conditions are met:

- The service member is present in West Virginia in compliance with military orders;
- The spouse is in West Virginia solely to be with the service member;
- The spouse maintains domicile in another state.

It is not a requirement for both spouses to have the same state of domicile, nor in the case of border installations, live in the state where the service member is stationed. Eligible spouses wishing to claim this exemption from income tax may file a revised Form IT-104 with the spouse's employer and must also attach a copy of their "spouse military identification card" when providing this form to their employer.

Any refunds for taxable year 2022 may be claimed on a properly filed IT-140 indicating "Nonresident Military Spouse" above the title on the first page. Military spouses should check the Nonresident Special box on Form IT-140 and complete Part II of Schedule A. A copy of their State of Legal Residence Certificate, form DD2058, must be enclosed with their return when it is filed. Nonresident military service members and their spouses may be lightly for West Virginia income tower other types of West Virginia.

Nonresident military service members and their spouses may be liable for West Virginia income tax on other types of West Virginia income such as business income, interest income, unemployment compensation, etc. These types of income are reported on the Schedule A (see pages 9 & 10).

### MEMBERS OF THE ARMED FORCES

If your legal residence was West Virginia at the time you entered military service, assignment to duty outside the state does not change your West Virginia residency status. You must file your return and pay the tax due in the same manner as any other resident individual unless you did not maintain a physical presence in West Virginia for more than 30 days during the taxable year.

If, during 2022, you spent more than 30 days in West Virginia, you are considered to be a West Virginia resident for income tax purposes and must file a resident return and report all of your income to West Virginia.

If there is no West Virginia income tax withheld from your military income, you may find it necessary to make quarterly estimated tax payments using Form IT-140ES.

If, during 2022, you did not spend more than 30 days in West Virginia and had income from a West Virginia source, you may be required to file an income tax return with West Virginia as any other nonresident individual, depending upon the type of income received.

A member of the Armed Forces who is domiciled outside West Virginia is considered to be a nonresident of West Virginia for income tax purposes; therefore, his/her military compensation is not taxable to West Virginia even though he/she is stationed in West Virginia and maintains a permanent place of abode therein. Check the Nonresident Special box on Form IT-140 and complete Part II of Schedule A. A copy of your military orders and Form DD2058 must be enclosed with the return.

**Combat pay** received during 2022 is not taxable on the federal income tax return. Therefore, it is not taxable on the state return.

### **ACTIVE DUTY MILITARY PAY**

A West Virginia National Guard and Reserve service member is entitled to a decreasing modification while on active duty in support of the contingency operation as defined in Executive Order 13223 and subsequent amendments—such as those called to active duty as part of Operation Noble Eagle, Operation Enduring Freedom, Operation Iraqi Freedom, Operation New Dawn, and Operation Inherent Resolve, as well as any other current or future military operations deemed to be part of the Overseas Contingent Operations (OCO). The President's memorandum applies to any West Virginia National Guard and Reserve service members called to active duty in support of the OCO, whether deployed or stateside. This income is shown on Schedule M, line 34, as a decreasing modification to your federal adjusted gross income. A copy of your military orders and W-2 must be included with the return when it is filed.

Active Military Separation: If you are a West Virginia resident on active duty for at least 30 continuous days and have separated from active military service, your active duty military pay from the armed forces of the United States, the National Guard, or Armed Forces Reserve is an authorized modification decreasing your federal adjusted gross income; however, only to the extent the active duty military pay is included on your federal adjusted gross income for the tax year it was received. A copy of your military orders, DD 214, and W-2 must be included with your return when filed.

# CERTAIN STATE AND FEDERAL RETIREMENT SYSTEMS

The modification for pensions and annuities received from the West Virginia Public Employees' Retirement System, the West Virginia Teachers' Retirement System, and Federal Retirement is limited to a maximum of \$2,000 and entered on Schedule M. The State of West Virginia does not impose tax on the retirement income received from any West Virginia state or local police, deputy sheriffs' or firemen's retirement system, federal law enforcement retirement, or military retirement, including survivorship annuities. See instructions for Schedule M on page 23.

### US RAILROAD RETIREMENT

The State of West Virginia does not tax this income. All types of United States Railroad Retirement Board benefits, including unemployment compensation, disability and sick pay included on the federal return should be entered on Schedule M, line 38. See instructions on page 24.

### **AUTISM MODIFICATION**

For tax years beginning on or after January 1, 2011 a modification was created reducing federal adjusted gross income in the amount of any qualifying contribution to a qualified trust maintained for the benefit of a child with autism. Any established trust must first be approved by the West Virginia Children with Autism Trust Board. The modification is claimed on line 41 of Schedule M with maximum amounts of \$1,000 per individual filer and persons who are married but filing separately and \$2,000 per year for persons married and filing a joint income tax return.

### TAXPAYERS OVER AGE 65 OR DISABLED

An individual, regardless of age, who was certified by a physician as being permanently and totally disabled during the taxable year, or an individual who was 65 before the end of the taxable year may be eligible for certain modifications that will reduce their federal adjusted gross income for West Virginia income tax purposes up to \$8,000. See instructions for Schedule M on page 25.

### **SURVIVING SPOUSE**

Regardless of age, a surviving spouse of a decedent may be eligible for a modification reducing his/her income up to \$8,000 provided he/she did not remarry before the end of the taxable year. The modification is claimed on Schedule M. The decedent must have attained the age of 65 prior to his/her death or, regardless of age, must have been certified as permanently and totally disabled. See instructions for line 47 of Schedule M on page 26 to determine if you qualify for this modification. The surviving spouse should write on the signature line for the deceased "filing as surviving spouse".

A surviving spouse who has not remarried at any time before the end of the taxable year for which the return is being filed may claim an additional exemption for the two (2) taxable years following the year of death of his/her spouse.

### WEST VIRGINIA COLLEGE SAVINGS PLAN AND PREPAID TUITION TRUST FUNDS

Taxpayers making payments or contributions to programs of the West Virginia Prepaid Tuition Trust and/or West Virginia Savings Plan Trust, operated under the trade names of SMART529™ or West Virginia Prepaid College Plan, may be eligible for a modification on the state return. This deduction can be claimed on Line 37, Schedule M. Unqualified withdraws from the plan/trust must be reported on Line 55, Schedule M. For more information regarding participation in this program, contact SMART529™ Service Center at 1-866-574-3542.

### FILING REQUIREMENTS FOR CHILDREN UNDER AGE 18 WHO HAVE UNEARNED (INVESTMENT) INCOME

Any child under the age of 18 who has investment income and whose parents qualify and elect to report that income on their return, is not required to file a return with the State of West Virginia. This election is made in accordance with federal guidelines.

Any child under the age of 18 whose income is not reported on his/her parent's return must file their own West Virginia return and report all of their income. If the child is claimed as an exemption on their parent's return, he/she must claim zero exemptions on the state return and claim a \$500 personal exemption allowance.

### REFUND OF OVERPAYMENT

A return must be filed to obtain a refund of any overpayment. In order to receive a refund of an overpayment of \$2 or less, you must enclose a signed statement with your return requesting that the refund be sent to you.

### **DIRECT DEPOSIT**

You may have your refund directly deposited into your bank account. To avoid delay of your direct deposit, verify your routing and account numbers from a check before filing your return. Refunds are issued in the form of United States currency. If you choose to have your refund direct deposited, your depositor must be capable of accepting US currency.

### PENALTIES AND INTEREST

Interest must be added to any tax due that is not paid by the due date of the return even if an extension of time for filing has been granted. The rate of interest will be fixed every year to equal the adjusted prime rate charged by banks (as of the first business day of the preceding December) plus three percentage points. Visit www.tax.wv.gov in order to obtain the current interest rate.

Penalties (i.e. Additions to Tax) for late filing can be avoided by sending in your return by the due date. The law provides that a penalty of five percent (5%) of the tax due for each month, or part of a month, may be imposed for the late filing of the return up to a maximum of twenty-five percent (25%) unless reasonable cause can be shown for the delay.

The law provides that an additional penalty may be imposed for not paying your tax when due. This penalty is one-half of one percent ( $\frac{1}{2}$  of  $\frac{1}{6}$ ) of the unpaid balance of tax for each month, or part of a month, the tax remains unpaid, up to a maximum of twenty-five percent (25%).

You may access an Interest and Additions to Tax Calculator on our website at tax.wv.gov or you may call (304) 558-3333 or 1-800-982-8297 for assistance.

The West Virginia Tax Crimes and Penalties Act imposes severe penalties for failing to file a return or pay any tax when due, or for making a false return or certification. The mere fact that the figures reported on your state return are taken from your federal return will not relieve you from the imposition of penalties because of negligence or for filing a false or fraudulent return. The statute of limitations for prosecuting these offenses is three years after the offense was committed.

# PENALTY FOR UNDERPAYMENT OF ESTIMATED TAX

If your return shows a balance due greater than \$600, you may be subject to a penalty for not prepaying enough personal income tax through withholding and/or quarterly estimated tax payments. The penalty is computed separately for each installment date. Therefore, you may owe the penalty for an earlier due date even if you paid enough tax later to make up the underpayment. This is true even if you are due a refund when you file your tax return. However, you may be able to reduce or eliminate the penalty by using the annualized income installment method. Use Form IT-210 on page 45 through 47 to calculate your penalty. Instructions can be found on page 22. If you do not complete form IT-210, the West Virginia Tax Division will calculate the penalty for you. You will receive a notice for the amount of penalty due.

To avoid future penalties, you should increase your withholding or begin making quarterly estimated payments for tax year 2023.

### RETURNED PAYMENT CHARGE

There will be a charge of \$15 for each payment (Check or EFT) that is returned due to insufficient funds. There will be a \$28 fee for returned checks.

### **CREDIT FOR ESTIMATED TAX**

You must make quarterly estimated tax payments if your estimated tax liability (your estimated tax reduced by any state tax withheld from your income) is at least \$600, unless that liability is less than ten percent (10%) of your estimated tax. The total estimated tax credit to be claimed on your return is the sum of the payments made with the quarterly installments for taxable year 2022, any overpayments applied from your 2021 personal income tax return and any payments made with your West Virginia Application for Extension of Time to File (WV 4868).

### **EXTENSION OF TIME**

If you obtain an extension of time to file your federal income tax return, you are automatically allowed the same extension of time to file your West Virginia income tax return. Enter the date of the federal extension was granted in the appropriate box. If a federal extension was granted electronically, write "Federal Extension Granted" and the confirmation number at the top of the West Virginia return. Also, enter the extended due date in the appropriate box. A copy of Federal Schedule 4868 must be enclosed with your return. If you only need an extension of time to file the West Virginia return or to pay any tax due, you must submit a completed West Virginia Application for Extension of Time to File (WV4868). This is not an extension to pay.

### **SIGNATURE**

Your return MUST be signed. A joint return must be signed by both spouses. If you and your spouse (if filing a joint return) do not sign the return, it will not be processed. If the return is prepared by an authorized agent of the taxpayer, the agent must provide their FEIN, sign the return, date and enter their phone number. If a joint federal return was filed for a deceased taxpayer, the surviving spouse should write on the signature line for the deceased "filing as surviving spouse".

### WEST VIRGINIA INCOME TAX WITHHELD

**Electronic Filing** – It is not necessary to submit withholding documents since this information will transmit electronically once entered within the software.

Paper Filed Returns – Enter the total amount of West Virginia tax withheld as shown on your withholding documents. If you are filing a joint return, be sure to include any withholding for your spouse. Original withholding documents (W-2's, 1099's, K-1's, and NRW-2's) must be enclosed with your paper return. Failure to submit this documentation will result in the disallowance of the credit claimed. Note: Local or municipal fees cannot be claimed as West Virginia income tax withheld. If the withholding source is for a nonresident sale of real estate transaction, a form WV NRSR must be completed and on file with the Tax Division prior to submitting a tax return. On your tax return, mark the box on line 15, submit Schedule D, and form 8949 or 4797 from your federal return.

### FAILURE TO RECEIVE A WITHHOLDING TAX STATEMENT (W-2)

If you fail to receive a withholding tax statement (Form W-2, W-2G, or 1099) from an employer by February 15th, you may file your income tax return using a substitute form. All efforts to obtain a W-2 statement from the payer must be exhausted before a substitute form will be accepted. West Virginia Substitute W-2 (Form WV IT-102-1) must be completed and retained for your

records in the same manner as Form W-2 for a period of not less than three years. This information may be obtained from your pay stub(s). DO NOT use federal Form 4852 (Substitute for W-2). It does not provide all the necessary information and WILL NOT be accepted.

### PRIOR YEAR TAX LIABILITIES

Taxpayers who have delinquent state or federal tax liabilities may not receive the full amount of their tax refund. If you have an outstanding state or federal tax lien, your refund will be reduced and applied to your past due liability. If a portion of your refund is captured, you will receive a notice and the balance of the refund. Any final unpaid West Virginia personal income tax liabilities may be referred to the United States Treasury Division in order to recover the balance due from your federal income tax refund.

### IRS INFORMATION EXCHANGE

The West Virginia Tax Division and the Internal Revenue Service share tax information including results of any audits. Differences, other than those allowed under state law, will be identified and may result in the assessment of a negligence penalty. Taxpayers may be subject to further investigation and future audits.

### **INJURED SPOUSE**

You may be considered an injured spouse if you file a joint return and all or part of your refund was, or is expected to be, applied against your spouse's past due child support payments or a prior year tax liability. You must file an injured spouse allocation form (Form WV-8379) to claim your part of the refund if all three of the following apply:

- You are not required to pay the past due amount;
- You received and reported income (such as wages, taxable interest, etc.) on a joint return; and
- You made and reported payments such as West Virginia tax withheld from your wages or estimated tax payments.

If all of the above apply and you want your share of the joint return refund, you must:

- 1. Check the injured spouse box on the front of the return;
- **2.** Complete the West Virginia Injured Spouse Allocation Form, WV-8379; and
- **3. Enclose** the completed form with your West Virginia personal income tax return.

**DO NOT** check the injured spouse box unless you qualify as an injured spouse and have enclosed the completed form with your return. This will cause a delay in the processing of your refund.

# TAX DIVISION PROCESSING AND PROCEDURES

The Tax Division has implemented a modern tax system that allows us to better serve you. This system decreases processing time and allows us to contact taxpayers in a timely manner. If a change has been made to your return, you will first receive a letter from us explaining the change. If there is additional tax due, you will receive a Statement of Account. If you disagree with the balance due, return a copy of the statement with your comments and provide any additional schedules to substantiate your claim. You will receive a statement of account on a monthly basis until your outstanding liability is either paid or your account is settled. If you sent us information and receive a second statement of account, it may be a timing issue. Please allow sufficient time for mailing and processing of the additional information before you contact us again.

### RESIDENTS

Subject to certain limitations, a West Virginia resident may be eligible to claim a credit for income taxes paid to another state. The purpose of this credit is to prevent dual taxation of such income.

Note: Income from "guaranteed payments" shown on a W-2 as wages but taxed as business income on the Ohio income tax return qualifies for the Schedule E credit. See Publication TSD-422 for additional information.

### **PART-YEAR RESIDENTS**

Part-year residents may only claim credit for taxes paid to another state on income earned while a WV resident and reported as taxable income to WV on Schedule A.

### **NONRESIDENTS**

Nonresidents are not entitled to a Schedule E credit under any circumstances.

### **LIMITATIONS**

The amount of a Schedule E credit is subject to the following limitations:

- The credit cannot exceed the amount of tax payable to the other state
  on income also subject to West Virginia tax. This is the amount of
  income tax computed on the nonresident return filed with the other
  state.
- The credit cannot exceed the percentage of the West Virginia tax determined by dividing the portion of the taxpayer's West Virginia income subject to taxation in another state by the total amount of the taxpayer's West Virginia income.
- The credit cannot reduce the West Virginia tax due to an amount less than what would have been due if the income subject to taxation by the other state was excluded from the taxpayer's West Virginia income.

# A separate Schedule E must be completed and attached for each state for which you are claiming a credit.

You must maintain a copy of the other state tax return in your files. This credit is not allowed for income tax imposed by a city, township, borough, or any political subdivision of a state or any other country. Local or municipal fees cannot be claimed. Due to existing reciprocal agreements, West Virginia residents cannot claim the Schedule E credit if the credit claimed is for state income taxes paid on wage and salary or unemployment compensation income earned in Kentucky, Maryland, Ohio, Pennsylvania, or Virginia. However, taxes paid on income derived from sources other than wage and salary or unemployment compensation income is permitted as a Schedule E credit.

### **FORM IT-210 INSTRUCTIONS**

### FORM IS ON PAGES 46 THROUGH 48

# WHO MUST PAY THE UNDERPAYMENT PENALTY?

You may be charged a penalty if you did not have enough West Virginia state income tax withheld from your income or pay enough estimated tax by any of the due dates. This may be true even if you are due a refund when you file your return. The penalty is computed separately for each due date (quarter). You may owe a penalty for an earlier due date (quarter) even if you make large enough payments later to make up the underpayment.

You may owe the penalty if you did not pay at least the smaller of:

- 1. 90% of your 2021 tax liability; or
- 2. 100% of your 2021 tax liability (if you filed a 2020 return that covered a full 12 months).

### **EXCEPTIONS TO THE PENALTY**

You will not have to pay any penalty if either of these exceptions apply:

- 1. You had \$0 tax after credit for 2021 and meet ALL of the following conditions:
  - your 2021 tax return was (or would have been had you been required to file) for a taxable year of twelve months;
  - you were a citizen or resident of the United States throughout the preceding taxable year;
  - your tax liability for 2022 is less than \$5,000.
- 2. The total tax shown on your 2022 return minus the tax you paid through West Virginia withholding is less than \$600. To determine if you meet this exception, complete lines 1 through 5, PART I. If you meet this exception, you do not have to file Form IT-210.

If you file your tax return and pay any tax due on or before February 1, 2023, no fourth quarter penalty is due. Include the tax paid with your return in column (d) of line 2, PART IV; this will result in no penalty due for the January 18, 2023 installment.

### SPECIAL RULES FOR FARMERS

If at least two-thirds of your gross income for 2022 was from farming sources, the following special rules apply:

- 1. You are only required to make one payment for the taxable year (due January 18, 2023).
- 2. The amount of estimated tax required to be paid (line 6) is sixty-six and two-thirds percent (66 <sup>2</sup>/<sub>3</sub>%) instead of ninety percent (90%).
- 3. If you fail to pay your estimated tax by January 18, but you file your return and pay the tax due on or before the first day of March, 2023, no penalty is due.

Mark box 10 in PART I and complete PART III or only column (d) of PART IV to figure your penalty. Be sure to use 0.01908 instead of 0.05194 when calculating line 6 of PART III. When using PART IV, carry the entire figure shown on line 8 of PART I to column (d), line 1.

### WAIVER OF PENALTY

If you are subject to underpayment penalty, all or part of the penalty will be waived if the West Virginia Tax Division determines that:

- 1. The penalty was caused by reason of casualty or disaster;
- 2. The penalty was caused by unusual circumstances which makes imposing the penalty unfair or inequitable.

To request a waiver of the penalty, check the box for line 9 in PART I and enclose a signed statement explaining the reasons you believe the penalty should be waived (see page 49). If you have documentation substantiating your statement, enclose a copy. The Division will notify you if your request for waiver is not approved.

- 2. You paid estimated tax and the payments were made in four equal installments on the due dates.

NOTE: If any of your payments were made earlier than the due date, you may use the short method to calculate your penalty; however, using the short method may cause you to pay a higher penalty (if the payments were only a few days early, the difference is likely to be very small).

You may NOT use the short method if:

- 1. You made any estimated tax payments late; or
- You checked the box on line 11 PART I, or used PART II (Annualized Income Worksheet).

If you can use the short method, complete lines 1 through 5 to compute your total underpayment for the year and lines 6 through 8 to compute your penalty due. If you checked the box for line 10 in PART I, because you are a farmer, the figure to use on line 6 is 0.01908 instead of 0.05194

### LINE 2

Please read the following instructions carefully. Enter the estimated tax payments you made plus any West Virginia income tax withheld from your income.

In column (a), enter all credit carried over from your 2020 return, any withholding earned on or before April 15, 2022, and any estimated tax payments you made on or before April 15, 2022, for the 2022 tax year.

In column (b), enter the withholding earned and estimated payments made after April 15 and on or before June 15, 2022.

In column (c), enter the withholding earned and any estimated payments you made after June 15 and on or before September 15, 2022.

In column (d), enter the withholding earned and estimated payments you made after September 15 and on or before January 18, 2023.

When calculating your payment dates and the amounts to enter on line 2 of each column, apply the following rules:

1. For West Virginia income tax withheld, you are considered to have

- paid one-fourth of these amounts on each payment due date, unless you check the box on line 11 in Part I and show otherwise.
- 2. Include in your estimated tax payments any overpayment from your 2021 West Virginia tax return that you elected to apply to your 2022 estimated tax. If you filed your return by the due date (including extensions), treat the overpayment as a payment made on April 15, 2022.
- 3. If you file your return and pay the tax due on or before February 1, 2023, include the tax you pay with your return in column (d) of line 2. In this case, you will not owe a penalty for the payment due January 18, 2023.

Enter any overpayment from the previous column on line 3.

### LINE 4

Add lines 2 and 3 in each column and enter the result on line 4.

### LINE 5

Add lines 7 and 8 from the previous column and enter the result in each column.

### LINE 6

Subtract line 5 from line 4 in each column and enter the result on line 6. If line 5 is equal to or more than line 4 in any column, enter zero on line 6 in that column.

### LINE 7

Subtract line 4 from line 5 for any column where line 5 is more than line 4; otherwise, enter zero.

### LINE 8

Subtract line 6 from line 1 for any column where line 1 is more than line 6; otherwise, enter zero. If line 8 is zero for all payment periods, you do not owe a penalty. However, if you checked any box in PART I, you must file Form IT-210 with your return.

### LINE 9

Subtract line 1 from line 6 for any column for which line 6 is more than line 1; otherwise, enter zero. Be sure to enter the amount from line 9 on line 3 of the next column.

### SECTION B - COMPUTE YOUR PENALTY

**CAUTION:** Read the following instructions before completing Section B.

Compute the penalty by applying the appropriate rate against each underpayment on line 8. The penalty is computed for the number of days that the underpayment remains unpaid.

The annual rate is seven and three-quarters percent (7.75%) for 2022. The resultant daily rate of 0.000212 is applied to all underpayments.

Use line 10 to compute the number of days the underpayment remains unpaid. Use line 12 to compute the actual penalty amount by applying the daily rate of 0.000212 to the underpayment for the number of days it was unpaid.

Each payment must be applied to the oldest outstanding underpayment. It does not matter if you designate a payment for a later period. For example, if you have an underpayment for September 15 installment period, the payment you make January 18, 2023 will first be applied to pay off the September 15 underpayment; any remaining portion of the payment will be applied to the January 18 installment.

Also, apply the following rules:

1. Show the West Virginia withholding tax attributable to each regular installment due date; do not list the withholding attributable on or after January 1, 2023.

2. Any balance due paid on or before April 18, 2023 with your personal income tax return is considered a payment and should be listed on line 2, column (d). For the payment date, use the date you file your return, or April 18, 2023, whichever is earlier.

### **Chart of Total Days Per Rate Period**

Rate Period	Line 10
(a)	368
(b)	307
(c)	215
(d)	90

For example, if you have an underpayment on line 8, column (a), you would enter 368 in column (a) of line 10.

The following line-by-line instructions apply only to column (a) of Section B. If there is an underpayment shown in any other column on line 8, complete lines 10 and 12 in a similar fashion.

### LINE 10

Enter in column (a) the total number of days from April 15, 2022 to the date of the first payment. If no payments enter 368.

### LINE 11

The daily penalty rate is equal to the annual interest rate applied to tax underpayments divided by 365. The annual interest rate for underpayments is seven and three-quarters percent (7.75%) for 2022, resulting in a daily rate of 0.000212.

### **LINE 12**

Make the computation requested and enter the result. Note that the computation calls for the "underpayment on line 8". The amount to use as the "underpayment" depends on whether or not a payment is listed.

If there is a payment – if the payment is more than the underpayment, apply only an amount equal to the underpayment and apply the remainder to the tax due for the next quarter. If the payment is less than your underpayment, the penalty for the remaining underpayment will require a separate computation. Use a separate sheet of paper to show any additional computations.

If there are no payments – the "underpayment" is the entire amount shown on line 8.

# The following conditions determine if additional computations are needed for Column (a):

The first payment was enough to reduce the underpayment to zero. There are no further computations for column (a).

No payments. Only one computation is needed. The penalty for column (a) is line 8 multiplied by the number of days until April 18, 2023 multiplied by line 11.

The payment did not reduce the underpayment to zero. Compute the penalty on the remaining underpayment on a separate sheet of paper. If additional payments apply, reduce the underpayment for each installment and compute the penalty on the remainder of tax due until paid or April 18, 2023, whichever is earlier.

Enter the total penalty calculation on line 12 and proceed to the next column.

### Columns (b) through (d)

To complete columns (b) through (d), use the same procedures as for column (a). However, apply only those payments in each column which have not been used in a previous column.

### LINE 13

Add all figures from line 12. Enter the sum on line 13 and on the appropriate PENALTY DUE line of your personal income tax return.

#### **INSTRUCTIONS**

Purchaser's Use Tax is a tax on the use of tangible personal property or services in West Virginia where Sales Tax has not been paid. Use Tax applies to the following: internet purchases, magazine subscriptions, mail-order purchases, out-of-state purchases, telephone purchases originating out-of-state, TV shopping networks, and other purchases of taxable items.

For detailed instructions on the Schedule UT, see page 42.

#### SCHEDULE UT INSTRUCTIONS

You owe use tax on the total purchase price of taxable tangible personal property or taxable services (hereinafter called property) that you used, stored, or consumed in West Virginia upon which you have not previously paid West Virginia sales or use tax. The use tax applies to the following: internet purchases, magazine subscriptions, mail-order purchases, out-of-state purchases, telephone purchases originating out-of-state, TV shopping networks and other purchases of taxable items. Schedule UT <u>must</u> be filed with IT-140 if the taxpayer is reporting use tax due.

Examples of reasons you may owe use tax:

- You purchased property without paying sales tax from a seller outside of West Virginia. You would have paid sales tax if you purchased the property from a West Virginia seller.
- You purchased property without paying sales tax for resale (to sell to others) or for a nontaxable use. You then used the property in a taxable manner.
- You purchased property without paying sales tax and later gave the property away free to your customers.

**PART I. STATE USE TAX CALCULATION** (includes purchases or lease of tangible personal property or taxable service made using direct pay permit)

- Line 1 Enter the total dollar amount of all purchases made during the 2022 tax year that are subject to the 6% use tax rate.
- Line 3 Multiply the amount on line 1 by the use tax rate on line 2.

#### PART II. MUNICIPAL USE TAX CALCULATION

You owe municipal use tax on the total purchase price of taxable tangible personal property or taxable services that you used, stored, or consumed in a municipality that has imposed sales and use tax upon which you have not previously paid sales or use tax.

For municipal tax paid in another municipality. West Virginia sales and use tax law provides a credit for sales or use taxes that are properly due and paid to another state or municipality on property or services purchased outside of the State or municipality in which you are located and subsequently stored, used or consumed inside the State or municipality. The credit is allowed against the total of West Virginia state and municipal use taxes imposed on the same property or services purchased in the other state or municipality.

Note: When the combined state and municipal taxes paid to the other state/municipality equals or exceeds the combined West Virginia state and municipal use tax, no entry is required on the West Virginia Purchaser's Use Tax Schedule (Schedule UT) to report the purchase or the credit for tax paid to the other state/municipality on the same purchase. Example: You purchase an item subject to tax in Ohio and pay 7% sales tax (6% state tax and 1% local tax). You live in an area in West Virginia that imposes a 1% municipal use tax with the State rate 6%, for a total 7%. You would not report the purchase on the schedule nor on your Personal Income Tax return since the combined rates are the same in Ohio and the city in West Virginia.

The following example includes a situation a person may encounter with respect to West Virginia state, and municipal sales and use taxes, if they purchase items outside West Virginia or from a different municipality and are required to pay sales or use taxes to the other state and/or municipality. The example provides information on how to use the amount of sales tax paid to the other state as a credit against West Virginia state and municipal use taxes imposed and how to compute and report the West Virginia state and municipal taxes due.

You bring equipment into West Virginia for use in a municipality which imposes municipal sales and use tax. You can determine the West Virginia state and municipal use tax as follows:

USE TAX – STATE	
1. Purchase price	\$10,000.00
2. 6.0% West Virginia State use tax (\$10,000 x .06)	600.00
3. Less 4.0% sales/use tax paid to State B (\$10,000 x .04)	(400.00)
4. Net use tax due to West Virginia	200.00
5. Measure of tax (\$200 ÷ .06 tax rate)	\$ 3,333.34

You should include the \$3,333.34 in Part I, line 1 of the West Virginia Purchaser's Use Tax Schedule.

USE TAX - MUNICIPAL	
1. Purchase price	\$10,000.00
2. 1.0% Municipality A sales/use tax (\$10,000 x .01)	100.00
3. Less .5% sales/use tax paid to Municipality B (\$10,000 x .005)	(50.00)
4. Net use tax due to municipality A	50.00
5. Measure of tax (\$50 ÷ .01 tax rate)	\$ 5,000.00
You should include the \$5,000 in Part II, line appropriate municipality.	4b-7b under

Line 4b - 7b - Enter total purchases subject to the use tax.
